### JUST ONE CHANCE

M. H. Stevens Believes that a Cut to Lake Erie is the only way that Floods can be Stopped

M. H. Stevens, President of the Canada Flour Mills Co., was somewhat put out by the flood. His mill has been shut down several days. "I have come to the conclusion," remarked Mr. Stevens, "that there is only one remedy that will stop the floods, and that is to have a channel cut across to Lake Erie above Chatham. Ice crushers and the widening and deepening of the river would be of no avail. Take this year, for instance. Everything was favorable, no ice jam, no rain, water got away, yet we have had the flood just the same. The whole trouble is that the river channel is not large enough to carry off the volume of water that pours down from the snow belt where the Thames takes its rise. A flood every year may now be looked for."

Cultivation is as necessary to the mind as food is to the body.

### THE MARKETS

There was a very poor market this morning. There was no butter offered and only a very few eggs, at 16 cents a dozen. Vegetable produce also was very scarce.

Following is the full price list:—

**IN THE SHEDS.**  
Butter, per pound, 25c.  
Eggs, per doz., 16c.  
Chickens, each, 25c to 50c.  
Ducks, each, 30c to 40c.  
Pork, 3c and 5c.  
Beef, 5c and 6c lb.  
Geese, 80c to 85c.  
Turkeys, each, \$2 to \$2.50.

**VEGETABLES.**

Potatoes, per bag, 85c.  
Apples, per peck, 10c to 15c.

Many men get the idea they know a great deal through women's flattery.

It is just as well to think your own ideas can occasionally be improved upon.

### HIS LIFE CRUSHED OUT

Body of A. W. Murton Found Off G.T.R. Tracks in Toronto.

Life Was Extinct, and It Is Surmised That He Fell Off One Train and Was Struck by Another Later and Killed—Was One of the Best Known and Popular Insurance Men in Canada.

Toronto, March 23.—Dead and mangled, the body of Arthur W. Murton, 129 Isabella street, was found early yesterday morning lying a few feet from the railroad tracks, near the entrance to High Park.

By what means the fatality occurred is not known, but the theory is that he fell off a train bound for Hamilton on Monday night, after falling he became unconscious and laid on the track, and that another train struck and killed him. On Monday deceased notified his family he was going to Hamilton on the 10:30 p. m. train. The late Mr. Murton was one of the best known and popular insurance men in Canada. He had been connected with the Canada Life Assurance Co. for nearly twenty years, and only a few days ago before coming to Toronto he was manager of the Ontario Bank in Newmarket. He was born in Guelph 56 years ago. He leaves a widow, son and daughter.

Coroner Orr will hold an inquest this morning at 10 o'clock at No. 2 police station.

**Result of Love Affair.**  
Hamilton, March 23.—The body of Miss Edith Jenkins, the 15-year-old daughter of G. Parry Jenkins, F. R. C. S., 35 South Macnab street, was found in a barn near Port Nelson yesterday. Beside her was a bottle that had contained kerosene. It is said that the unfortunate girl was infatuated with a man well known in the city several years her senior, and things did not run smoothly. In addition to that she did not enjoy good health, and had attempted to start a fire with kerosene. She disappeared Monday afternoon, rode to Burlington and tramped about three miles to the barn where she ended her life. Coroner Watson, Burlington, held an inquest last night.

**Suffocated in Own Home.**  
Winnipeg, March 23.—John Thompson, a C. P. R. machinist, aged 64, was suffocated at his home, Pacific avenue, yesterday afternoon. Mrs. Thompson attempted to start a fire with coal oil. There was an explosion and the house took fire. Thompson was asleep upstairs and was dead when found. The woman was taken to the general hospital badly burned and will probably die.

**Was Struck by a Train.**  
Buffalo, March 23.—John Zeiter, 35 years old, who lives near Stevensville, Ont., was found unconscious in pool of blood near the Michigan Central tracks at Bridgeburg, Ont., yesterday. His skull was crushed and his body bruised. It is thought he was struck by a train. He is in a serious condition in the General Hospital, Buffalo.

**Two Rescued by One.**  
Peterboro, March 23.—Stanley Lewis and Edward Murty, two boys, fell into White's Creek and were carried over a dam. They were rescued by a young Italian named Dominico Memma, who plunged into the stream at the risk of his life. He will be recommended for a Humane Society medal.

### TRAINS COLLIDE ON BRIDGE.

Three Cars Drop Into Street and Two Persons are Injured.

Niagara Falls, N. Y., March 23.—A Michigan Central and a Pere Marquette train came together in a head-on collision on the American end of the Cantlebridge Bridge early yesterday. Three cars were derailed and pitched over into the street below, a distance of 30 feet, carrying with them a switchman's shanty, in which was seated Patrick Whalen, a switchtender, who was badly hurt and resulted in receiving severe internal injuries. George Kehmlé, of Niagara Falls, (Ont.), conductor of the Pere Marquette train, was also badly cut and bruised and injured internally.

St. Joseph, Mo., March 23.—Five men have been drowned in the Missouri River here. The dead: Wm. Lewis, Oscar Lewis, Harry Talent, Harry Smith and Howard Hutchins. The men were engaged in dry building operations on the Kansas side of the river, opposite the water pumping station.

**Three Men Killed.**  
Troy, March 23.—Three men were killed tonight another so badly injured that he died a few hours later, by an explosion at the Schaghticoke Powder Mills yesterday afternoon. The men killed were Jas. White and Jas. Colburn, of Hazardville, Conn., and Wm. Sprague and Albert Bartlett, the latter being a new employee.

### FUNERAL AT BARRIE.

Andrew Macdonald Laid at Rest There Tuesday Afternoon.

Barrie, March 23.—Many people assembled from Barrie and different parts of the County of Simcoe yesterday to attend the funeral of the late Andrew Macdonald, Conservative organizer and ex-member of the Legislature. After the arrival of the 11:30 train from Toronto, a short service was conducted in the Presbyterian Church by Rev. Dr. McLeod, of Barrie, assisted by Rev. P. M. Macdonald, of Toronto, both of whom delivered brief addresses. Among the members of the Ontario Cabinet and Legislature present were: Hon. Dr. Fyfe, Hon. Dr. Willoughby, Hon. Dr. Monteith, John Galna, Thomas Crawford, W. R. Smyth, E. A. Little, J. S. Duff, A. B. Thompson. Other prominent Conservatives in attendance were A. W. Wright, Toronto; W. J. Parkhill, Midland, and J. J. Drummond, Penetang.

**Khan's Palace Besieged.**  
Ashkabad, Caucasus, March 23.—Refugees from Kuchan, Persia, report that the Palace of the Khan is besieged by an armed mob. The popular resentment against him is intense in consequence of allegations that he has been exploiting the people. The refugees charge that Mohammedans from Baku are responsible for exciting the popular passion against the Christians.

### ABOUT FISH

Caleb Wheeler had a well grounded complaint to make this morning and one which should receive active attention and consideration.

"There is an authentic rumor around," said he to The Planet, "that some very fine pickerel are being caught down the river. Did you ever notice that name of these pickerel have made their appearance on the Chatham market."

"We are in the centre of one of the finest fishing districts in Ontario and it seems as though that Chatham are not given an opportunity to purchase the excellent fish that are caught in the River Thames. All winter and this spring the only fish you can find on the market is white fish and salmon trout, and these of a very poor quality; while tons and tons of pickerel and choice fish have been shipped and are being shipped out of Chatham. Someone surely has the authority to give the people in this vicinity the advantage of the excellent fishing that is done right in our midst."

### A DANGEROUS HABIT

Gladstone's Physician Gives Warning Against a Growing American Custom.

The growing habit amongst Americans of taking a mint tablet or some other so-called digestive after eating a hearty meal, is something that Sir Andrew Clarke, M. Gladstone's physician, advises strongly against, saying: "It is absolutely dangerous to take into the stomach remedies which are popularly supposed to aid in the digestion of food."

There is nothing known to the science of medicine that can perform the work of the human stomach. Drugs do not and cannot digest the food; they simply decompose it. What food is more revolting or disgusting than the thought of taking something into the stomach that is going to turn the good food you have eaten into a mass of corruption. The only way to overcome indigestion and its evil effects is to remove all irritation, congestion and inflammation from the stomach, liver and intestines, and Mi-o-na is the only agent known that will do this. When a Mi-o-na tablet is taken before each meal every trace of irritation and inflammation is removed from the stomach and digestive system, and these organs will extract from the food all the good, making good, rich blood, firm muscles, steady nerves and a sound, healthy body. If you suffer with headaches, indigestion, flatulency, spots before the eyes, vertigo, or dizziness, palpitation of the heart, sleeplessness, or any stomach trouble, get a fifty cent box of Mi-o-na from C. H. Gunn & Co., one of our most reliable drug firms, whose faith in the remedy is shown by their offer to return the money if it does not give complete satisfaction.

### WIRELESS PHONE

Young Dauphin and Bob Hallinan are great chums. Both have to go the same way when they go home at night. Now it happened that Dauphin was held up about a month ago and robbed of his hard earned duca to the number of twelve and since then Bob and Dauphin go home together. They are pals. Unfortunately the two have to separate at Taylor's avenue and continue the rest of their way home at right angles. This bothered them for a while until they put their minds together and invented a species of wireless telephone. They call it the "wireless" and when they reach their respective gates and then dart into their homes.

This accounts for the strange noises that have been annoying the neighbors in this section of the city about midnight every night. Unless these young men go home earlier or stop their horrid yelling the neighbors threaten to ruin that wireless telephone system.

When a woman marries a man to reform him it serves her right.

### A Siege

The matrons of the Edison Orphanage at Lowell, Mass. U.S.A., wrote they had a siege of whooping-cough in their institution. They said that every case was promptly relieved by Vapo-Cresolene. Its value in coughs and colds was so great they always kept it ready for use. You know how it's used, don't you? "Tis heated by a vaporizer and you inhale it. Write us for a book that tells all about it.

Vapo-Cresolene is sold by druggists, or sent express prepaid on receipt of price. A Vapo-Cresolene outfit including a bottle of Cresolene, complete B. S. Send for free illustrated booklet. Laxmin, Mills Co., Ltd., Agents 288 St. James Street, Montreal, Can.

## The News-Tribune Report Untrue The Windsor Council Endorse the Asphalt Block.

This is to certify that on March 23rd, 1905, E. D. Craig, reporter for the Detroit Tribune, with a representative of the Warren Bitulithic Pavement Company, came into my store with a document and asked me to sign same. When reading it over I found that it stated that I had seen Ouellette avenue cleaned up a few days ago, and that they hauled away loads of red sand and broken asphalt block pavement from the street. After reading over the document I stated to those gentlemen that I would sign no such thing, that I had seen no red sand or portions of asphalt block pavement hauled away. I had only seen the mud hauled off the street, as had been done on previous occasions, the regular street cleaning process. They urged me to sign this paper, and I again refused to do so, and ordered them out of my store.

(Sgd.) W. H. EVERITT.  
I, the undersigned, am a clerk for Mr. Everitt, and heard the above conversation, and certify that what is stated above is quite true.

(Sgd.) P. J. ENGLAND.

Moved by Mr. Watson, seconded by Mr. English, and resolved, that the attention of this council having been drawn to a paragraph which appeared in the Detroit News-Tribune, Sunday, the nineteenth day of March, 1905, and which we believe has been copied by a large number of newspapers throughout Western Ontario, we feel it our bounden duty to express our entire disapprobation of this paragraph. It is not only intended as a reflection upon the pavement blocks made at Walkerville by the Ontario Asphalt Block Company, of Windsor, but it is a reflection upon the integrity of the directors of that company, as it seeks to convey the impression that they are palming off upon the Ontario public a pavement block which is devoid of merit. The article of which we complain can only refer to the paving blocks furnished four years ago by a Toledo firm, and not two years ago as the paragraph states, but it is so written as to convey the impression that it is the Walkerville pavement that is decaying and crumbling away. The article, even as referring to the Toledo blocks, is a gross exaggeration, not only as to the age of the pavement, but as to the statement that they are decaying and crumbling away. We therefore place upon record our disapproval of such tactics to discredit the Ontario Asphalt Block Company, of this city, and our firm belief that we possess in the streets of this city, which are paved with asphalt blocks, on a concrete foundation, furnished by the Ontario Asphalt Block Company, made in Walkerville, as perfect pavements as can be found in any city.

A true copy.  
(Sgd.) STEPHEN LUSTED,  
City Clerk,  
Windsor.

(SEAL)  
Carried unanimously.
