SOME GOOD CENTREPIECES.

Among the most attractive of the new centrepieces are those worked in the popular Wallachian stitch in white upon a colored foundation, like blue and Nile green. In this way a centrepiece can be made to harmonize with the furnishings of the room, and as the embroidery is done entirely in white there is no trouble with shading.

or two rows of padding stitches. This is in order to make the edge firm and so that it will not fray or pull out of shape when laundered. Of course, these centrepieces on colored material need to be carefully handled when they are washed, but as the material is dark in color they can be used a long time without becoming soiled.

A Handsome Wallachian Design worked in White on Copenhagen Blue. L. C. 9103a.

The material upon which these centrepieces are stamped is a canvas weave, which is most attractive and upon which the heavy embroidery shows very effectively. Mountmellick silk, white FF, is used throughout, and there is no padding.

In design LC9103a a handsome effect is given to the leaves by leaving a plain line of the material down the centre to represent the vein. The flowers are worked in regulation Wal-

The second design, LC9103b, is stamped only on Nile green. Like the one just described, this is worked throughout in the Wallachian stitch. Two rows of buttonhole stitch are used to fill the borders which connect the different parts of the design, the stitches being so arranged that the purl comes on the outer edges of the band. All other portions of the design are plainly marked with a line down the centre of each, showing the

lachian stitch, and a tiny ring is worked in the centre. In working the narrow band just inside the scalloped edge, also the one around the centre, and the band which connects the parts of each alternate figure, the purl of the buttonhole or Wallachian stitch comes on the outer edge. While no padding is used in the design proper, the scalloped edges should be run on both outlines and filled with one

manner in which the stitches are to be placed.

Both these centrepieces come in 24-inch size only and are really inexpensive at fifty cents each. Twenty skeins of Mountmellick silk 2002 FF are required for working LC9103a, and 16 skeins of the same silk for design LC9103b.

The Dangers of Summer.

Many dangerous and distressing diseases prevail in summer and fall, and as they occur suddenly, often terminate fatally before aid can be had.

Complaints, such as Diarrhoea, Dysentery, Colic, Cramps, Cholera, Morbus, Cholera Infantum, Summer Complaints, etc., are quickly cured.

This wonderful bowel complaint remedy has been on the market for 64 years and it has been used in thousands of homes throughout the country during this time.

You do not experiment when you buy an old and tried remedy like this. Ask your druggist for Dr. Fowler's, and insist on getting what you ask for. Do not take some substitute which the unprincipled druggist says is "just as good." These cheap imitations are dangerous to your health.

Mrs. Jeff Flaherty, Belfountain, Ont., writes: "In the month of September, last, my youngest child took Summer Complaint and the doctor had very little hopes for her. My neighbor told me to get Dr. Fowler's Extract of Wild Strawberry, so that night I sent my daughter to get it, and when she came home I gave the baby one dose, and in half an hour there was a change for the better, and after the third dose she was completely cured. We feel it is far and beyond any other remedy for Summer Complaint and besides it saves paying a doctor. I advise everyone to use it. Don't accept a substitute for Dr. Fowler's. The original and only Fowler's Extract of Wild Strawberry is manufactured only by The T. Milburn Co., Limited, Toronto, Ont., Price 35 cents.

SYNOPSIS OF CANADIAN NORTH-WEST

HOMESTEAD REGULATIONS.

ANY person who is the sole head of a family or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.
