## BOYS!

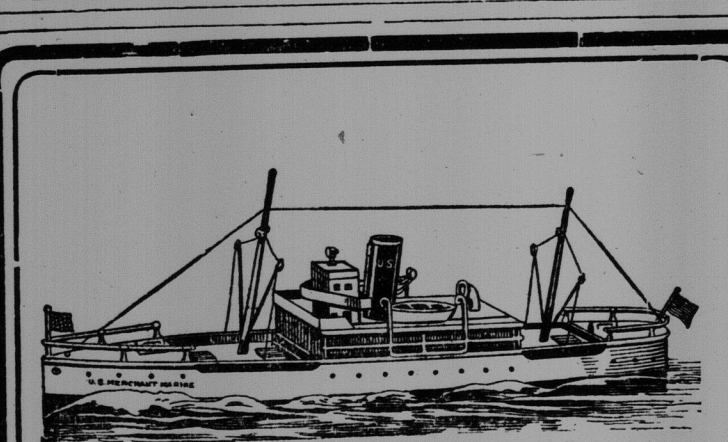

The next suit you have coming to you, tell your mother or dad that you want a Turner suit. Your pal probably gets his there—that's why he's so well dressed. Turner suits are made for "real regular fellows" like you. They are built to let you feel free in them. You can't beat them for wear, style or fit. And what will appeal to your folks more than anything else is that the Turner Boys' Suits cost LESS than you pay for the ordinary kind.

What do you say

## LOCAL NEWS

### BOYS LEAD AGAIN.

There were thirty-five births here during the week, made up of twenty boys and fifteen girls. Twenty-four marriages were performed during the week.

### REMOVED TO HOME.

James Johnson of 152 Douglas avenue, who has been seriously ill at the General Public Hospital, will be removed to his home today. His many friends will be pleased to hear that he is now convalescent.

### AUTOMOBILE CASE.

Further evidence was taken last evening before Magistrate H. J. Anderson at Renfrew in the case of G. H. V. Belya, charged with exceeding the speed limit and reckless driving on the Rothery road on June 22. G. Earle Logan testified on behalf of Mr. Belya and the case was postponed until Monday, July 18.

### TWENTY DEATHS.

There were twenty deaths in the city for the week ending today, from the following causes: Broncho-pneumonia three, arterio sclerosis two, senility, inanition, apoplexy, myocarditis, heart disease, typhoid fever, pneumonia, labor pneumonia, gastro-enteritis, chronic nephritis, Pott's disease, cancer of face, cancer of rectum, suicide, shooting, concussion of brain, one each.

## ORANGE LODGE CASE OF INTEREST

George A. Blair Takes Action Against the Grand Lodge of New Brunswick.

A case of unusual interest to the members of the Orange Association will be entered in the Chancery Division on July 12. George A. Blair of this city is the plaintiff and The Orange Lodge of the Province of New Brunswick, Ltd. is the defendant. The plaintiff, who has been a life long member of the order, a past master and one of the local lodges and an honorary member of the grand body, was suspended from the order by a resolution passed at the last annual session of the defendant corporation, held in Moncton in April last. He contends that he was irregularly and unconstitutionally suspended, as he never received notice of any charge being preferred against him, nor was he in fact ever accorded the right of a trial.

The action of the defendant corporation was based on a charge which the plaintiff brought against its officers more than a year ago in connection with the payment of money by it to the Protestant Orphanage in the west end. The plaintiff brought an action in the chancery division to restrain them from paying the money, and also charged these officers in the grand lodge for the misapplication of the money. The case in the Chancery Division was dismissed, as was also the charges in the lodge. The defendant corporation alleges that it is within its rights under the constitution and laws governing it, to suspend Blair without a trial. Blair was suspended for three years.

The case will be entered on Tuesday in Moncton before Chief Justice Sir Douglas Hailey. The plaintiff asks for a declaration that the suspension was improper and irregular and for his restoration in the order. G. Earle Logan appears for the plaintiff and Stephen W. Palmer and S. B. Bustin for the defendant.

### SACKVILLE PERSONALS

Mayor Doncaster is still in the hospital in Montreal. His improvement has not been very rapid of late.

Mrs. Walter Wells and daughter, Miss Jean Wells, of New York, are spending the summer at Point de Bate, and are guests of Mr. and Mrs. A. J. Colpitts.

Rev. W. J. Kirby, superannuated Methodist clergyman, who lately occupied the pulpit of Dorchester Church, is to remove to Moncton during the present week.

### MAINE CROPS SUFFER.

Bangor Commercial—Hay and grain crops in Penobscot, Piscataquis, Hancock and the lower part of Aroostook counties have suffered greatly from the long continued drought and farmers and agricultural specialists concur in the opinion that there will not be more than half of two-thirds of a hay crop this year. Grain has prematurely yellowed and crops will be smaller and of an inferior quality this year. Other crops are suffering in the same proportion, farmers say, potatoes being perhaps the hardest hit by the dry weather. Corn usually thrives in hot, dry weather, but this year farmers report that their corn fields look anything but promising. There was comparatively little corn planted this year.

Comes To Hampton—The Rev. G. A. Ross of the Methodist church will preach his last sermons to the people among whom he has ministered during the past four years in Bathurst, on Sunday morning and evening, prior to leaving for Hampton, N. B., where he is going at the behest of the Methodist Conference held recently, and over which he was elected president.

### HOW WE LOSE SOME BUSINESS TO THE U. S.

Ottawa, July 8.—Canadian fresh fruit and canned fruits have in general a better flavor than Californian, though the appearance of the latter no doubt due to climatic reasons and methods of packing, is superior, it is stated in a bulletin of the department of trade and commerce by Major Gordon B. Johnson, Canada's trade commissioner in Glasgow.

Major Johnson says further that Canadian packers pay too little attention to the important matter of grading, both as to size and quality. For this reason alone, he asserts, a large amount of business which might be Canadian is allowed to go to California.

## RAINFALL IS BUT FRACTION OF THE NORMAL

Meteorological Observatory  
Report on Conditions Here in May, June and July.

While a few scattered showers which netted a total precipitation of one inch and one-half of rainfall were experienced during the month of June, there has been no really heavy rain experienced during the month of June, there has been no really heavy rain experienced in this area since April 24, according to the records at the Meteorological Observatory in Douglas avenue. Only once in July—on the first day of the month—has there been any rainfall in the city and that amounted to less than one-tenth of an inch—0.8 to be exact.

The total fall for both May and June this year was only a fraction of the average precipitation for those months. In May the amount of rain which fell was 1.8, while the normal average is 3.7 inches. For June only 1.5 inches was registered, as compared with the June average of 3.3 inches.

While the people of the cities and the tourists to this section have been reveling in the fine, dry spell, the farmers have suffered.

Whole root crops, some of them replanted two or three times, have faded away before the combined attacks of the drought and cut worms, the insects being thicker on account of the dry weather.

## CEASE RAFTING AT NASHWAAK

Water Too Low—The King's Daughters' Committees are Named.

(Special to Times.)  
Fredericton, N. B., July 9.—The Nashwaak Pulp and Paper Company on Saturday will indefinitely suspend rafting operations at the mouth of the Nashwaak River on account of the extremely low water. For some time the dam at Marysville has been used to store water, sufficient being contained to carry logs to the mouth of the stream. Lately it has been impossible to store enough water in a night to carry on the rafting operations the next day. Forty men will be out of employment and many will join the fighting crews. Only heavy rain will remedy this condition.

At a meeting of the directors of the King's Daughters on Friday business of the convention was brought to a close. Several committees were appointed from the membership of the executive. Mrs. J. Walter Mackay of Fredericton, was elected secretary of the board, and Miss Daisy Weddall of Fredericton was elected treasurer to take the place made vacant by the resignation of Mrs. H. G. Chestnut.

The committees are as follows:—  
House Committee—Mrs. J. Walter Mackay, Fredericton, convenor; Mrs. A. T. T. Murchie, Fredericton, secretary; The Countess of Ashburnham, Fredericton, Mrs. Haley and Mrs. Stephens of St. John and Mrs. Frank Morrison, Mrs. D. Lee Babbitt, Mrs. Thomas A. Belmont, Miss Minnie Walton, N. C. Douglas, Mrs. B. C. Foster, Mrs. George Taylor of Fredericton.

### MONCTON PERSONALS

Miss Edith Stackhouse, St. John, is visiting in the city the guest of Mr. and Mrs. Frank Gibson.

Rev. W. H. Barracough and Mrs. Barracough left on the O-Can Line this afternoon for their new home in Lindsay, Ontario, visiting friends in Ingersoll en route.

Geo. B. Willett, ex-sheriff, has so far recovered that he will in all probability leave the hospital this evening. Mr. Willett was injured recently in a fall. He sustained severe head abrasions.

### The Potato Crop

Fredericton Gleaner—Officials of the federal department of agriculture are making an exhaustive investigation this week to determine the condition of the potato crop in New Brunswick. Reports have been quite generally circulated recently to the effect that the protracted drought has done extensive damage to the potato crop and G. C. Cunningham, plant pathologist, of this city, and other Fredericton officials are in the upper section of the St. John river valley visiting the extensive potato growing areas and obtaining accurate information upon which a report will be based.

### Bathurst's New Hotel

Northern Light—Substantial progress is being made with the development of the Clar Hotel scheme as a result of the change in the proposed site for the building. This progress is confirmed by the fact, announced by the promoters yesterday, that over fifty per cent. of the stock has been subscribed.

### THE DECLINE IN PORK.

Woodstock Sentinel—A farmer, speaking of the way the farmer is hit by the slump in prices, states that a year ago he sold eleven hogs, each one weighing about 240 pounds, and received therefore a check for \$667.60. Just recently he sold eleven more hogs, and this time the check was \$217, leaving a difference of \$450.

## Serviceable House Dresses

AT

## Let Us Place A Washing Machine or Vacuum Cleaner In Your Home FREE?

The family that has a Eureka Vacuum Cleaner or the A. B. C. Washing Machine is the one family in your street that is getting MORE work done and in the shortest possible time.

You will eventually get one or both of these wonderful time and labor savers; and, to steal a phrase from a famous flour ad, "Why not now?"

Here's a proposition this store makes to you:

Take your telephone or pencil in hand and tell us to send to your home for FREE trial one or both of these machines; or come in person on the same errand, and we will place these machines in your own home, send an experienced man to demonstrate the machines, and you can have these wonder workers work for you without cost or obligation, implied or apparent.

This means much to you at this time of the year. Bad enough to wear away the hard face of the washboard on normal days—to say nothing of these days with Old Sol hitting right and left. Or to spend the afternoon pounding away the surface of the carpet with a broom, when a Vacuum Cleaner will clean in the natural way in a jiffy.

We've thrown out the suggestion. Will you accept? Then 'phone Main 353.

**A. Ernest Everett**  
THE HOUSE FURNISHER  
91 Charlotte Street

Store closed Saturdays at 1 p.m.; open Friday evening till 10 p.m.
