points and \$5.00 on the market. Even further declines are looked for. If you want a tough, rugged, handsome return for food consumed, try the Ayrshires.

Montreal cattle market a week ago today showed such prices as usual at Easter the quality of the offering was excellent and a few extra choice steers sold for 82. Considerable trading was done at 77.25 to 77.75. Later in the week prices showed a decline to 75.50 and closing prices were practically the same as before. Choice steers sold at \$6.50, good, \$6.00 and fair, \$5.50. Cows \$5.75, and common \$4.25 to \$5.25. Cow \$4.85, or \$5.50 to \$5.50; and bulls \$4.00 to \$5.25.

Prices ranging from 21 to 25 according to size and quality. Larger calves sold to \$8.00. A few very choice young lambs sold for \$10 each. Prices ranged down to \$3.50. Old sheep brought \$5.50.

MONTREAL HOG MARKET

Montreal, Saturday, April 15.—There is very little change to note in the market for live hogs. The receipts are confined to fresh and meet with demand from the packers, this week's offering of selected lots weighed 25 to 37.50 a cwt. and are firm and are quoted at 37.75 to \$10.00 a cwt. for country dressed and stock. Country dressed are quoted at \$10.00 to \$11.00 a cwt.

EXPORT BUTTER AND CHEESE

With the first of the receipts of new cheese, and the first weekly meeting was held at Belleville, we can say that the season of the receipts have gone before. We should have some favorable circumstances a larger output of both butter and cheese will readily be ascribed by our ever increasing and foreign markets at home.

The value of cheese in Canada today is not as high as it was at this time last year, as will be noted by a comparison of the prices paid for Belleville this week against the corresponding week last year. The difference is mainly due to the somewhat heavier stocks in existence here and the large shipment of American cheese, and the large shipments of low price—shipments that consist of last season's high costing bulk and recent season's high costing bulk.

The market for butter is slowly but steadily declining in the face of the increasing receipts from the factories, many of which at this time are working on their receipts for the year. We are shipping their cream across the border to the United States, and the price of butter was selling on this market today at 22 1/2 cts. per lb. for the best. The price for butter is slowly but steadily declining in the face of the increasing receipts from the factories, many of which at this time are working on their receipts for the year.

declining market is looked for until we have seen to an export trade of a speculative nature, we reach a much lower price than that current today.

AYRSHIRE NEWS

Farm and Dairy is the recognized exponent of the dairy interests of Canada. Brooders of the British Lottie and all members of the Canadian Ayrshire Breeder's Association are invited to send items of interest to Ayrshire breeders for publication in this column.

Mr. W. J. Carlyle of Chesherville, Ontario purchased from Mr. W. B. Ballantyne of Stratford, Ontario, a registered Ayrshire bull 'Auchenbrain Albert', bred by John W. Auchenbrain, Manchester, Yorkshire, Scotland, possibly the best of his breed in Scotland at the present time. 'Albert' is the champion bull 'Monkland Guardian' bred by Thomas Barr, which bull is now at the head of Mr. Morgan's 'Stonecutter' herd at St. Anne de Bellevue. One of the best of Mr. W. B. Ballantyne's stable is a row of heifers, four or more by this bull, which are a lot, Mr. Ballantyne tells us, as he has never had on his place. Mr. Carlyle is congratulated upon securing such a well bred bull and from such a noted herd.

THE AYRSHIRE COW

The American Ayrshire Breeders' Association are advertising in some of the United States farm journals, a highly popular their favorite breed. The following points brought out in the advertisements: If your dairy of common cattle does not share, try a top cross with an Ayrshire. If the natural food supply on your farm is short, try the Ayrshire.

If you want more net profit from your dairy, take the Ayrshire.

If you want a tough, rugged, handsome return for food consumed, try the Ayrshires. If you want the coming dairy cow, take the Ayrshires. If you want the perfect dairy cow, take the Ayrshires.
