

## WOMEN'S COUNCIL

Much Business Transacted at Meeting Yesterday Afternoon.

Matters left over from the annual meeting were dealt with at yesterday's meeting of the Local Council of Women. Reports of the tag day were received. The council decided to co-operate with the Red Cross in connection with the recreation hut for the Lancaster hospital. Miss Alice Estey reported contributions to the milk fund. The hut furnishing committee appointed consists of Miss Grace Leavitt, Mrs. E. A. Young, Mrs. G. W. Campbell, Mrs. F. B. Holman and Mrs. J. Goldman.

A tribute was paid to the work of Mrs. M. Bohan on behalf of the council and there was a unanimous expression of regret at her departure from the city. Reports left over from the annual meeting were read as follows: Standing committees, S. O. S., Mrs. A. J. Mulcahy, convener; equal moral standards, Mrs. J. S. Flagg, convener; affiliated societies, New Brunswick graduates, Mrs. Margaret Murdoch, president.

The conveners of standing committees were appointed as follows: Laws for better protection of women and children, Mrs. T. J. Coughlan; care of the mentally deficient, Mrs. David McLellan; citizenship, Mrs. H. H. Pickett; national recreation, Mrs. W. C. Good; immigration, Mrs. Harold Lawrence; equal moral standards, Mrs. J. S. Flagg; public health, Mrs. R. J. Hooper; professions and employments for women, Mrs. E. A. Young; advertising possibly may be dropped; conservation of natural resources, Miss A. Tingley; finance and ways and means, Mrs. J. H. Frink; fine arts, Mrs. Fred Goodspeed; child welfare, Mrs. J. Willard Smith; peace and arbitration, Mrs. W. F. Hatheway; household economics, Mrs. A. W. Estey; press, Miss Alice Flawther; Miss K. Broad and A. H. Case; suppression of objectionable printed matter, Mrs. James L. McAvity; agriculture, Mrs. H. B. Peck; education, Mrs. W. E. Raymond; nursing, Miss Brophy and Miss M. Murdoch; S. O. S., Mrs. A. J. Mulcahy; fountain, Mrs. W. F. B. Peterson; jail and boys' industrial home, Mrs. J. D. Sealy; vigilance, Mrs. Grace W. Leavitt; taxation, Mrs. Louis Green; censoring of motion pictures, Mrs. A. C. D. Wilson.

## Found Them Best She Had Ever Used

WHAT MRS. PARLEE SAYS OF DODD'S KIDNEY PILLS.

Sussex, N. B., Woman Who Suffered From Many Forms of Kidney Trouble Sings the Praises of Dodd's Kidney Pills.

Sussex, N. B., April 28—(Special)—Mrs. L. Parlee, who lives on Broad street here, is another of that great army of Canadian women who are always ready to say a good word for Dodd's Kidney Pills. Every one of them has a reason.

"I have found Dodd's Kidney Pills of good value to me," Mrs. Parlee states. "I had typhoid and it left me with milk leg. I suffered also from cramps in the muscles, backache, headache and heart flutterings. My sleep was broken and unrefreshing. I was always tired and nervous and I had dark circles under my eyes."

"I took two boxes of Dodd's Kidney Pills and they have done me a lot of good. I have found Dodd's Kidney Pills the best I ever used."

Mrs. Parlee's troubles came from the kidneys. Ask your neighbors if Dodd's Kidney Pills are not the most reliable of all kidney remedies.

## PILING INQUIRY AT THE CITY HALL

At the investigation held yesterday afternoon by the city council into allegations that certain of the piling being driven in the east side approach to the ferry slip were not according to specifications, contradictory evidence was given regarding the size of the piles. It was decided to await a report from city officials on the matter before any further action is taken.

Arthur Likely, representing Joseph A. Likely, Ltd., the firm that made the charges resulting in the investigation, told of measuring the piles and finding them too small. He thought that the city engineer would take action so said nothing of the matter at the time. He found the piles short in length and also small in size. There were twenty-six piles in the slip and some were ten to fifteen feet too short.

On a second visit to the slip he took a lumber surveyor with him and produced the latter's sworn statement. There were fifteen piles there at this time. The specifications called for a diameter of eighteen inches at the butt. There was one measuring thirteen inches; eight, 14 inches; five, 15 inches, and one, 16 inches. Nine were ten inches at the middle; three, 11 inches, and three, 12 inches. The specifications called for 13 inches. Four at the top measured four inches, seven, 7 inches, and four were all right at eight inches. The lengths were: One, 48 feet; one, 40 feet; three, 30 feet; one, 22 feet, and nine, 25 feet. The specifications called for fifteen feet penetration into the ground and from the mud to the top if the piles were from forty-seven to fifty feet, therefore the piles would have to be at least sixty-two feet in length.

Of nine piles already driven, three were six inches at the top; two, 6 1/2 inches; and four, 7 inches, and were ten to eleven inches at the middle instead of from thirteen to fourteen inches.

In reply to the mayor, James Newlands, the city inspector on the job, said that according to his measurements none of the piles were under seven inches at the top. He denied that any of the piles were from two to four inches under size.

Mr. Likely said that he could have supplied the smaller piles at from \$3,000 to \$4,000 less than what the city had paid.

Mr. Newlands said that some of the piles had been driven without his knowledge. They were driven at night and he was not notified. This had happened only once.

Thomas Stephen, the contractor, said that he was trying to carry out the specifications and would remove any piles

## AVERT OPERATIONS FOR APPENDICITIS—INTERNAL BATHS

Hundreds of surgical operations for appendicitis have been avoided by the timely employment of the J. B. L. Cascade. Most troubles arise from the accumulation of waste in the colon, or lower intestine, from which poisons spread.

Cleansing of the intestinal tract with pure warm water, applied with the J. B. L. Cascade, removes the causes of a large number of common ailments—constipation, indigestion, headache, loss of energy and rheumatism.

Mr. James McLaughlin, 91 Evanston street, Winnipeg, writes: "I bought a J. B. L. Cascade for the cure of a bad case of appendicitis. My doctors told me I must have an operation at once. I had spent more than fifty dollars in doctors' bills, but the Cascade completely removed in a few days every trace of soreness and pain. I eat and sleep well now, and have regained my former weight, and am now in perfect health."

The J. B. L. Cascade is being shown at E. Clinton Brown's, druggist, Union and Waterloo streets; F. E. Munro's, 287 Main street, St. John, N. B., who will gladly explain to you its simple operation, tell you why it is so certain in its results and give you free an interesting booklet by Dr. Charles A. Tyrrell, who was a Specialist on Intestinal Complaints for 25 years. Ask for booklet or write Dr. Tyrrell's Hygienic Institute, 168 College street, Toronto.

that had been driven that were under specifications.

Thomas Bell, who had sold the piles to Stephen, said that his specifications were eighteen to twenty inches at the butt and eight inches at the top, and he had ordered them that size. The length was from fifty-five feet to sixty-five feet. When he learned the piles were being objected to he told Stephen not to accept any small ones. Mr. Bell produced his invoices showing that he had ordered piles eighteen to twenty inches at the butt and eight inches at the top. He said that he did not want one pile passed that was not up to specifications. Mr. Likely said that in regard to the piles falling down, the depth required from the top of the pile to the surface of the mud was the same length as some of the piles, therefore the piles could not be further in the mud than a couple of feet. He would say that some could not possibly be more than two feet in the mud. He based this statement on the length of the piles before being driven.

Mr. Newlands said that this was not the case. The shallowest one was driven at least seven feet.

Mr. Stephen said that all had been driven seven to ten feet, and some fifteen feet. The old butts in the ground prevented the driving of all fifteen feet.

It was decided that a report should be made on the piles already driven. When such a report is ready another meeting of the council will then be called to deal further with the matter.

## CO-OPERATION IN CANADA URGED

(Canadian Press Despatch)

Montreal, April 28—Co-operation was the note sounded by the speakers who addressed the gathering which met at a banquet to celebrate the one hundredth anniversary of the organization in April, 1822, of the Montreal Board of Trade. His excellency the governor-general rounded this note when he declared: "I like being idealistic. I don't think there is any harm in it," and he concluded a spirited speech by appealing to labor and capital to get together, to employer and employee to get together, to east and west to get together.

E. W. Beatty, president of the Canadian Pacific Railway, asserted that he was not a believer in state socialism and declared it could not take the place of individual effort. He urged the need of immigration, both of capital and men, into Canada.

Hon. W. L. Mackenzie King prime minister of Canada, added to the pleas for harmony and co-operation, and drew attention to the parallel of the hundred years' peace between the States and Canada.

## APPEAL TO SUPREME COURT "CONSCIENCE"

Defeated Litigant Wants Reasons for Decision Favorable to Dry Amendment.

Washington, April 28.—An appeal to the "conscience" of the supreme court is made in a brief filed by Robert A. Widemann, an unsuccessful litigant. Asserting that the people are "entitled to be fully informed as to what, if any, are the limitations upon the delegated authority of their legislative servants in proposing and ratifying amendments to the constitution," the brief respectfully points out to the court that, until it delivers such an opinion, "it will not fulfil either its functions or its duty as a body of judicial servants of the people."

Widemann sought to have set aside an unconstitutional prohibition amendment, and his case was dismissed, without opinion, on the authority of cases previously decided and which were cited.

Insisting that he is entitled to a decision by the court stating its reason, Widemann declares that unless he obtains it "the servants of the people have

## Best Cough Mixture Is Home Made

Acts With Speed—Loosens the Phlegm—Stops the Irritation and Coughing Cases.

Fine for Chest Colds Too and Is Cheaply Made at Home.

When you can make, in two minutes, a world beating remedy that acts directly on the membrane and often overnight causes stubborn coughs and even hard chest colds to disappear, why trifle with things that will probably disappoint?

Hawking and snuffing and also soreness of the mucous membrane go and you will feel fine in almost no time.

Just get one ounce of Parmit (double strength) add to it a little sugar and enough hot water to make a half pint and you've got an inexpensive remedy better than you can buy ready mixed.

Its soothing, healing action on the membrane is the reason so many people use it for Catarrh and acute nasal colds.

## Sweet & Cool From the Start

Kola

"An old friend from the start"

All shapes and sizes at all good tobacconists.

Price Plain or Crusted ONE DOLLAR

A Kola pipe doesn't need to be "broken in." Its beautiful rich and mellow "Kola" color, coupled with the sterling wearing quality of its selected briar root bowl makes the Kola the choice of particular pipe smokers. It's the Kola Process that does it.

become the people's masters, for they can exercise any power they choose and not account to the people."

## PRESIDES BY RADIO.

Edison Official Calls Meetings to Order by Wireless.

(New York Times)

For the first time in history, two meetings of electrical men were called to order yesterday by telephone. Walter Neumuller, Secretary of the New York Edison Company, at the broadcasting station of the Western Electric Company, West street, New York, talked before members of the New York Elec-

trical League at the Hotel Astor and the Hell Gate Station of the United Electric Light and Power Company.

He called the meetings to order at noon and after a short opening address introduced several opera stars, who rendered selections over the radio. Mr. Neumuller then went to the Astor to

## PILES

Do not suffer another day with itching, bleeding, protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit.
