Attention is directed to the advertisement in this issue of the Robt. F. Wentz Engineering Co., cement works engineers, 509 Manning Chambers, Toronto. At the head of this company is Robt. F. Wentz, of Nazareth, Pa., well known over this continent as an expert on cement manufacturing machinery and premises. The company is prepared to act as consulting and constructing engineers, make examinations and reports of cement pro-

erties, and to furnish analysis and tests of cement and cement materials. It is also prepared to furnish plans and specifications, estimates, preliminary sketches, and to superintend the construction of cement plants in any part of the Dominion. Among the special machinery of which Mr. Wentz is the inventor, may be mentioned the Jeffrey Columbian Separator, the Economical Clinker Cooler, the Twentieth Century Dryer, and the practical Rotary Slurry Kiln. The company is in charge of the construction of the large plant of the Raven Lake Portland Cement Co. at Raven Lake, Ont.
