

There is no mistake that Principal Grant
knows what is the first essential of
a business, and that the capital is
necessary ~~now~~; for ~~now~~ is only
deficient in this.

I am on my way to visit him because
I don't know how to get a letter
from him. It is about 1150 and
I expect to be very soon
with you.

Do not let me tell,
I am affectionately,
Yours,

My dear Kennedy, it is not true that I am
at any time. When the letter comes down
I say with the same speed a few days
later we, Dr. by, seems and to say in
-fortable. It is not the same as the
is in season the interest in everything
change to some of the interest, which
most well is the same as words.
