## The "Baby" Dairy Combined Churn and Worker

This new churn is the result of much study and is offered to the dairymen of the country as an improvement on all previous efforts in this direction, with the belief that it is as nearly a perfect machine for butter making in the dairy as human ingenuity can reach. The great success which our now celebrated "Victor" Churn for factory use has reached, has created a demand among dairymen for something equally effective, and, although we have most effectually answered this demand as far as the larger dairies are concerned, in the introduction of our "Victor" Dairy Combined Churn and Butter Worker, we have still appreciated the necessity of producing a machine for the small dairies and for farmers who have but few cows, as perfect in its performance of work as its predecessors, and at the same time easy to understand, easy to work, easy to clean, and so light and compact that any woman can handle it, and that the room it occupies when not in use will cause no inconvenience.

**Creamery Package Mfg. Co. Limited**

Makers of Butter and Cheese-Making Machinery,  
for the Factory and Farm. New Illustrated Catalogue Free.

Gowansville, Quebec.

### What Ails the Animal?

If you have horses or cattle afflicted with any lump, swelling or enlargement, you can cure them with Fleming's Lump Jaw Cure.

Ordinary lumps usually removed by one application. Lump Jaw once incurable, now cured by from one to three applications.

**Every Bottle Guaranteed.**

Cures Spavin, Curb, Sillit, Ringbone, etc. A reliable blister and counter-irritant, and a certain horn-stop.

Institute, Maney, Ont., July 25th, '99. Gents.—Send another bottle of Lump Jaw Cure. The last was a success in a far advanced state of the disease.

Our Illustrated Pamphlet on cure of Lump Jaw and other diseases should be in the hands of every farmer and stockman. Free to readers of this paper.
