MOTORISTS OF CITY LAX IN SIGNALLING, POLICEMEN STATE

Compare Them Unfavorably With Americans.

IS MATTER OF COURTESY

Not Enforced by Law Here As in the United States.

Traffic police report laxity displayed by local motor car drivers in signalling directions at street crossings, and the contrasting clearness of signals which they receive from American tourists who pass through this city.

Almost every phase of motor car traffic is dealt with in the amended regulations of the Ontario motor vehicles act copies of which were received by the police today, and become fully effective on Monday, with the exception of rules for signals from motor cars to traffic policeman.

Regulations requiring safety signals from motor cars for the warning of other motorists in the rear are also lacking, the police note.

Drivers' hand signals in Ontario are a matter of courtesy and are not encounted the laws that are in the United niatter of courtesy and are not en-orced by law as they are in the United

forced by law as they are in the States, police say.

Under the amended act, regulating motor cars, police call the attention of motorists to the increased penalty for reckless driving, whereby persons convicted of this offence are liable to a fine not exceeding \$56 or one week's imprisonment, or both; for second offences, fine not exceeding \$100 or six months imprisonment.

Every motor vehicle must be equipped with a noise muffler, and no contrivance for releasing the muffler shall be attached to the vehicle.

Commercial motor vehicles after Monday must be equipped with mirror, placed so that the driver may have a clear view of the roadway in the rear

ST. CLEMENTS. Aug. 26.-The all oo numerous commissions and the more than enough officialdom of the Borden administration came in for some hard knocks at a record-smashing meeting of United Farmers of North Waterloo held here tonight. It was unanimously decided to put a candidate in the field here.

That there were too many clerks hanging around the office of the department of agriculture was the opinion of W. L. Smith, editor of the Farmers' Sun, who, while admitting that the department had been of benefit to the farmers, stated that the superfluous clerks were drawing their salary and doing nothing but looking, out of the windows and gossiping.

ACIDS IN STOMACH CAUSE INDIGESTION

To Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas bloating, nausea, etc., are due to an excess of hydrochioric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas no pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Advt.

Goodman instituted the action, and accused his wife of cruelty. She then filed a cross-complaint, in which she included some charges of her own, in which she alleged she was caused mental suffering.

Most of the troubles of the Goodmans appeared to be over domestic finances. Once when a woman friend came to the house and suggested going to a theatre, Mrs. Goodman said she showed her friends some holes in an apron she was wearing, and said:

"Look at the holes in this apron. It has been nine months since my husband has given me a dollar."

At this, she said, her husband retorted: torted: "Yes, and it will be 'never' before
