

NEW BRUNSWICK GIVES MORE LIVES FOR THE CAUSE

CARVELL IS ANXIOUS TO HAVE PAST FORGOTTEN

Woodstock Muck-raker Makes Pathetic Appeal to B. Frank Smith who Easily Triumphs Over Him in Lively Joint Debate—Carvell Called Falsifier by Several Members of Legislature—Smith Tells Audience Carvell was Not Elected by People of Carleton and that They Will Act to His Case Later.

Special to The Standard. Moncton, May 28.—"Don't refer to the past," was the appeal of Frank Carvell, M. P., for Carleton, in his address at the joint meeting held in front of the Brunswick Hotel in this city yesterday afternoon, and this had break in the abusive and muck-raking speech of the Carleton county bluffer paved the way for the severe rebuke he received at the hands of B. Frank Smith, M. L. A. "Don't refer to the past but deal with present day issues," was the beginning appeal made to Mr. Smith as Carvell concluded a speech which from beginning to end was a rehash of the scandal campaign that has been carried on in Westmorland in the last two or three weeks by the leaders and their newspapers. "By their fruits ye shall know them," was Smith's rejoinder to Carvell's appeal.

Carvell Abusive as Usual. The most petty things in the muck-raking methods adopted by the Carvell-Carter-Venot party, were not small for Carvell, but they were exaggerated, and he was abusive in his reference to all his opponents. His whining for mercy at the hands of Mr. Smith, who was to answer him, therefore made him appear in a particularly despicable light before the audience. There was a large audience to hear the joint debate. Quite a number of electors attended from the surrounding country but the greater part of those present were citizens of Moncton, who have no vote in Tuesday's contest, but were attracted to hear the two political opponents from Carleton county. Many in the audience had previously heard Carvell and knew something of the man which was not to the disadvantage of B. Frank Smith, who was personally comparatively unknown here.

Mr. Smith is Known Now. Mr. Smith, however, is better known now and every man who heard him answer Carvell will want to hear him again when the opportunity is offered. He made a most favorable impression, not only with his party friends, but even upon fair minded opponents for the fearless, straightforward and manly way in which he presented his arguments. As a speaker Mr. Smith was an agreeable surprise to Conservatives. He received a magnificent reception throughout and was warmly congratulated at the close of his speech for the effective and complete answer he made to the slanders of Carvell, particularly with regard to the so-called potato scandal. Disgusted With Carvell. Many independent people after hearing Carvell's allusion to "too patriotic" in connection with the purchase and Smith's reply, expressed themselves as disgusted with the Carvell insinuations, and were perfectly satisfied with the straightforward reply made by Smith. Col. Bullock Faced Carvell. A feature of the meeting was the presence on the hotel balcony with

FINE TRIBUTE TO HON. DR. LANDRY

Moniteur Acadien, of Shediac, Points Out the Source of His Strength. Shediac, May 28.—What the Acadian people think of Hon. Dr. David V. Landry, provincial secretary, is abundantly pointed out by Le Moniteur Acadien, of this town, the organ of the French-speaking population of the Maritime Provinces. Le Moniteur Acadien is strongly supporting the minister of public works, Hon. P. G. Mahoney in the present campaign and is urging the French electors to vote for him. The Acadien says: "The Hon. David V. Landry, representative of the Acadians in the Provincial Government, holds the honor of his compatriots in the accomplishment of his public duties. He is an honest man in the truest sense of the word and his supreme confidence, his industry and his integrity have won for him the respect of all English and French, Catholics and Protestants. "Why then does Mr. Peter J. Venot attempt to ruin the reputation and the name of the Hon. David Landry in accusing him of being the associate of a band of thieves whose sole occupation would be to pillage the public treasury? Those who know Dr. Landry know also that if his colleagues were robbers or thieves he would immediately resign and retire from the government. "The Acadians have every reason to be proud of their representative in the cabinet and the charges which Messrs. Venot and Carter bring forth, charges inspired by jealousy and bitter partisanship, will result only in enhancing Dr. Landry's reputation in the opinion of all honest citizens, and in the esteem of his compatriots."

THE BLAIR SLANDERS HAVE GAINED VOTES FOR MAHONEY IS OPINION IN FREDERICTON

In Provincial Capital Where Carter's Leading "Affidavit Maker" is Best Known His Efforts Have Fallen Particularly Flat—Many Congratulations for Rev. J. B. Daggett.

Special to The Standard. Fredericton, May 28.—Standards were at a premium in Fredericton on Saturday. In fact the demand was as great as at the beginning of the war. The statements of Premier Clark and Rev. J. B. Daggett in reply to the slanders charged made by Affidavit Blair and the slanderbustlers were accepted by Conservatives and Liberals alike as correct. Rev. Mr. Daggett, who is a respected clergyman of the Baptist denomination, was busy all day responding to telephone calls of congratulation. Members of the opposition party were enabled by Rev. Mr. Daggett's statement to familiarize themselves with the nature of the slanders charged made by Blair and his Carter-Venot party friends. Quite a number of Liberals openly stated that if this was the sort of campaign the opposition depended upon to defeat the government they would not stand for it and would become supporters of Premier Clark's administration. Affidavit Blair and his methods are well known to the people of York, and his charges have fallen flat. There is great interest here in the Westmorland election. Tuesday, and some money has been wagered on the outcome. The Liberals of the capital thought a week ago that Dr. Smith had a chance of being elected by a narrow margin, but the developments of the past few days, including the dropping of a few shells into the Carter-Venot trenches in that county by the government have dissipated these hopes.
