VOL. XXXV. WINNIPEG. NOVEMBER 5, 1900. MANITOBA. No. 513

CONTENTS OF THIS NUMBER.

A Battle of Giants.
MR. A. HUGHES, druggist, Medicine Hat, reports a battle between two stallions on the Shannon ranch near that town. A heavy Clyde stallion got loose in the stable one night, and fiercely attacked a valuable blood stallion. When discovered in the morning, the poor brute was one mass of ugly bites from the withers to the ears, the mane being deeply bitten into the flesh. Every one who saw the horse the next day or two strongly advised shooting him—all but Mr. Hughes, who recommended Dr. Warnock's Ulcerure, and persuaded Mr. Shannon to try it. The result was that in a couple of weeks all the wounds were completely healed. Mr. Shannon now believes that Ulcerure will heal any kind of a wound, no matter how bad. Sold in large bottles at \$1.
