PUBLICITY FRIGHTENED MAN WHO STOLE CHILD

Read of His Crime in the Newspapers, Then Gave Girl a Ticket and Told Her to Go Home.

CHICAGO, Aug. 1.—Veronica Cassidy, a 12-year-old girl, whose abduction last Thursday caused unusual police activity, returned home this evening from Cincinnati, whither she had been taken by her alleged abductor, F. J. Blair.

She told her parents that Blair had placed her aboard a train immediately after leading her away from home, and that they had been in a rooming house in the Ohio city, until this morning, when the man, gave her a ticket to Chicago and told her to go home.

Blair, it is alleged, enticed Veronica from her home by a newspaper advertisement "to be a companion of his wife."

A search of the room which Blair had occupied revealed several letters tending to show that he had been a contractor or builder, at Moyie, British Columbia. The papers proved also that Blair had been in that town as late as July 22. The girl said that, after Blair had read the newspapers on the morning after their arrival in Cincinnati, he became nervous and appeared worried. The police believe the publicity given the case caused the man to send her away.

Passed for His Niece. On her return home the girl said to her relatives: "I had a perfectly lovely time. Mr. Blair said that he had to

hurry to see his sick wife, and he sent me home."

"Mr. Blair was awful nice to me," she said. "He brought me candy, took me to the park to see the animals, and bought me a new dress, a prize and three handkerchiefs. We went to the Polk-street station right after we left home Thursday, and he bought two tickets to Cincinnati. When we got there we went to an hotel and he told the clerk that I was his niece. I heard him say this, but I did not say anything. After breakfast on Friday, he read to me, told me stories and then took me to the park. I saw in one of the papers how I had been kidnapped, and asked Mr. Blair if he was going to take me home. He said that he would send me back to Chicago in the morning. Then he kissed me and I became frightened when he hurt me and cried. This frightened him and I did not see him again until late this morning. He bought me a checkered dress and some other things and then took me to the train."

Were Noticed by Guests.

CINCINNATI, Aug. 1.—Frank Blair and niece, is the manner in which a man and girl about 12 years registered at a rooming house at Fifth and Bay Mills-streets, last Thursday. The man asked for two separate rooms. The two remained until Saturday morning. Guests in the house noticed that the girl's eyes appeared heavy and gave the appearance of having spent much time crying. When asked what was the trouble the girl said that she was homesick and the two immediately left the house.

Kingston Excursion.

The Kingston Old Boys' Excursion on Saturday afternoon next will undoubtedly be largely attended, judging from the numerous enquiries received, many from outside places, but ample accommodation for all will be provided. That the trip may not be tedious, very few stops will be made. Tickets may be purchased from the G.T.R., or at the station.

TORONTO COUPLE CLUNG TO UPSET BOAT ALL NIGHT

Mr. and Mrs. Gaspin Have Thrilling Experience Near Port Dalhousie.

ST. CATHARINES, Aug. 1.—(Special)—A thrilling experience was that of Mr. and Mrs. Gaspin, residents of Toronto, who spent Friday night battling with waves and wind on Lake Ontario. In the afternoon they left Jordan Beach in a two-masted thirty-foot sail boat with the intention of cruising to Port Dalhousie. Before the destination was reached, however, a violent wind suddenly arose, and it was impossible to make the harbor. The boat, confined before the wind down the lake in an easterly direction and the occupants had recourse to the anchor, which, however, snapped from the chain, and the boat was practically left to the mercy of the waves and winds.

Eventually it turned topsy turvy, but the man and woman, who dressed to the skin, hung on to the overturned boat, which tossed about all night. In the early morning the boat was washed ashore near McCallas Grove, and with much difficulty the man and woman made their way to the summer house.

William Wilson of Merriton, with his wife, did everything for the shipwrecked ones, giving them nourishment and warm clothes. To-day Mr. and Mrs. Gaspin did not appear to have suffered any serious results.

FLAT CAR RUNS WILD.

Motorman on Niagara Central Saves Load of Passengers.

ST. CATHARINES, Aug. 1.—(Special)—An unusual and exciting trolley accident occurred yesterday afternoon at Thorold. While the car bound for Niagara Falls, filled with passengers, stood at the station awaiting orders, the motorman, Tom Clark, saw a flatcar rushing across the trestle on the down grade and evidently beyond control of the one man aboard. Clark quickly sent his car back towards Merriton, with the wild flat car quickly following, and it was followed in turn by an engine which caught it some distance below the station.

AMALGAMATION OF UNIONS. Lithographic Trades May Now Get Together.

NEW YORK, Aug. 2.—Preparations are being made by the various branches of the lithographic trade for the amalgamation of the unions in these branches into one central body, so as to act in unison in case of any emergency. A convention of representatives of the different branches will begin Monday in Buffalo for that purpose. Delegates from the local branches will be at the convention.

The new central body, it is planned, will take in the national unions of the pressmen, transferers and proofers and feeders, artists, and lithographic stone preparers. No strike movement is contemplated now, but an agitation will be started against the alleged bringing of uncut lithographs from Europe as "unfinished work" on which there is only a nominal duty.

It is asserted by the lithographers that this foreign work throws a great many of the American lithographers into idleness.

INCREASED FREIGHT RATES WOULD BE FATAL

Japanese in Porcelain Trade Will Be Compelled to Abandon Shipments if Rates Go Up.

VANCOUVER, B. C., Aug. 2.—News was brought by the steamer Oanfa, which reached port to-day from Japan, that Japanese shippers, particularly those engaged in the porcelain and curio trade, will be obliged to abandon shipments by the direct steamers to the United States, if rates are increased in consequence of the ruling of the Inter-States Commerce Commission to be enforced Nov. 1.

The Japan Mail says strenuous exertions have been made by the Nippon Yusen Kaisha and others to induce the American railway companies to reconsider the proposed changes and assurances have been telegraphed from Chicago by the railway control bureau, that every effort will be made to arrange a satisfactory freight schedule.

It is pointed out that any increased rate, such as contemplated, would be fatal to the trade and the Suez route would have to be chosen instead of the trans-Pacific steamers.
