Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the nearly effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an offective antidote for the diseases. Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who soffer from Strumous complaints, and that one which will accomplish, their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

Seg-VILLA AND SCROPPLOUS COMPLAINTS, Excretions and Empiric Diseases, Uterias, Plysless, Blocketts, Tresons, Salt Resem, Scald Head, Sylvellas and Sylvelline Appendix on Tie Douthourex, Debitting Appendix on Tie Bouthourex, Debitting to the service of the silve whole class of complaints arising from Impendix or the Blood.

This compound will be found a great promoter of health, when takes in the spring, to expely the foul humors which fester in the blood at that season of the voil. By the timely expulsion of them many rankling disorders are nipped in the bad. Malitudes can, by the aid of this remedy, spare themselves from the cadurance of foul cruptions and ulcerous series, through which the system will strive to rid itself of corraptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whonever it is foul, and your feelings will tell you when. Even when no particular desorder is felt, people enjoy better health, and like blood healthy, and deserves much, the reputation, of accomplishing these en

contain but lettle of the virtue of Sarsaparilla, or any thing cise.

During late years the public have been misled by large bottles, pretending to give a duant of Extract of Sarsaparilia for one dellar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no currency properties whatever. Hence, bitter and plainful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of oblequy which rests upon it. And we think we have ground for believing it has vitrus which are irrestible by the ordinary run of the diseases it is intended to cure. In order to secure, their complete craffication from the system, the tranedy should be judiciously taken according to directions on be judiciously taken according to directions on the bottle.

Ayer's Cherry Pectoral, has son for itself such a renown for the cure of every variety of Threat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.
