BURNS' MONUMENT UNVEILED

Many Enthusiastic Scotchmen and Their Lady Friends Attended Ceremony in Allan Gardens.

REV. PROF. CLARK'S GRAND EULOGY

Snuff Box Once Owned by Famous Poet Was Exhibited—An Historical Event.

It would seem as if the Dame Nature bestowed in an especial way yesterday afternoon her benevolence upon those who wished to do honor to the memory of the one who so beautifully depicted her in the Scottish dialect—Robert Burns—the pride and boast of every Scotch heart. The day was gloomy and rainy, but when the hour of the unveiling of the statue to the memory of the great bard arrived the rain ceased and the sunshine peered thru the rich foliage in the Allan Gardens upon the multitude who had gathered to participate in the ceremony. The monument is a masterpiece in the extreme. Members of the various Scottish societies accompanied by their lady friends graced the event with their presence, the former wearing the badges of the national society to which they belonged. Upon a temporary platform were seated the invited guests, while to the rear of the monument the 48th Highlanders' Band were placed. The Sons of Scotland were present in large numbers. They marched in procession to the scene led by Minto Camp of Juveniles and the bagpipers.

Some of Those Present. Among those present on the platform were noticed E. B. Oster M.P.; D. R. Wilkie, Rev. W. G. Wallace, Dr. James Bain, T. G. Irving, George W. Grant, James Gunn, W. Banks, E. Strachan Cox, H. M. Mowat, John W. Watson, K. J. Allison, R. Jones, Dr. Kennedy, James Massie, J. Morrison, ex Mayor Head, A. Nairn, W. Macpherson, Capt. Hendrie (Hamilton), Major Robertson, David Boyle, Dr. John Ferguson, A. Fraser, John Kerran (Dundas), Major Stephenson (Montreal), N. L. Steiner, Rev. Armstrong Black, E. Kennedy, president of St. Andrew's Society, William Campbell, William Adamson, John Donaldson, J. M. Ross, Douglas Scott, William Simpson, George Vair and Charles Walker. David Walker, president of the Monument Committee, opened the ceremony with a few remarks, in which he said it afforded him great pleasure to welcome such a large gathering to this, the final function of the Burns monument. He wished to thank those present and also many who were absent for the liberal contributions they gave and which were the means of erecting the monument. He called upon Mr. Morrison to introduce the lady selected to do the unveiling.

Two Kinds of Dentists

Tooth treating and filling is known as operative dentistry. The construction of Artificial Plates, Crown and Bridge work is mechanical dentistry. Few dentists are equally clever in both classes of work. A taste for mechanical work and a great deal of special experience make a good mechanical dentist. Even a little preference for operative branches causes a slighting of the work in the necessary study and effort. We give our patients the best work of expert hands and brains by putting each branch in charge of skillful operators fitted for it by experience and taste.

ALDERMEN SAW THE POINT

J. W. MacDonald, Who Holds a Billiard License, Objects to Competition of Clubs

WHO PAID NOTHING FOR PRIVILEGE

Committee Sends Back Tenders Not Properly Advertised for—Hit With a Bottle.

Hamilton, July 21.—The members of the Markets Committee were waited on this evening by J. W. MacDonald, who runs a pool and billiard room on North James-street. He protested against having another in his neighborhood that paid no license fees. He said he paid over \$100 in fees, while such organizations as the Liberal Club, Conservative Club and Ramblers' Bicycle Club ran tables without cost. The committee decided that Mr. MacDonald had made a point, and referred the matter to the City Solicitor. Chairman Nicholson announced that he had a number of tenders for painting the Market Hall. Ald. Kingston and Baquell asked if they had been advertised for. Mr. Nicholson replied they had not; he had asked certain people to tender. Ald. King and Baquell protested against this way of getting tenders, and on their motion tenders will be advertised for. The old police station at the corner of James and Stuart-streets needs repainting, and the committee decided to expend \$50 on it.

By way of house-warming, City Solicitor MacKinnon invited the members of the committee to partake of lunch in his new office in the City Hall. The aldermen partook. Hit With a Bottle. A man named James Thompson was taken to the General Hospital to-night to have his head dressed. During the row at the Dominion Hotel he was struck on the head with a bottle, it was said. Extension to Vineland. The H. G. & E. Co. has secured from the Lincoln County Council a bylaw, permitting the company to extend its line from Beausoleil to Vineland.
