Dear Sir,--

I have received your letter of the 13th instant and note that you say we have taken a wrong meaning from the letter of Messrs Revillon Bros. A little different meaning may be taken in their statement relating to contribution to the cost of the lockup at Bersimis, but it is difficult to take any other meaning than the one given to their statement regarding selling liquor to Indians. Enclosed herewith is a copy of their letter.

Yours truly

Francis Peckley
Deputy Superintendent General of
Indian Affairs.
