### Canada's War Effort

The following statement regarding Canada's achievements in the four years of the war has been given out by the director of public information:—  
Canada entered the war with a regular army of only 3,000 men. At the beginning of last month she had sent overseas not less than 390,000 soldiers, and on the same date there were in this country over 60,000 men being trained for service in France. This makes a total army of over 450,000.

### 43,000 Canadians Have Given Lives

Canadian soldiers to the number of 43,000 have given their lives to the cause. Of these 27,040 have been killed in action; 9,280 have died of wounds; 2,257 have died of disease; 5,342 are presumed to be dead.

The names of 113,007 soldiers have appeared in the casualty lists as wounded or sick. Between 39,990 and 40,000 of these have returned to duty; about 50,000 have been sent back to Canada as unfit for further service; 2,224 Canadians are still in German or neutral military prisons, and 384 are set down as missing.

### 10,000 Canadians Decorated

The bravery and devotion of Canadian soldiers and nursing sisters have not been without recognition. Some 10,000 of these have received distinctions of one kind or another. Following is a list of honors which have been won in the field by members of the Canadian expeditionary force:—

Victoria Cross, 30; Distinguished Service Order, 432; bar to Distinguished Service Order, 18; Military Cross, 1,467; bar to Military Cross, 61; Distinguished Conduct Medal, 939; Military Medal, 6,549; first bar to Military Medal, 227; second bar to Military Medal, 6; Meritorious Service Medal, 119; mentioned in despatches, 2,573; Royal Red Cross, 130.

Risen Splendidly to Financial Call  
In the financial effort necessitated by

the requirements of war, the country has risen splendidly to the occasion. By March 31 of this year, Canada's total outlay for war purposes was about \$975,000,000. The national debt before the war stood at \$336,000,000. When the accounts for this fiscal year are closed it will reach about \$1,200,000,000. The increase is almost entirely due to the war. It has been necessary for the government to borrow from the people of Canada to an extent which, four years ago, would have been thought impossible. At present the

sums which Canadians have loaned to their government, or in other words, our domestic loans up to date, for war purposes, come to \$766,000,000 or \$100 per head of the entire population. In the great Victory Loan campaign of last year \$294,000,000 was loaned to the government by 820,835 subscribers, which means that one in every nine of the population of the country subscribed to that loan. The Canadian Patriotic fund subscriptions now total more than \$40,000,000. These have been generously supported.

## McGregor's Record Aberdeen-Angus Sale

J. D. McGregor, Glenearnock Stock Farm, Brandon, Man., who has for many years had a continent-wide reputation as a breeder of Aberdeen-Angus cattle, broke all auction sale records in the Dominion when, on July 26, in a little over five hours, he disposed of 137 head of his stock for the magnificent sum of \$21,375, or an average of \$156 per head. Among the cattle sold was included his famous show herd, and the big majority of these animals went to buyers from the United States. Mr. McGregor's reason for selling his herd was that his son Kenneth, who is manager of his Glenearnock farm, is going to the war, and, as he himself is food controller for Western Canada, his duties in this connection take up a great deal of his time. It is somewhat of a pity that this good herd should have to be dispersed, but it is, on the other hand, just as satisfactory to note that a big majority of the animals went into the hands of Western Canadian breeders. The offering included bulls, females with calves at foot, heifers and calves, and there were some good "steaks" in their sale. The bidding for the female stock was very spirited and many more heifers could have found purchasers.

There were quite a number of buyers from the other side of the line, chief among whom were Judge Gilt, of Perry, Mo., Col. Judy, West Lebanon, Ind., John S. Goodwin, of Chicago, W. E. Scripps and Son, of East Orient, Mich., W. H. Cooper, of Hendrick, Iowa, and others. Among the buyers from Western Canada were the agricultural colleges of Manitoba and Saskatchewan, the department of agriculture, Regina, Geo. H. Hutton, of the Dominion Experimental Station, Lacombe, Alta., F. Noid, of Oads, Alta., C. H. Richardson, Bowden, Alta., W. L. Parrish, of South Winnipeg, Good & Sons, Belmont, Sask., and numerous others. The highest priced animal sold was the three-year-old cow, "Eva of Glenearnock 2nd," which went to Judge Gilt for \$2,750. The next highest price was \$2,600, paid by John S. Goodwin, for the seven-year-old cow, "Flanlina," imported, bred by G. B. Bastlow, Grantown on Spey, Scotland, while the next was "Eva of Glenearnock 7th," a yearling heifer, bred by Mr. McGregor, and sold to Col. Cooper for \$2,500.

With the exception of the show herd, the cattle were all just off the grass and many of them were by no means fat, especially the cows with calves, but their breeding was of such merit that they found ready purchasers, and it was especially satisfactory to note that the majority of the animals bred at Glenearnock, found buyers from the three prairie provinces. The sale was attended by over a thousand people, and was conducted expeditiously by Auctioneers W. H. Cooper, Iowa; J. W. Innes, Calgary, who did the selling; Dan Hamilton, of Dauphin, Man., and W. H. English, of Harding, Man., who looked after the bids. There were also present Charles Gray, Chicago, secretary of the American Aberdeen-Angus Association, and other representatives of this association, who handled bids for clients in their respective territories. The following is a complete list of the animals sold, with their purchaser and price:—
