## LANDSLIDE TIES UP GERMAN RAILROAD SERVICE

A landslide along the railroad between Berlin and Frankfurt, Germany, completely tied up service between those points for two days. An entire section of the track extending nearly a quarter of a mile slid down to another section of the rails, tying up traffic in both directions. Above is a view of the landslide.

## Col. Arthurs Revives Wood Embargo Issue

OTTAWA, Jan. 27.—The question of an embargo or an export duty on pulpwood shipped from Canada is revived in a written question which Colonel James Arthurs, Conservative for Peary Sound, has placed on the order paper.

He asks for a copy of all the correspondence which the government has had on this subject with any person since Jan. 1, 1921.

THE REVERSING FALLS  
To The Editor of the Times-Star:

Sir:—We are wont, frequently, to exclaim and direct the attention of visitors and others, to the, indeed, marvelous phenomenon of the reversing falls at the mouth of the Saint John River, but it seems to the writer that we very much overlook the wonderful blessing this contrivance at the mouth of our river becomes, when we consider the alternative conditions which would obtain on the Saint John river and tributaries to the head of tide water, but for the check which is offered by this barrier, against twenty-seven feet of harbor tide on the side of the river.

Most of us are familiar with the tidal conditions of, say, the Petitcodiac and Memramook rivers, with their almost total lack of navigability, except for a sudden rush of a very few hours, just at, or near, high tide, and over the business carried on in Saint John by Nathan T. King as Maritime Clothing Manufacturing company, and to carry on a general business in clothing manufacturing. Those who are familiar with the Saint John river, Kennebecasis river, etc., almost impossible. Comparing the condition with the approximately eighteen inch tide of the Saint John and Kennebecasis, the clean and comparatively still water, the fixed and beautiful meadows and absence of mud flats, the safety and ease of navigation for even the smallest craft or canoes, which makes this in the world.

But very much more amazing would be the change in the appearance of the mouth of our river, by some miracle, should be changed to the form of gradually widening estuary as is the general rule of rivers. For instance, though for their crops of hay and black ducks, would be most unsightly and practically useless mud flats. Low water, such as Grassy Island, Long, Spoon, Upper and Lower Musquash, etc., etc., would be merely muddy sand bars and almost entirely devoid of vegetation, as would also be hundreds of acres of the famous Hamstead Meadows.

What a change in the condition and appearance of our beautiful river from its mouth, until, with gradually lessening effect it reaches the now famous salmon fishing ground at Hart's Pond, five miles above Fredericton.

Think it over, and when discussing with pride our river and falls also be thankful.

GEO. J. BARRETT.

EAST SAINT JOHN POSTAGE  
To The Editor of the Times-Star:

Sir:—Will you be good enough to publish the letter I have written to the city of East Saint John in three cents. Many lose sight of this fact when mailing letters addressed to parties here, and consequently the addressee is called upon to pay the tax, double the amount of the short postage. Often times the letter is refused, and has to be returned to the sender, or sent to the dead letter office.

If East Saint John ever amalgamates with the city, no doubt we shall enjoy the city's postage rates, and have our mail delivered by letter carriers.

Yours very truly,  
RUPERT TAYLOR,  
Postmaster.  
East Saint John, Jan. 23, 1926.

ROTHESAY PARISH

Fairweather, Frederick Pierce, Richard Starr and C. H. Brock; lay representatives to the synod, C. H. Brock, H. F. Puddington, and James E. Arthurs; substitutes, John Davidson, Lt.-Col. B. R. Armstrong, W. R. Matthews; auditors, P. F. Hinchett, and vestry clerk, Alton Flewelling.

## CONFERENCE HEADS ASK NO AMENDMENT

Declare Reopening Church Union Question Might Foster Ill-Feeling

SACKVILLE, N. B., Jan. 27.—The executive of the Maritime Conference of the United Church of Canada, at a meeting here yesterday, went on record as being opposed to the proposed amendment to the United Church of Canada Act, to be introduced at the forthcoming session of the New Brunswick Legislature.

The meeting was called for the purpose of setting a date for the next meeting of the Maritime Conference, which, according to the decision reached, will be held from Aug. 31 to Sept. 3 next at Sackville. Rev. Clarence MacKinnon, D. D., president, was in the chair. It was reported that the Maritime Conference had thus far subscribed \$388,978 towards its objective of \$500,000 for the maintenance and extension fund.

The resolution regarding the proposed amendment to the Union Act was as follows:

"The executive of the Maritime Conference of the United Church of Canada, taking cognizance of an announcement that an amendment to the United Church of Canada Act in New Brunswick would be asked for at the ensuing session, would put itself on record as being opposed to having the questions involved reopened by the Legislature of the province, inasmuch as it would tend to continue the ill-feeling that has already been stirred up by this controversy."

SMOKER IS ENJOYED  
Members of St. Peter's Holy Name Have Good Time

A large number of the members of the Holy Name Society of St. Peter's parish and their friends attended the sixth of the weekly smokers held last night in the society's rooms in Douglas avenue, and every one greatly enjoyed the program of vocal and instrumental numbers and boxing contests.

The smokers will be held each Wednesday evening throughout the winter and are open to all the members and their friends. The weekly gatherings are proving very popular.

## Neglected Coughs

Often lead to serious trouble—Are quickly relieved by Dr. Chase's Syrup of Linseed and Turpentine.

Many people regard a cold as a simple incident. But Coughs and Colds when neglected lead on to pneumonia and consumption—the most dreaded diseases common to this Northern Hemisphere. Dr. Chase's Syrup of Linseed and Turpentine is well known as a most effective treatment for coughs, colds, bronchitis, croup and asthma. For many years it has held its place in the homes of Canada as absolutely dependable and was never so popular as it is today.

Composed of simple and yet powerfully effective ingredients it is suitable for children and adults alike and is found constantly in the homes for use in case of emergency. Prompt treatment is half the battle when fighting colds.

REGAINING HEALTH AFTER SICKNESS

Getting Well Means Gaining Strength—A Whole-some Tonic.

The getting-well stage of grip, pneumonia or other illness is the most dangerous of all because the body is weakened by the disease, is wide open to attacks of other lurking germs.

That is why all the germs of the body must be kept in their best working order, not only to drive out the poison left by the disease, but that the patient shall regain strength as soon as possible to avoid further attacks resulting from the poisons in the system.

As a means toward good health after any illness Father John's Medicine builds up the body because it is all pure wholesome nourishment, being a preparation of the purest cod liver oil scientifically blended with other valuable ingredients by specially designed apparatus. Father John's Medicine has had seventy years' success for colds and throat troubles, coughs and sore throats, and as a tonic and body builder.

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean, by flushing them with a mild, harmless saline which acts to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 gallons of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much, also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous saline is made from the acid of grapes and lemon juice, combined with lithia and has been used for years to help clean and stimulate the kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus relieving bladder weakness.

Jad Salts is non-toxic; can not injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking and no doubt you will wonder what became of your kidney trouble and backache. Ask your druggist for Jad Salts today.

Run-down after Birth of Baby

Ottawa Woman Made Strong by Taking Lydia E. Pinkham's Vegetable Compound

Ottawa, Ontario.—"I was terribly run-down after the birth of my third baby. I had awful bearing-down pains, and was afraid I had serious trouble. I was tired all the time and had no appetite. My sister-in-law is taking Lydia E. Pinkham's Vegetable Compound and cannot praise it too highly for colds and throat troubles, coughs and sore throats, and as a tonic and body builder."

Terrible Backache  
Hamilton, Ont.—"After my baby was born I had terrible backache and headaches. I could not do my work and felt tired from the first minute I got up. But worst of all were the pains in my sides when I moved about. I had to sit or lie down for a while afterwards. I could keep my house in order, but many things had to go on for done at the time, because of my ailments. I was told by a neighbor to take Lydia E. Pinkham's Vegetable Compound, as she said it would build me up. I was relieved before I had taken the first one and have not had any trouble like it since."

Mrs. T. MARKLE, 115 Ferguson Avenue South, Hamilton, Ontario.
