on a suit, think of something beside the first cost.

20th CENTURY SUITS are worn by economical men, in many cases, merely because they are found to be the cheapest clothing as well as the most elegant of ready-to-wear apparel.

A "cheap" suit is usually a costly suit in the end, but a 20th Century suit is always a gilt-edge investment.

Long wear, retention of original elegance, enduring fit.

Smart Summer fabrics, made up in latest fashion \$10 to \$25; 20th Century, \$1 to \$25. 20th Century 2-piece suits, \$8 to \$24.

And each suit waiting for its owner in immaculate condition—in a dust-proof cabinet, on a hanger that prevents wrinkles.

"Ready-to-Wear" in every sense of the expression.

Speaking of rain-or-shine coats, have you noted the originality of design and style in these of ours? It is "the talk of the town" among those who admire distinctive dress.

\$12 to \$24—The \$12 Coats are special value.

And the same thing might be truthfully said of our Fanny Vests. YOU will admire them. \$1, \$1.25, \$1.50 and upwards.

WIFE KEPT HIS TEETH.

New York Merchant Lived on Soft Food Till the Law Helped Him Out.

NEW YORK, May 25.—Simon Simons, a store keeper of 148 Bath avenue, enjoyed last night his first square meal in four days. According to his story, he and his wife, Fanny, had a falling out over a week ago, in which she accused him of stealing a pocketbook containing \$15. In her wrath she took away his false teeth.

Mrs. Simons told her husband he

could have the teeth when he paid her the money which she alleged he took from her. Plead as he would the store-keeper could not serve his better half for her purpose. Meanwhile Simon lived on soups and chocolate eclairs and other easily masticated food.

Unable to longer deny his system proper nourishment he went to court and secured a summons for his wife.

"Are you willing to give him his teeth?" asked the magistrate of Mrs. Simons.

"Not until he pays me \$15," replied she.

"Then I'll have to send you to jail," exclaimed the Court.

This frightened Mrs. Simons, and, deeding into a skirt pocket, she produced the shining cause of the whole trouble.

As the whole distance for which these decorations are proposed, is something over six miles, it is expected that the firms of decorators in Quebec will form a syndicate to undertake the task.

PERSIA MENAGED

WITH INVASION

Russia Said to Have Demanded Indemnity for Stain Officers and Soldiers.

TEHERAN, May 25.—The news that Russian soldiers have crossed the frontier and are concentrating at a distance of six farsangs (about twenty-four miles) within Persian territory has caused great excitement here.

Rumors are current that the Russian government has demanded execution of the chief of the tribesmen who attacked the Russians at Pileh Sawa, an indemnity for the Russian officer and soldiers killed in the attack, payment of the expenses of the punitive expedition and the immediate forwarding of Persian troops to the border to keep order. Otherwise, it is said, more Russian soldiers will be sent to protect Russian interests.

Enthusiasm over the union of the Shah and the nation seems to be cooling down. Aggressive speeches were again made yesterday at a meeting, meaning the Shah's life. Shah Doh was asked to form a cabinet, but seems not to have succeeded yet.

A big treasure has been reported unearthed at Sulikhan, northwest of Teheran. Some deputies with Cossacks went to the spot. It is said, more will solve the greatest problem of Persia at the present.

Dawson Camp.

DAWSON CAMP ANGELS.

Miners Nurse Each Other Through Pneumonia in the Wilderness.

DAWSON CITY, May 25.—More than a hundred miles in the wilderness, the nearest doctor or drug store, and racked and worn by pneumonia, is the trying experience of Dad Davis and Martin Rivey, partners, who are working together and occupying the same cabin on Haggart Creek.

First Davis was taken down, and went through a siege. His faithful partner worked day and night as a nurse, and brought the old man through the test. Then Rivey, ravaged by the sapping vigils, was taken ill, and had to go to the bank and endure the same scourge.

Isaac Mallet, of the same locality, generously volunteered his services, and with aid of what crude supply of drugs there was to be had in the camp, and the rough home-made nourishment which the hands of a man can turn out, became a camp physician and angel. He helped nurse Davis back to health, and at last reports had Rivey doing splendidly.

The boys of the camp felt their wardens in such a way that they could not dream of how different it was when in the old home with some willing hands of the father persuasion.

DECORATIONS AT THE

QUEBEC TERCENTENARY

WILL BE SIX MILES LONG

QUEBEC, May 25.—To tell in outline the history of Canada in general and the city of Quebec in particular by means of a succession of historic scenes, portraits and inscriptions displayed on buildings, on flags and on streamers through the principal streets of the city is the ambitious design of the Tercentenary Committee.

The whole route of the great historical procession, as well as a number of other streets will be handsomely decorated, displaying representations of historical events. In the evenings, especially when lit up by myriads of electric lights, the result should be magnificent.

From street to street will be seen these elaborate decorations, the whole round giving in order events of the different periods, starting with a banner displaying a list of the names of the French, British, and going to the first commission, and departed for Canada. From one period to another, the leading events will be set forth by portraits of prominent historical personages, worked on shields and banners, by representations of scenes, by dates and inscriptions, and where possible, by trophies.

The whole closing with a scene depicting the confederation of 1867. The events of the Jacques Cartier period will be depicted in that quarter of the town known as Jacques Cartier Ward, in St. Roch's. The story of the early struggles and successes, of the Religious bodies, the Recollets and the Jesuit Fathers; the Ursulines, and the Hospitaliers, will be told in Montcalm Ward. The English period will be represented mainly along the Grand Allée, a part of the city which has given up since the opening of the British regime in Canada.

As the whole distance for which these decorations are proposed, is something over six miles, it is expected that the firms of decorators in Quebec will form a syndicate to undertake the task.

CLEANING A CISTERN

FINDS \$50,000 BONDS

His Father Always Said He Had Wealth, But Couldn't Use It.

VINELAND, N. J., May 25.—All Newfield was excited this morning when it was learned that A. S. Kandle, had found \$50,000 worth of bonds at the bottom of an old cistern he was cleaning.

Kandle is the village barber and soon his shop was besieged by anxious neighbors and friends, whose congratulations were most hearty. The bonds were issued by the West Jersey Railroad forty-two years ago to John Kandle, father of the barber.

The elder Kandle died about fifteen years ago, and old neighbors recall to mind his oft-repeated assertion that he had wealth, but could not use it. The reason is now found to be that somehow the bonds got into the cistern where they have lain for over forty years.

Kandle immediately took his find to a lawyer friend in Camden, and as the lawyer advised silence until he could make an investigation, Kandle refuses full details.

WOMAN BREAKS LEGS

TURNING OVER IN BED

Philadelphian Confined in Harrisburg With Rheumatism Has Bad Accident.

HARRISBURG, May 24.—Turning over in bed, Miss Margaret Kramer, of Philadelphia, fractured both legs at the home of Dr. Charles F. Kramer, 1618 North Third street, and is now in the Harrisburg Hospital.

Miss Kramer came to this city several weeks ago to visit her brother and family, and while here contracted rheumatism.

It became so serious it was necessary for her to go to bed.

FEARFUL RESULTS OF

TROLLEY COLLISION

PHILADELPHIA, May 24.—Three persons were instantly killed and at least five others were so badly injured that there is no hope for their recovery, and forty-five were seriously hurt in a collision between a trolley and a car on Chestnut Hill, a suburb of the northern section of the city, late tonight.

The accident was caused by a car jumping the track while going down a steep grade not far from Chestnut Hill. The car swung across the trolley track and was struck by a car on that track. Both cars were filled with passengers.

GRANITE WORKERS STRIKE.

QUINCY, Mass., May 25.—The granite workers here held a meeting tonight but declined to sign the agreement by which it had been expected the quarries who had been out on strike since May 14, would return to work tomorrow morning.

The manufacturers of granite in the town of Quincy are in advance of an official interpretation of it from Secretary Duncan of the national committee.

The stone cutters on strike number nearly 1,000 men.

GREAT UNREST IN INDIA.

Indian National Congress Meets at Allahabad to Discuss Unrest.

ALLAHABAD, India, May 16.—The so-called Central Committee of the Indian National Congress, is now assembled in convention at Allahabad to discuss the unrest in India.

The Congress, which broke up in a general row at Surat. Representatives from all the provinces are attending the convention.

The extremists, it appears, have not been invited, and there is little likelihood of a meeting of the Congress, which broke up in a general row at Surat. The extremists are not particularly pleased over their exclusion, and though they are not hazy asserting that the Congress is dead, it is quite possible that in the immediate future they may start a secessionist movement of their own.

In that case next Christmas may see two Congresses and two presidents, both speaking for united India, and both claiming to be the true Congress.

A certain section of the Moderates do not find it convenient to set up a platform in the background, whence they can carry on an insidious campaign against the Government. There are, however, a number of men in the Moderates' ranks who are sincere enough in their desire for constitutional methods. The pity of it is that they have not sufficient strength of mind to cut themselves entirely as from the Congress movement, and that they identify themselves and are identified with the rabble of the fanatics.

A PROFIT ANTHOW.

(Success Magazine).

He was filling his first prescription. He was told he had a dollar and ten cents. She paid the dollar and ten, and after she had gone he informed the proprietor that the dollar was counterfeit. The proprietor looked over his glasses at the young man, and said: "Well, how about the ten cents—is that good money?"

The young man answered in the affirmative. "Oh, well," the proprietor replied, "that's not so bad—we still make a nickel."

ANTI-MARRIAGE CLUBS

THRIVE IN ILLINOIS

The Town is Disturbed Over Questions Matrimonial

Life of Celibacy—Girls of Cupid Club, Opposition Organization, Cook the Sugar.

ALTON, Ill., May 25.—Society in Alton is much agitated at present over the marriage question, and the number of organizations for and against marriage is increasing every day. There seems to be no middle ground on which an Altonite can stand. He must either be absolutely against matrimony, or he must be not only in favor of it himself as well as everybody he knows and does not know, but he must exert all his energies to promote marriages in every quarter.

There are in Alton at the present time, it is asserted, not less than five anti-marriage clubs, the members of which pledge themselves to forever resist the attacks of Dan Cupid. Both sexes are represented in these clubs, and men and women are alike vigorous in their advocacy of a life of celibacy.

This club meets every week and they talk, play games or dance, and several "Cupid Clubs," the object of which is to persuade the little god to point his dart in the direction of the members. The latest of these is the Per-get-Me-Not Club, an organization composed of young men and girls who join for the purpose of having an opportunity of showing each other how really attractive and desirable they are.
