DANGEROUS THROAT TROUBLES PREVENTED BY NERVINE

It Ends Misery of Colds Quickly

Don't wait till night. Get after your cold now—this very minute, before it grows dangerous. You should apply old-time 'Nervine'.

Rub your chest and throat, rub them thoroughly with Nervine. Relief will be immediate.

Nervine will save you from lying awake tonight, coughing, choking and suffering from congestion in the chest and acute pain in the throat.

Nervine will break up that dull neuralgic headache—will kill the cold and chill at its very beginning—will save you from perhaps a serious illness.

To take away hoarseness, to break up a grippily cold, to cure a sore throat or bad cold in the chest, you can use nothing so speedy and effective as Nervine. For forty years it has been the most largely used family remedy in the Dominion. Time has proved its merit, so can you by keeping handy on the shelf the large 50c family size bottle; small trial size 25c, sold by any dealer anywhere.

It is wise to prevent disorder—Many people lead to disorders of the stomach and few are free from them. At the first manifestation that the stomach and liver are performing their functions, a course of Parnelee's Vegetable Pills should be tried, and it will be found that the digestive organs will speedily resume healthy action. Laxatives and cathartics are blended in these pills that so other preparations be so effective as they.
