

Nazareth Street Mission.

With feelings of devout thankfulness to God, your Missionary reviews the work of the Mission for another year.

The regular Sabbath services, the weekly prayer meetings, and the Mission band meetings have been held regularly during the whole year.

The attendance at the Sabbath evening services has been somewhat larger than the preceding year, and the interest manifested is gratifying.

The attendance at the weekly prayer is about the same as usual.

Monthly missionary meetings were held during the year, when addresses were delivered on the various mission fields of the church.

The Mission Band raised about twenty dollars, and it has been allotted to Home Mission work.

About one hundred homes have been visited during the year, and over five hundred visits have been made. Scripture has been read, and prayers offered in the homes when practicable. Tracts and leaflets have also been distributed.

There has been a good deal of sickness in connection with the Mission, and some of a protracted nature. In such cases small prayer meetings have been held in order to comfort and cheer the sick. Death has also been doing its work. Five deaths have occurred, taking away both old and young. Several cases of distress have been relieved, clothing has been distributed, and letters of recommendation have been given to the various charitable institutions whereby food and fuel have been obtained. Children have been looked after and sent to public schools, and thus the work in its several branches goes on.

Two or three letters have been received from young men who have been attending the Mission in past years, but who are now in other places; some of them across the Atlantic. The letters have been very gratifying to me, and no doubt will be to all who are interested in the work of the Mission. One tells of the great good he has received
