Three Others are Injured—Both Motor Cars are Badly Damaged.

St. Stephen, July 20.—Three persons were almost instantly killed and three more were injured in an automobile accident at Bog Brook, on the Calais-Eastport road, Sunday afternoon. A sedan driven by James Sullivan, of Lubec, Me., crashed into a touring car driven by Bert Spinnely, of Calais. The sedan was badly damaged.

The injured are: Vernon Powell, Calais, aged 18; cuts about head and face. Thomas Hinds, aged 13; cuts about head and face. James Sullivan, Lubec; multiple injuries.

The car driven by James Sullivan, the sole occupant, was coming from Lubec towards Calais at a rate reported to be between 50 and 60 miles per hour when it crashed into the automobile driven by Bert Spinnely and occupied by four others, traveling in the opposite direction. The big car is a total wreck. The other was towed to Calais.

The injured are in the Calais Hospital and are expected to remain in the Calais undertaking rooms.

Injured in Collision. When near Oak Bay this evening on the road to St. Andrews from St. Stephen, three young men in a motor car were in collision with a touring car. The latter was smashed to tatters, but the driver and horse were uninjured. Not so fortunate were the occupants of the car, which was owned and driven by Herbert McCracken, who had with him Frank O'Halloran and William Britt, of St. Andrews-by-the-Sea. The car turned completely around and then turned upside down. It pinned O'Halloran underneath and was removed only when help came from passing motorists. The car was hurried to the Chipman Memorial Hospital, where it was found that he had severe injuries to his head, shoulders and back, as well as bruises on many parts of his body. McCracken, owner of the car, was taken home to St. Andrews. He had a broken collar bone. Britt escaped. The car is now in St. Stephen in a garage for repairs.

PRINTERS ENJOY PICNIC ON RIVER

Typos' Annual Outing at Crystal Beach is Great Success.

A happy crowd of 200 men, women and children left on the steamer Majestic for Crystal Beach on Saturday afternoon to attend the annual picnic of the St. John Typographical Union, No. 85. The printers from all the newspaper and job printing establishments in the city with their families and friends were on hand for the day's sport.

After a splendid sail on the "Rhine of America," the picnickers arrived at Crystal Beach and the day's sports began. Two closely contested baseball games were played, in the first of which the single printers defeated the married men by a score of 7 to 5, while in the second contest the bandmen trimmed the printers by the score of 2 to 0.

An excellent programme was furnished by the band during the afternoon and early evening and dancing was enjoyed by many of the happy throng. Every arrangement and detail had been arranged by the committee in charge and everything passed off like clock-work without a single hitch or accident to mar the day's enjoyment. Every moment of the time appeared to be thoroughly enjoyed by the crowd and the picnic was voted one of the best that the printers have ever held.

The printers were delighted with the co-operation which J. Palmer, the owner of the grounds, showed them in helping to make the affair a success. They also were grateful to D. J. Purdy for giving them the freedom of his new steamer, D. J. Purdy II, on the return trip and for personally showing them over this motorship.

The showers which drenched this city and the surrounding district practically missed Crystal Beach as only a few clouds were seen there and these really only dampened the ground enough to keep down the dust.

The programme of sports was lengthy. There were many contestants for each event and all were closely contested. The following are the results:

Visitor From Indiana Says Country and Scenery Magnificent.

"A magnificent country" were the words used by Charles E. McKee, of Terre Haute, Indiana, to express his opinion of New Brunswick. He and his wife have traveled almost 2,200 miles from their home down on the Mississippi to St. John. The last day of all those ten of traveling was the most enjoyable.

No kith or kin drew them to the Maritimes, and yet they came, for the fame of the scenery of these provinces had penetrated to the south, and they came to investigate for themselves the wondrous tales they had been told.

New Brunswick had lived up to its reputation, Mr. McKee said. After spending a short time in St. John Mr. and Mrs. McKee will visit the principal points of interest in Nova Scotia and, returning to St. John, will leave for their home via Houlton, Me.

INVENTORS ARE STILL IN THE CORSET FIELD.

New York, July 21.—(United Press)—When Paris shops declared recently that they no longer will sell corsets, the belief was heralded far and wide as signaling the doom of stays for the American woman.

For a long time among the unimproving impression of the corset, the fact that corsets are nearing extinction, and that women never again will use stays. However, Mann & Co., patent and trade mark attorneys, have this to say:

"The number of patents granted in any field of endeavor is an unfailing index of the degree of promise in that field. It is a better index than the opinion of a fashion expert in Paris. The fact that inventions in corsets are on the increase is a good omen that the use of corsets will be on the increase."

"The first six months of this year there have been ten patents granted for inventions of corsets. Last year only ten patents for corsets were granted in the whole year; only seven in 1922 and only four in 1921."

"Related articles show a similar tendency. In the first six months of this year patents have been granted on four brassieres. Four were granted on brassieres in the whole of 1923, ten in 1922 and eight in 1921."

The Carmarthen street Methodist church Sunday school held a successful picnic at Anthony's Cove on Saturday and had a larger crowd than on any previous occasion of the kind. The committee in charge were Mrs. Childhouse, Miss Margaret Marshall, Miss Bessie Tyner, Mr. and Mrs. George Calhoun, Miss Stella Earle and Miss Alma Roberts. Mrs. Charles Hutchings sold ice cream. Rev. E. E. Styles, a recent pastor of the church, was present and the new minister, Rev. A. D. McLeod, was heartily welcomed. Games and races were participated in by young and old. The young ladies of the church played a spectacular baseball game. No score was reported. Tea was served on the grounds. The people were conveyed in cars and several trucks. There were many who sought shelter in the various cottages near the grounds when the heavy rain fell, but the ground dried quickly and the merriment kept up with great enjoyment for all.
