TO PREVENT WAR.

V. J. Bryan Asks President Roosevelt If He Will Improve the Present Opportunity.

Lincoln, Neb., Sept. 16.—A letter addressed to President Roosevelt from V. J. Bryan, in which a plan for the prevention of war is suggested, was made public Thursday night. Mr. Bryan congratulates the President on his success in bringing Russia and Japan together, and says: "Why not ask Congress for authority to submit all international questions when agreement cannot be reached by parties interested to an impartial board for investigation and report? Investigation will, in nearly every case, remove the cause of conflict and reconcile the parties. Questions which a nation might be unwilling to submit to arbitration in advance could be settled by investigation by an impartial international board. It was a glorious thing to have the war between the Russians and the Japanese, but it would have been more glorious to have prevented the war and saved the frightful loss of life. The moral prestige which our nation now enjoys would in all probability enable it to lead a successful peace movement. The congratulations which you have received from the hands of European Governments strengthen us to submit all disputes to the board for investigation before declaring war, the danger of war would be reduced to a minimum. "Few men have had it in their power to do so much for humanity? Will you improve the opportunity? (Signed) W. J. Bryan."

IN HER THIRD INFANCY.

PECULIAR MENTAL STATE OF A MORRISTOWN GIRL.

Morristown, N. J., Sept. 14.—For the third time in her life Mary Sealy, nineteen years old, has relapsed into the mental state of an infant. She is as helpless, during those periods as though she were only a few months old.

The last attack has now lasted ten days. She is incapable of thought, speech or action. Her aunt has to attend her constantly, giving food and drink to her at intervals, and generally care for her as though she were a baby. If she is allowed to move she will stand there until called.

Before she was graduated from the parochial school here she had a similar attack, but soon recovered. Eighteen months later she had another attack, which lasted for several months. The excitement of a big fire close to her home finally relapsed her to a normal condition. Since that time she has acted as her father's helper until ten days ago, when she had her latest attack.

MISS CLARKE DROWNS.

Three Girls in a Canoe Upset in the Humber River.

Toronto, Sept. 16.—Humber Bay claimed another victim yesterday afternoon when Miss Clarke, the only daughter of Daniel W. Clarke of 125 Borden street, was drowned. The girl who is only 17 years of age, left the mouth of the river with three companions in a canoe about the middle of the afternoon. When about half a mile from the shore the canoe upset. Her companions, knowing that she could not swim, attempted to catch her as she sank beneath the waves. They missed their grasp on each of the three occasions she rose to the surface.

The accident was seen by people on the shore and a boat was put out. The girls were holding to the keel of the overturned canoe, nearly exhausted from the buffeting they had received from the waves. When hauled on board the boat they were given a clear account how the accident happened.

Charles Nurse on hearing of the accident immediately commenced grappling for the body. Up to a late hour last night the body had not been recovered.

The dead girl was an only daughter. She was a great favorite among her schoolmates.

Section Foreman Killed.

Paris, Sept. 16.—Bloxon, section foreman, was instantly killed Thursday evening. Along with his section crew Bloxon was proceeding on the Dover line when the eastbound flyer going from the Falls to London came into sight. The section gang all jumped but Bloxon, who apparently did not see the approaching danger as quickly as his fellows. The flyer, going nearly 60 miles an hour, struck the unfortunate fellow, hurling him through the air, death coming almost instantly.

Broke His Neck in Fall.

Toronto, Sept. 16.—Albert Bracey fell from a window in the Imperial Hotel yesterday afternoon and broke his neck. He had been in the Emergency Hospital. Bracey had only been in Canada for a few months. He came from Portsmouth, England, and was a mere lad, 21 years of age. He was employed as porter at the Imperial Hotel, King and York streets, and was cleaning windows when he fell headlong to his death yesterday.

Killed by a Train.

Unionville, Sept. 16.—Ellis Campbell, 23 years of age, son of Robert Campbell, was driving across the railway track on Main street Thursday morning when he was struck and instantly killed by a passenger train. Campbell was thrown to one side, but the horse was carried some 30 rods before the train could be brought to a stop. The wagon was demolished.

PROBABLE MANSLAUGHTER.

Motorman Throws Conductor Off Car After Altercation.

Winnipeg, Sept. 16.—A fight between a motorman and a conductor on a street car here will end fatally and the former may have to face a serious charge. Arthur J. Waddham of Alexander street, was riding to work on the front of a Broadway car when he commenced an altercation with Motorman Charles Thompson of Logan avenue. The latter finally threw him off the car and the man fell on his head and was taken to St. Boniface Hospital, conscious and unable to move. The police station pending an inquest. He alleges Waddham was drunk and used insulting language.

Arrested For Murder.

Port Arthur, Sept. 16.—Mat Penman, a Finlander, was arrested here Thursday night for murdering Thomas Wyld on August 12, on the railroad track between Duluth and the American Soo. He was arrested by Chief Connor in a disreputable Finlander house. A desperate fight ensued. Sheriff Lipsitt took the prisoner to the Michigan Soo yesterday morning for trial.

Two Years For Embezzler.

Quebec, Sept. 16.—George White, aged about 30, who a few weeks ago absconded with five hundred dollars belonging to the Canadian Pacific Railway, was yesterday sentenced to two years imprisonment in the penitentiary.

G. T. P. Tenders Opened.

Montreal, Sept. 16.—Tenders for the construction of that section of the Grand Trunk Pacific from Port William to Lake Superior Junction, where it will join the main line, were opened yesterday at noon in the offices of Frank W. Morse, the vice-president and general manager of the company. This section of the road is 210 miles in length, and almost from beginning to end, the work will be of a heavy character. This is the kind of work railway contractors prefer, and for this reason the number of tenders received has been unusually large. No award has as yet been made.

Death of Edward F. Blake.

Toronto, Sept. 16.—After only a short illness Edward F. Blake, second son of Hon. Edward Blake, died at his home at 449 Jarvis street yesterday morning. Decease was 29 years of age. For some time he had suffered from anemia, and recently was taken to his bed. He had not worked since July, although in the beginning of September he returned to his law office intending to start work. He leaves a wife and four children. The funeral will be private.

The Winnipeg Terminus.

Ottawa, Sept. 16.—The transcontinental commission yesterday considered the situation re securing land owned by Mackenzie and Mann for terminal facilities. A meeting will be held at Quebec at a later date when an amicable settlement is expected.

HEAR MINERS' VIEWS

Tariff Commission Begins British Columbia Session.

VISIT SMELTER AT NELSON

Lead Miners Want More Protection When the Bounty Ceases—The Question of Refining—Cheaper to Ship to Great Britain—Chairman Fielding Wants Some Figures For a Tariff Submitted.

Victoria, B. C., Sept. 16.—The Tariff Commission began its British Columbia session yesterday morning by visiting the Hall Mines smelter at Nelson, B. C. Senator Templeman was given a seat at the board.

The first business taken up was that of the lead duties. An address was read by the Board of Trade here on behalf of the lead mine owners, praying for a greater measure of protection on the expiry of the lead bounty. In the meantime, with the exception of the duties upon dry red lead, orange mineral and blende, the present general tariff would suffice as a minimum.

Jas. Cronin, manager of the St. Eugene, the largest lead producer in the Province, also of the Centre Star and War Eagle, in Rossland, had no fault to find with the smelters. He thought their charges cheaper than the American smelters, but admitted it would be cheaper were half the present bounty proposed to ship to Europe for smelting purposes. He wanted a protection of one cent per pound on pig lead, the United States duty being 2-1/2 cents per pound.

Chairman Fielding wanted some figures for a tariff submitted, bearing in mind that the man's finished product was another man's raw material.

ONTARIO NOT SECOND.

Hon. Nelson Muntz Gives His Impressions of Manitoba.

Winnipeg, Sept. 16.—Hon. Nelson Muntz, Ontario Minister of Agriculture, returned to the city after a flying visit to the west as far as Brandon, and leaves for the east this morning. He expressed himself greatly impressed with the progress of the province. He said that the object was concerned with the inspection of New Ontario with view to discovering what amount of land was readily available for agricultural settlement. He said that one thing convinced him that with some not very extensive drainage many fertile valleys may be thrown open for agricultural purposes, and that in districts hitherto regarded as useless for anything but blueberry cultivation.

MORE COLONIAL UNITY.

Britain Proposes Union of Grenada and St. Vincent.

Kingston, Island of St. Vincent, Sept. 16.—The British Government has issued a notice proposing a measure to unite the colonies of Grenada and St. Vincent, to form a single colony. The proposal has met with strong opposition locally.

Any attempt to force a bill to this effect through the Legislature will result in a serious disaffection. A similar attempt in 1891 caused a disturbance, necessitating the presence of a British garrison to restore order.

SPECIAL TRAIN.

A special train over the T. L. E. & P. will leave Ingersoll tomorrow (Sunday) at 12:30 o'clock noon, for Pt. Burwell to enable the members of the Masonic Order and Odd Fellows to attend the funeral of the late Joseph Webber. Members of the above Orders will be taken to and from Port Burwell free.

HOUSEHOLD FURNITURE.

Mrs. G. A. Thompson has for sale by public auction at her residence, 140 Oxford st., Ingersoll, on the 20th day of Sept. 1905, commencing at 10 o'clock sharp, the following: Marble top walnut sideboard, dining room table, six leather seated chairs, two walnut covered tables, 1 wardrobe, 3 bed room suites, one marble top chair, 1 large rocker, kitchen table, 1 ice cream freezer, fifty feet of lawn hose, lawn mower, garden tools and many other articles.

THE WEATHER.

Toronto, Sept. 15, 2 p.m.—Showers and thunderstorms have been fairly general today in the lake region and in the Ottawa and Upper St. Lawrence valleys. Elsewhere, with the exception of a few showers in Northern Saskatchewan, the weather has been fine. Probabilities.—Lower Lakes and Georgian Bay: Moderate winds, mostly southwest and southeast; fair and warm.

JOE. WEBBER DEAD.

POPULAR T. L. E. & P. R. ENGINEER PASSED AWAY YESTERDAY.

Engineer Joe Webber of the T. L. E. & P. Ry. died at his home at Pt. Burwell yesterday morning after an illness of three weeks' duration. Although he had been in a precarious condition for several days, and little or no hope was held out for his recovery, the announcement of his death came as a severe blow to his many friends. To the bereaved family his death is particularly sad, from the fact that it is the second during the last four weeks. Four weeks ago a brother succumbed to typhoid fever.

The late Joseph Webber was 29 years of age and was well and favorably known to many Ingersoll people. He was a young man of exemplary habits, a true friend and a genial companion. He had been at his brother's bedside a great deal, and after the latter's death, he himself was stricken.

By his fellow employees and a wide circle of friends he was held in high esteem. For the past two years he made his home in Ingersoll. He was a member of the Masonic, Independent Foresters and Odd Fellows lodges of Port Burwell.
