## NO MEDAL AWARDS TO LEADING PUPILS IN THE ENTRANCE EXAMS

The announcement of the results the entrance examinations this year will not contain the names of medalists as has been the case in recent years. This is due to the fact that inder the new system of passing entrance pupils the annual competition trance pupils the annual competition which brought rewards to the highest pupils, are a thing of the past.

Under the system in vogue this year the best pupils were passed on the recommendation of their principal without the necessity of writing the examinations. Pupils that they were doubtful of, however, were allowed to write the examinations. Therefore the results of the examinations will not show the pupils who stand highest in the city.

A large number of fine annual awards thus goes by the board. Inspector C. B. Edwards expects to be able to announce the result of the examinations in a few days.
