DR. HESS' STOCK FOOD

Is the result of scientific study. It is formulated by Dr. Hess, a graduate of both veterinary and medical colleges. If the colleges of veterinary science know of nothing better it must be good.

What prominent Indiana stockmen say of it:—

Evansville, Ind., Dec. 7th, 1901.

DR. HESS & CLARK, ASHLAND, OHIO:

GENTLEMEN,—We are feeders of Dr. Hess' Stock Food, and we will never do without it. We made a special test of it. We had a cow that was not doing well, little bit on the sick list. We began to feed Dr. Hess' Stock Food just as the directions stated, and in several days she showed an improvement in her appearance. A few days following we made a test of her milk, weighed it daily and in seven days she showed a gain of four pounds. We are feeding 60 head of cattle, 14 horses, 25 hogs, and our stock never did as well since we are in business. We cheerfully recommend Dr. Hess' Stock Food to the dairymen and stockmen. It will keep the cattle, horses and hogs in a fine condition.

Yours truly, C. W. & C. KRATZ.

Dr. Hess' Stock Food is a Guaranteed Milk and Flesh Producer.

It is not a stimulant, but a tonic. It builds up the system of the animal generally. Horses show greater ambition when fed Dr. Hess' Stock Food. They do more work and stand it better.

Feed Dr. Hess' Stock Food to your cows; if it doesn't pay, your money will be refunded. 7-lb. sack, 65c; 12-lb. sack, \$1.00.

Bruce's New Century Swede Turnip.

After carefully testing this variety, we have no hesitation in offering it as one of the very best shipping varieties on the market, while for cooking purposes it excels all the ordinary swedes. It is a purple-top swede, resembling the Westbury, of handsome appearance, and splendid, uniform growth, and the roots are clean and well shaped. It is the best swede we know of to resist mildew, and is a heavy cropper. Price: 1 lb., 15c; 1 lb., 40c; postpaid.

Bruce's Giant Yellow Intermediate Mangel.

This is a distinct strain of the intermediate type, which, though a heavy yielder, on account of its shape is much more easily harvested than the long varieties. The enormous size of the roots, their handsome shape, bright, smooth, yellow skin, and flesh of the most solid texture and nutritious quality, all combine to make it the most valuable introduction of recent years. Since we introduced this variety in 1891, the sales of this grand mangel have grown by leaps and bounds, and we unhesitatingly recommend it. Price: 1 lb., 10c; 1 lb., 23c; postpaid.

Our beautifully-illustrated catalogue—80 pages—mailed free to all applicants.
