There are doubtless localities where, for the present, it is wise to adhere to the old system. But we honestly believe that in the long run the only thing that will save our Catholic parish schools, or at least the only effective means of extending their benefits to the greatest possible number, will be to make them free schools in the sense that no tuition fees will be demanded .- St. Louis Re-

A PROTEST. — At a meeting of dissemination of plain, unvarnished facts in regard to American life, and the Standing Committee of the Archbishops and Bishops of Ireland, held the fierce struggle that exists in . Dublin last month, the following development. THE TRUE WITNESS AND CATHOLIC CHRONICLE.

We are convinced that no falser conomy could be practised than that which would deprive training Colleges of the means of bringing their work to the highest degree of efficiency. We have to regard the withholding of the grant to which those colleges have so manifest a claim, as calling for a doubly emphatic protest, in view of the fact that whilst that grant is being withheld a grant of £50,000 as a building fund is being made to the Government training college in Marlborough Street, proceeding which we feel called upon to protest against on many grounds, amongst others the following :

1. It is a violation of the settlement made in the year 1890, with the ssent of all parties interested.

2. We believe that in this matter the Irish Government have yielded to political and sectarian pressure 3. The Marlborough Street Training College was originally establish ed as a place of "mixed education" for teachers of different religious professions at a time when it was hoped by the Government that "mixed education" would be accepted by the country. That hope has long since been abandoned. The national

schools are almost universally denominational; training colleges have been founded by the aid of Govern nent for Catholics and Episcopalian Protestants, jointly representing 88 per cent. of the population. To maintain this Marlborough street College as it still stood in its original rela tion to the system of national eduation in Ireland is simply a false It is now maintained at retence

GEORGE JOSEPH DALY Died October 1st, 1902.

Where thousands are sleeping my boy is at rest

And 'tis over a year since we buried him there, And we took a last look at our dear-

est and best, When we lowered his coffin with sorrow and prayer.

'Tis over one year since, yet ne'er comes the night.

To his mother or me that our boy, is not near.

We see him so cheerful, so peaceful, and bright

His face beaming love to the friends he left here.

Our son, our dear George, was so good and so wise. He lived as he died, kind, obedient,

sincere. And Oh, when I think the last look from his eyes,

ne'er can forget it for many year

We pray for the good, and the wise. and the true

We ne'er forget George when we say the night prayer,

We pray to rejoin him when death calls us two

And God in His mercy may end all our care.
