EVERY MAN HIS OWN  
Printer.

Low's Patent  
PORTABLE PRINTING AND COPYING PRESS.

THIS Press will print from any kind of Type, Dies, Wood, Cut, Electro-types, giving as perfect an impression as any other press now in use, and may be used by any kind of ordinary capacity. All kinds of Fancy Ornamental Printing may be executed with this Press in the neatest possible manner. Any kind of paper, of whatever quality or color may be used damp or dry, also all kinds of card-board.

This Press is most admirably adapted for printing Shop Bills, Labels, Visiting or Business Cards, Bill Heads, Envelopes, Railroad Receipts, Pen, Coffee, or Salt Bags, and as a Copying Press, is superior to any thing now in use. The larger sizes will be found very useful to printers for taking Proof-sheet Impressions and doing J. Work. It may be used by merchants, professional men, or any one who may wish a card of any kind. This Press is very simple, strong, durable, and easy kept in order. The smallest size occupies a space of 5 by 8 inches weighing only 54 pounds and will be furnished for the

LOW PRICE OF FIVE DOLLARS.

There are three sizes—the \$5 size prints a sheet of paper 5 by 8 inches; the \$10 size prints a sheet of paper 8 by 12 inches; the \$15 size prints a sheet of paper 13 by 17 inches, and on the receipt of the above named prices, the press will be sent to any part of the country.

LOWE PRESS COMPANY,  
144 Washington Street, Boston.

A new, speedy, and most successful mode of treating Spermatorrhoea, Nervous Debility, and all Urinary and Genital Diseases, by the use of the Microscopic, and the device of certain quacks, to alarm the too sensitive invalid; observations on Marriage, the prevention and removal of certain disqualifications; rules for self-treatment, &c. By WALTER DE ROOS, M.D., of the Ecole de Medecine, Paris; Member of the Royal College of Surgeons, London; Licentiate in Midwifery, &c. &c. 10, Berners-street, Oxford-street, London. Hours for personal consultation daily, from 4 till 4.30, Sunday excepted.

Sold in Dublin by Berry, 162, Great Britain-street; Edinburgh, Robinson, 11, Green-street; Glasgow, Love, Bookseller, and by all the Agents.

From long practical observation of the treatment pursued in the various hospitals, and a full and detailed report of the diseases referred to in the above work, the Author has had somewhat unusual facilities for acquiring that accuracy of diagnosis, and uniform success, which have characterized his practice for so many years in this country, in which the lamentable neglect of those diseases by medical men generally, and their false attempts to cure by mercury, copious salivation, &c. have produced most distressing results. Having benefited in such cases only by the reasonableness of attending a full detail of their case, with a Bank note, or Bill on a London house for £5, in order to have a packet of medicines sufficient to meet the exigencies of the case; sent out by next mail; thus avoiding unnecessary loss of valuable time, and much suffering which might otherwise occur.

PERSONS RESIDING ABROAD can be successful in their treatment, or in securing a full detail of their case, with a Bank note, or Bill on a London house for £5, in order to have a packet of medicines sufficient to meet the exigencies of the case; sent out by next mail; thus avoiding unnecessary loss of valuable time, and much suffering which might otherwise occur.

INK, INK,  
A NEW IMPERIAL CHEMICAL  
WRITING INK.

Warranted not to Injure by Freezing.

THE want of a good description of Black Writing Ink has been long and severely felt in this Province; one great difficulty is, that ink now in use is completely useless after freezing; another is, that it corrodes any pen except gold, destroying pens very fast; it will also become thick after being exposed to the air, this cannot be avoided on account of the ingredients most ink is composed of.

The subscriber begs leave to inform his customers and the public generally, that he has manufactured in Canada, a fine Chemical Ink, which is warranted not to injure by freezing—in fact, after freezing some five or six times, it becomes blacker—making it the best ink for this climate; it is also warranted not to corrode, making a saving in Pens of 50 per cent. It being a Chemical Ink, it is free from the annoyance of sediment, causing no trouble in cleaning bottles. In writing, you can perceive a slight shade of blue, causing it to flow free and easy—Government Offices, Banks, and Merchants in Canada have pronounced it superior and cheaper by 25 per cent. than any ink they can import. Merchants in different parts of the Province will find it much to their advantage to buy this Ink instead of importing, as it will insure them a larger profit, quicker sales, and they can recommend it to be well adapted to this climate. It is put up in bottles, and retained in—Pyramid 4, Pints 1s. 6d., Quarts 2s. 6d., or by the Gallon. A large discount made to wholesale purchasers.

Orders received from any part of the Province previous to 1st September next, can be supplied this Fall. The subscriber warrants it as above described, or the money will be returned.

# MORSE'S INDIAN ROOT PILLS.

CAUTION.

Merchants and Travellers on their guard and not be imposed upon by a Counterfeit of Morse's Indian Root Pills signed A. J. White. All genuine Indian Root Pills have the name and signature of A. J. White & Co. on each box.

Dr. Morse, the inventor of MORSE'S INDIAN ROOT PILLS, has spent the greater part of his life in travelling, having visited Europe, Asia and Africa, as well as North America—has spent three years among the Indians of our Western country, and in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from impurity of the blood—that our strength, health and life depended upon this vital fluid.

A. J. WHITE & CO.,  
50 Leonard Street, New York.

DR. MORSE'S  
INDIAN ROOT PILLS.

DR. MORSE, the inventor of MORSE'S INDIAN ROOT PILLS, has spent the greater part of his life in travelling, having visited Europe, Asia and Africa, as well as North America—has spent three years among the Indians of our Western country, and in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from impurity of the blood—that our strength, health and life depended upon this vital fluid.

When the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and discolored; thus causing all pains, sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagnant humors, the blood will become thick and dense to act, and thus our light of life will be forever blown out. How important then that we should keep the various passages of the body free and open. And how pleasant to us that we have in our power to put a medicine in your reach, namely Morse's Indian Root Pills, manufactured from a Plants and Roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery of diseased men. One of the roots from which these Pills are made is a Sudorific, which opens the pores of the skin, and assists nature in throwing out the filth from corruption with it. The second is a plant which is an Expectorant, that opens and unclogs the passages to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm and other humors from the lungs; copious spitting. The third is a Diuretic, which gives ease and double strength to the kidneys; thus encouraging them to draw large amounts of impurity from the blood which is then thrown out abundantly in urine, or water passage, and which could not be discharged in any other way. The fourth is a Cathartic and accustoms the other passages of the Pills while engaged in purifying the blood; the constant particles of impurity which cannot pass by the other outlets are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood for they find way to every part, and completely route out and cleanse the system from all impurity and the life of the body, which is the blood; becomes perfectly healed; or consequently it sickness and pain is driven from the system for they cannot remain when the body becomes so pure and clear.

The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the afflicted parts and which will open the natural passages for the disease to be cast out; hence, a large quantity of food and other matter is lodged and the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing the blood, which throws the corrupted matter through every vein artery, until life is taken from the body by disease. Dr. Morse's Pills have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frame has been scorched by the burning elements of raging fever and who have been brought, as it were within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this good and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished and absolutely surprised, in witnessing their charming effects. Not only do they give immediate ease and strength, and take away all sickness, pain and anguish, but they at once go to work at the fountain of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanse and purify that disease—that deadly enemy—will take its flight and the flush of youth and beauty will again return, and the prospect of a long and happy life will cheer and brighten your days.

CAUTION.—Beware of a counterfeit signed A. J. White. All genuine have the name of A. J. White & Co. on each box. Also, the signature of A. J. White & Co. all other are spurious.

A. J. WHITE & CO.,  
Sole Proprietors,  
50 Leonard Street, New York.

Dr. Morse's Indian Root Pills are sold by all dealers in Medicines.

Agents wanted in every town, village and hamlet in the land. Parties desiring the agency will address as above for terms.

Price 25 cents per box. Five boxes will be sent on receipt of \$1, postage paid.

# AYER'S Cathartic Pills

(SINCE 1850)

CLEANSE THE BLOOD AND CURE THE SICK.

Invalids, Febrile, Malarial, Dyspeptic, Bilious, and all other diseases, read their effects, and judge of their Virtues.

FOR THE CURE OF  
Headache, Stomachache, Foul Stomach,  
Dyspepsia, Biliousness, Liver Complaints,  
Bilious Disorders and Liver Complaints.

Dr. J. C. Ayer, of Lowell, Mass., writes: "I have used your Pills in my general and hospital practice ever since you made them, and cannot but say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of biliousness so obstinate that it did not readily yield to them."

ALFRED HALL, M.D., Physician of the Marine Hospital, writes: "I have used your Pills in my general and hospital practice ever since you made them, and cannot but say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of biliousness so obstinate that it did not readily yield to them."

JOHN G. MERRILL, M.D., writes: "I have used your Pills in my general and hospital practice ever since you made them, and cannot but say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of biliousness so obstinate that it did not readily yield to them."
