Vr. No. 397, July 20, 1945 - \$26.61  
Imperial Oil Limited, Halifax, N.S.

I wish to call your attention to the above noted voucher. The invoice attached to same is for \$21.61, which contains a charge of \$5.00 for deposit on light steel drum. Your covering voucher shows a charge of \$21.61, for gasoline, and in addition, a charge of \$5.00 for steel drum. This would appear to be an error. The voucher was passed for payment on August 16, by cheque No. 54020, for \$26.39, that is \$26.61, less .22 discount. The duplication of \$5.00 deposit on the steel drum was not noticed.

Kindly take this matter up with the Imperial Oil Limited, and obtain a refund of \$5.00, in the name of the Receiver General of Canada to adjust the matter. This refund should be forwarded with you next Receiver General payment form.
