

The Department desires that you ascertain if there is sufficient evidence to convict this young man for theft and if so that you take proceedings against him immediately.

I am sending a copy of a letter to the Indian Agent at Andover, dated the 17th June, 1910, with reference to this matter. The original should be in the Indian Office there. I also enclose a copy of the voucher for the purchase of this horse on file in the Department.

Your obedient servant,

*Duncan*  
Deputy Superintendent General  
of Indian Affairs.
