PURE RICH BLOOD PREVENTS DISEASE

Red blood—that is, blood that is pure and invigorated, thin and pale—is responsible for more ailments than anything else.

It affects every organ and function. In some cases it causes catarrh; in others, dyspepsia; in others, rheumatism; and in still others, weak, tired, languid feelings and worse troubles.

It is responsible for run-down conditions, and is the most common cause of disease.

Hood's Sarsaparilla is the greatest purifier and enricher of the blood the world has ever known. It has been wonderfully successful in removing scrofula and other humors, increasing the red-blood corpuscles, and building up the whole system. Buy today.

TORTURED BY RHEUMATISM

"FRUIT-A-TIVES" Brought Quick and Permanent Relief

MR. P. H. MCHUGH

108 Church Street, Montreal.

December 10th, 1917.

"I was a great sufferer from Rheumatism for over 10 years. I consulted specialists, took medicines, used lotions; but nothing did me good.

Then, I began to use "Fruit-a-tives"; and in 15 days, the pain was easier and the Rheumatism was better. Gradually, "Fruit-a-tives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. Also, I had severe Eczema and Constipation, and "Fruit-a-tives" relieved me of these complaints; and gave me a good appetite; and in every way restored me to health." P. H. MCHUGH.

Visit of the D.D.G.M. On Wednesday evening of last week Right Worshipful Brother W. B. Seace, D.D.G.M., of Brant District, No. 23, paid his official visit to Wilson Lodge, No. 113, A. F. and A.M.

After being introduced by Worshipful Brother L. L. Sovereign, D.C., and welcomed by the Worshipful Master of the lodge, the D.D.G.M. assumed the gavel and after a few remarks placed the meeting again under the control of Worshipful Brother R. D. Gibson. The officers of the lodge then exemplified the First Degree in a manner that elicited the highly complimentary remarks from the D.D.G.M. and many other visiting brethren. After the degree work was completed the District Secretary, Worshipful Brother W. E. Day, read the annual report of Wilson Lodge, and afterwards complimented the lodge on its prosperous condition and favorable outlook.

Brother O. R. Schram, Junior Warden of the lodge, then invited all brethren to remain to participate in the "Fourth Degree," prepared so well by the ladies of the Guild of the Trinity Church in the I.O.O.F. lodge room. After about fifty, among whom were several from Brantford and Scotland, had enjoyed the repast to their hearts' content, all repaired again to the Masonic room, where the following toast list was proceeded with under the direction of Master R. N. Gibson, who in his introductory remarks stated that since the meeting of Wilson Lodge on Wednesday was its first after the signing of the armistice, it certainly was unique. This year, 1918, one could safely say, was, with probably one exception, the most important, the most momentous, in the history of the whole world.

The first toast, "The King and the Craft," was responded to by all joining in singing the National Anthem. Right Worshipful Brother J. Messacar of Scotland, who recently proposed the toast, "The Grand Lodge of Canada," which was very ably responded to by Right Worshipful Brother W. B. Seace, D.D.G.M., and Very Worshipful Brother M. Wilbee of Brantford, a member of the Board of General Purposes.

Right Worshipful Brother J. Ross was next called upon to propose a toast to Our Guests. This he did in his usual happy style and the toast was ably responded to by Worshipful Brothers J. Broadbent and W. E. Day of Brantford, and Dr. Anderson of Scotland.

Worthy Brother Gibson then requested the brethren to drink a silent toast to the "Brethren Overseas," at the conclusion of which Very Worshipful Brother Russell of Brantford recited "In Flanders Fields," a most fitting selection for the occasion.

Bro. Capt. L. B. Reynolds was present and narrated graphically some of his experiences in the Great War.

A most delightful and profitable evening was brought to a close by the Junior Warden's toast, followed by "Auld Lang Syne" and the National Anthem.

with them; visiting was the principal feature.

Mr. Harry Dunsdon of Brantford, who has recently returned from overseas, was present and very entertaining, giving some of his experiences while at the front. A lovely collection of presents was received in honor of the occasion. We all join in wishing Mr. and Mrs. Dunsdon every happiness and many happy returns of the day.

Our November meeting of the Middleport Women's Institute was held at the home of Mrs. W. Kirk, with a good attendance despite the unfavorable weather. A pleasant time was spent in music and recitations, after which the bazaar was held. A lovely collection of articles were brought and sold quite readily. A quilt made and donated to the bazaar by Mrs. R. Dougherty, president of the Institute, for which 300 tickets were sold, realized \$30. This lucky number drawn was No. 8, of which Mr. R. Dougherty was the owner. Mr. Dougherty's wish was that if he drew the quilt it should be presented to the society again, and sold over again. A motion was carried to the effect that tickets be sold to the members and friends present, and a fresh draw made, but owing to some of the number objecting and would not purchase a ticket, and wished a second draw, Mr. David Douglas' ticket for the second draw was No. 13, and Mr. R. Dougherty willingly gave up the quilt to Mr. Douglas.

Not a Particle of Dandruff or a Falling Hair

Save your hair! Double its Beauty in just a few moments. "Danderine" makes your hair thick, glossy, wavy and beautiful.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—your scalp can have beautiful hair and lots of it if you will just try a little Danderine.

To Subscribers in Arrears

Paper Controller Orders Cutting Off of Unpaid Subscriptions!

Mr. R. A. Pringle, K. C., the Paper Controller of Canada, has issued an order, effective January 1, 1919, which says:

"2. Discontinue sending paper within three months after date of expiration of subscription, unless the subscription is renewed and paid for."

There are many other restrictions imposed, but this one is the most important. Therefore, between now and the end of the year The Courier's subscription list must be overlapped and put on a paid-in-advance basis, in order to comply with a governmental order.

Accounts have already been sent out to those in arrears, but subscribers do not need to wait for a "dun" to spur them to action. The date on the label affixed to the paper sent to mail subscribers tells the story. City subscribers can learn how their subscription stands by referring to their last receipt.

The reason for this regulation of the Paper Controller is that it is the practice of some publishers to send their newspaper until ordered stopped, and this practice frequently means a failure to collect anything for subscriptions in arrears, in which case there is a virtual waste of paper. It is to prevent paper waste that the new regulation has been decided on.

The manufacture of paper consumes labor, wood, coal, chemicals and transportation facilities, and every ton of paper saved means just so much labor, raw materials, chemicals, fuel and transportation available for urgent war needs. For these reasons the Government insists that paper shall be saved, and proposes that only those who pay for their publications shall receive them.

Under these regulations The Courier will have no choice in the matter of dealing with subscriptions in arrears for over three months.

Send in your subscription at once. Do not delay, the collectors call regularly on city subscribers. Keep your account up-to-date.
