The annual tea meeting under the auspices of the First Congregational Church took place last night. It was a success from every standpoint. Tea was served from 6 to 8 o'clock in the schoolroom of the church, and a large n mber partook of the many good things furnished by the ladies. At 8 o'clock the meeting was called to order by Rev. J. W. Pedley, chairman. Among those taking part were Miss Myra Pickard, Miss Eva Roblyn, Miss Sylvia Warren, Miss Shopland, and the choir of the church. Mr. W. A. Bleuthner officiated as accompanist. Addresses were delivered by Rev. J. A. McGillivray, the new pastor of St. James' Presbyterian Church, and Rev. Dr. McKenize, a Congregational minister from England, who is at present on a vicit here. The proceeds will be devoted to the work of the Ladies' Aid. HAVERLY'S MINSTRELS.

After a lapse of many years, the Haverly minstrels appeared at the Grand last evening. The past reputation of this famous minstrel man brought a very lage attendance. Both galleries were crowded, while the lower floor was well filled, few seats being unoccupied. The first part represented a man-ofwar at Manila. The seats and background were tastily decorated with the cent of the old-time minstrel performance, and with Frank Cushman and Billy Rice on the ends the wit and humor is fast. Very few jokes are attempted, but those given are good. The blending of the voices in the choruses is very fine. The second part opened with the Nichols sisters in black-face southern medley, representing the jolly life of the negroes. It was one of the features of the show. Bogert and O'Brien, in their musical skit, are well known to Londoners. It is not their first appearance here, and they seem to be continually improving. Bogert is the fun-maker, and kept the audience in continuous laughter. The finale served to bring out the entire company with an elaborate display of costumes MORE PEOPLE WHO SAW PEG-

SONG RECITAL. A pleasant and interesting hour was enjoyed last evening in Wesley Hall by an audience that overflowed and jammed both auditorium and galleries. Hospital Matters Reach a Satisfactory Stage.

A Proposition Which Meets With the Approval of the City and County Representatives—Terms Provide for Payment of 75 Cents Per Day Per Patient, Regardless of the Cost.

A mutual understanding was arrived at yesterday afternoon between the sub-committee of the county hospital committee and the special hospital building committee of the city council. An agreement was reached, which, it is believed, will be satisfactory to both councils. At any rate, until it is acted upon by the county's entire committee, negotiations are at an end. The committee will be called next week. The terms of the agreement differ from previous propositions chiefly in that they provide for the payment of 75 cents per day per patient, regardless of the The city representatives present were Mayor Wilson (in the chair), Ald. Car-

rothers, Hunt, Wilkey, McPhillips and Jolly, and the county's interests were guarded by Warden Elson, Reeve Gilmour, Councilors Hodgins and Stanley. The last resolution of the council with respect to the matter was read, and the warden asked Mr. Gilmour to explain the county's objection to the resolution. Mr. Gilmour replied that the objection

was to the clause which provided for the termination of the agreement on six months' notice if the cost exceeded 75 cents. He suggested that an agreement as to a definite amount that could stand for at least five years, be arranged. The matter was discussed at some length, and the following propo-

"The county to advance \$15,000 to the city in aid of the hospital building fund at 31/2 per cent per annum, which interest the city agrees to credit to the county account for maintenance of their patients, provided the county have patients enough to exhaust the amount of the same. If not, the difference to be paid to the city. "The building must be completed ac-

cording to present plans and specifications before county money is paid over. "The county to pay for patients for admittance, maintenance and treatment, the sum of 75 cents per day per

"Either party can terminate this agreement at the end of any year after the expiration of five years, by giving six months notice in writing of their intention so to do; and at such or any termination of this agreement the city to give back to the county the sum of \$15,000 and accrued interest, if any. "All other matters of detail to be settled by the respective committees. "If the government grant is with-drawn at any time, the city can ter-

minate the agreement by giving six months' notice.' On motion of Ald. McPhillips the proposition was adopted, Chairman Carrothers voting "Nay."

#### MR. MARTYN'S **EXPLANATION**

Led the Hospital Committee to Change Its Opinion,

And Instruct Chairman Carrothers to

Sign the Certificates-Are Not Particular Where the "Sand" Went. The hospital building committee yes-

terday reconsidered their action concerning Contractors Martyn & Hammett, and decided to "take it back." A statement had been demanded by Chairman Carrothers from Mr. Martyn as to what earth had been removed tyn said he could not give, as he had sub-let the contract. He said also that

he should not be called on to give such a statement. Thereupon the chairman refused to sign any certificates the architects might give Contractors Martyn & Hammett until the statement was forthcoming. Ald. Carrothers' action was upheld by the council, to the inconvenience of the contractors. The special meeting of the committee was held yesterday at Mr. Martyn's request, and as soon as his position was made clear to the committee, the chair-

man was instructed to sign the certificate. Entire satisfaction at Mr. Martyn's action was expressed. Mr. Martyn pointed out that under the specifications he was obliged to remove all superfluous earth and grade the property as ordered by the architect. If this were done it was not the concern of the council or committee where the earth was put or whether it was sold or given away, said Mr. Martyn. A large quantity of earth had been taken away, he said, but none which was fit for grading. In having it carted away he was acting in strict accordance with the specifications, and even if too much earth were removed the percentage of the contract money held back, which amounted to about \$7,500 after the completion of the building, was sufficient to guarantee the proper grading a dozen times over. On motion of Ald. Hunt, the chairman was instructed to sign the certi-

Ald. Carrothers said it was unnecessary to refer the matter to the council, and there and then affixed his signature to the papers.

Architect McBride reported an improvement in the plastering at the hospital. All the members were present but Ald. Greenlees.

An man and woman went into police headquarters yesterday and asked for Superintendent Martin. The man was evidently a farmer. His wife was a little woman about 40 years old, dressed in old, faded garments. Her shouldens were bowed down from hard work The big barn and horse stables of and her face was seamed with

wrinkles. The superintendent sent for Lieut. Breault, of the truant squad. The woman told him, with tears in her eyes and a quaver in her voice, of a once happy home near Sarnia, Ont., of a loving mother, a kind father and an innocent young sister; of a mother's insanity resulting in her removal to an asylum; of the father's mysterious disappearance of the breaking up of Yarmouth, has on exhibition a potato

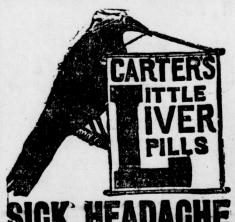

the home circle. She had taken her sister, Grace, to live with her. But the couple were poor, and after a time Grace was sent to live with a grandmother. A wicked woman enticed her to Detroit.

Now they, husband and wife, had

spent their hard-earned money to come to Detroit to look for Grace, and they must go back to Sarnia soon, for their funds were almost exhausted. Lieut. Breault found the address of the girl. Then the trio, led by the big lieutenant, found 15-year-old Grace. The elder sister pleaded with her to come back to her friends, and finally succeeded in taking Grace away, just in time to catch the afternoon boat.
