Ottawa, May 24.—The St. John delegation had an interview with Hon. Mr. Blair this morning, and arranged for a meeting with the other ministers tomorrow or next day. They stated their case to the minister, and asked for information as to the intention of the government respecting the Atlantic steamship service, pointing out that the city could not afford to go on with harbor improvements that would not be used. Hon. Mr. Blair did not convey much information, and what he told the visitors was un-

Hender-son and Shaw were the battery for the B. & A. team, while Friars and Mc-Leod officiated in a like capacity for the Roses. The game may be said to have been a pitcher's battle, as both teams fielded in good shape, with little advantage on either side. Henderson proved very effective, keeping the Roses down to eight well scattered hits. On the other hand, the B. & A. team got nine hits off Friars, five of which they secured in the fourth inn-ing. In the eighth inning both pitch-ers were a little wild, and with a few errors both teams scored three runs. Following is the score by innings:

AQUATIC.

Gaudaur Defeats Rogers. Orilla, Ont. May 24.—In the presence of fully fifteen thousand people Erastus Rogers proved today that he is a very fast sculler at two miles, as of defeating Jake Gaudaur. The race

was for the championship of America,

the Fox challenge cup, 5500 a side and a purse presented by Orillia.

Lake Couchiching was alive with craft. A stiff northwest wind prevailed and made the water very lumpy. The two men got away on very e terms, the champion splashing a little for the first few strokes. Both stroked very slow on account of the unfavor-able wind and weather. Both steered inshore. Rogers had the shore posimile from the start, Gaudaur was clear from Rogers, and crossed his bow to get close to the shore. He continued to forge ahead, and at the turn, a to forge ahead, and at the turn, a mile away, was about four lengths in advance. Rogers, however, had steered a better course, and the champion lost nearly all his advantage in going out to his buoy. The return home was a fine struggle. Both men were very tired, and Gaudaur said after the race that he suffered greatly from cramps in the forearms, caused by hadling his oars in the rough water. Rogers pulled a very alughy race, but was unable a very plucky race, but was unable to pass the champion, who won by a length and a half. Gaudaur said he
