DR. RADWAT & CO.: I send you for publication the result of my treatment with your Pills in the following cases:

1st Casz.—Inflammation of the Bowels. John Chapman, aged thirty-four, was seized on the night of the End of October with inflammation of the bowels; was called at 10 P. M.; he had then been suffering over three hours; had not a passage for six days; I gave him six of your Pills, and applied the Ready Relief to the abdomen; in a few minutes the pain ceased, he fell into a caim sleep; at 4 A. M. he had a free evacuation; at 9 A.M. eat his breaktast; at 11 A.M., gave him six more pills, and for five days gave him three pills ped day; he is now well and hearty. In all cases of it flammation of the bowels, I succeed in removing a danger by a single dose of from six to eight in shours. In lead cholic, I give the pills in large doses in to eight, and a teaspoonful of Relief to a winegla of water every three heurs—it always cures.

2nd Casu—David Bruce, aged twenty-six, called the property of the control of the six of your pills every four hours, and gave him was drake of bonset tes. In twenty-four hours he was convalencent; is now at work and perfectly healing. driaks of bonset tea. In twenty-four hours he was convalescent; is now at work and perfectly healey. 3d Casa.—Sarah Burns, aged six years, seined will searlet fewer; gave her two pills every four hours for twenty-four hours; applied the Kendy Relief to be throat, gave her lemounade with haf a tenspoenful of lidilef as drink. In thirty-six hours he was pisying with her brothers and sisters. I have prescribed your lilis in cases of Dyspopsis, Indigestion, Contiseness, Singgishness of the Liver, or Torpidity, and have witnessed the most astonishing cures. I believe them that only true purgative in use; they are invaluabe, having a greater controlling influence in Liver and Spicen darangements than caloned or blue pill. Your lits are the only purgative that can be acministered with safety in Eryspeias, Typhoid kever, Scarlet Fever, Small Pox, and all Liuptive I-ceers; their coulting, tonic, and mild aperient properties render them invaluable.
