What Manitoba Has Done For the Red Cross Society.

From a small nucleus of organization which existed at the beginning of the war, the people of Manitoba have built up a Provincial Red Cross system which yields to none of the other Provinces in enthusiasm, efficiency and amount of work accomplished. In fact one might go so far as to say that Manitoba with characteristic Western determination has become one of our model Red Cross Provinces.

Up to last summer its work had consisted of the collection of money for the Central Canadian Society and the shipping through the St. John Ambulance Association. By last July, however, the Provincial branch had attained such proportions that Manitoba was given the distinction of being the only Province shipping its own supplies in its own boxes, in car load lots straight to England.

In the Keelewayden Bldg., Winnipeg, a great supply station has been established, which purchases supplies at wholesale rates and distributes them to the workers of the whole Province to be made up into hospital articles required have been standardized and systematic instructions have been given to all the Branches, thus making Manitoba Red Cross material of uniform quality.

All this work has been done under the direct administration of the Women's Auxiliary, which has 2200 members. The Manitoba women are themselves in control of the actual physical working of their provincial branch. The abundance and excellence of volunteer labor has meant an immense saving of overhead expense, and the cost of Red Cross operation in Manitoba is 1 per cent.

There are in the Province 56 organized branches with a total membership so far as returns have been made of 7519 consisting of 396 life, 905 subscribing, 2376 active and 2842 associate members. It is estimated that complete returns would show the actual Red Cross membership of Manitoba to be over 10,000.

The Province was asked for 50 beds in Cliveden Hospital, and actually subscribed 118 at a cost of \$6065. The total receipts of the Provincial Branch have been \$120,116, of which \$45,199 was contributed by Winnipeg. Over \$8,000 was given by various Manitoba Municipalities, and \$24,559 was received from unorganized sources, representing the spontaneous generosity of Manitoba citizens generally. In the two months following July the Supply Department at Winnipeg shipped 800 cases of Red Cross goods at a value of \$20,000.

There is not the least doubt that Red Cross work has been particularly successful in Manitoba, at the same time the Province is determined to make new records. To quote the words of Mr. C. B. Piper, Chairman of the Manitoba Executive, "The Province is one unit in this matter." No other province in Canada can show the same organization. We have a greater proportion of permanently organized branches. We have a far greater number of unorganized sources of money and supplies than any other Province in Canada.

Our entire object has been to set a pace which may be constantly maintained and perhaps augmented as the demand increases. Our people are prepared to carry the work thru to the finish and to meet every demand which may be thrust upon us.

PROFESIONAL RETICENCE

Did that man quote you correctly in that interview?
I can't tell," replied Senator Sorghum

Don't you know?
Yes, I know, but I can't tell until I have learned how my constituents like the article.

Letter From a Forty-Niner

Here is a simple, interesting and sincere letter from a rugged pioneer of '49, who braved the dangers and hardships of the overland trail to California. It should appeal to all catarrh victims.

Santa Rose, Cal, May 5, 1908
Booth's Hyomei Co., Buffalo, N. Y.

Dear Sirs: I was afflicted with catarrh and tried a number of remedies, but received no relief. I purchased an outfit of Hyomei, and before I had used the bottle I noted a marked relief. I had used it for a month or so, and thought I was cured, and stopped using it for a year or so. Thought I was getting catarrh again, and started using it again. I use it every morning, and keep myself clear of catarrh. I consider it the best catarrh medicine that is used. I have often recommended it to my friends. I am 81 years old. I came to California in 1849, and of course am not as vigorous as I was 58 years ago. My address is 841 4th Street. Yours truly, W. Mock.

Hyomei (pronounced High-ome) is guaranteed by J. D. Clark not only for catarrh, but for grip, coughs, colds, bronchitis and croup. A complete outfit, including inhaler, costs only \$1.00; extra bottles of Hyomei, if afterwards needed, cost but 50 cents.
