

RUSHING THE G.T.P.

Collingwood Schreiber, consulting engineer to the department of railways at Ottawa, arrived in the city on Saturday, and will today proceed to Pottage la Prairie, whence he will go over the new track as far as it is laid which is some 160 miles. He will then return to Winnipeg and meet F. W. Morse, the general manager, and the two will afterwards travel to Edmonton. Mr. Schreiber will inspect the new work in that section and subsequently return to his home.

Accompanying Mr. Schreiber is Dr. Fletcher, the entomologist of the Dominion government, who will go through to Edmonton on the present trip.

In conversation with a reporter Mr. Schreiber stated that the object of his trip was to inspect the completed portions of the G.T.P. railway, was being built as rapidly as the government of Canada required, with the object of bringing pressure on the contractors in case the work was not being carried forward with sufficient energy. The country beyond Edmonton will not be visited on this occasion, Mr. Schreiber having seen it thoroughly on the occasion of his last visit. At that time he rode on horseback for several hundred miles, making the journey through from Edmonton to the Yellow Head pass.

The party will drive for long distances. Certain portions of the dump which have been inspected, and which have been fully completed, will not be before the end of the year. "Before the end of the year the track will be covered from Winnipeg to Saskatoon," said Mr. Schreiber last night. "At least I have Mr. Kelliber's word for it, and what he says I know they will carry out."

"I think we may also be satisfied that they will certainly reach Edmonton next season, and have the track in good order for traffic. But, of course, we are not always correct in our forecasts."

Mr. Schreiber would not say when the work would be completed through the mountains, but he seemed to put full reliance in Mr. Kelliber, the company's engineer, who, with his accustomed Irish modesty, sat blushing like a rose, but mute as a sphinx despite an invitation of Mr. Schreiber for him to take over the interview.—Free Press.

NEW BRIDGE FOR BATTLEFORD

Battleford, Oct. 8.—Mr. Champagne M.P.P., returned this week from a visit to Regina, having made the fol-

lowing trip. He succeeded Kelly Bros. in the construction of the traffic bridge across the Saskatchewan river. The work on the structure must be commenced not later than October 15, and the north channel work completed by March 1. The entire work of completing the structure must be completed by August 1 next, but as the new contractors intend to put on a day and night gang it is hoped that the work will be ready for the steel early next summer. Mr. Champagne also interested the local government regarding the providing of an adequate coal supply for next winter, and steps are to be taken to prevent an recurrence of last winter's suffering.

PROVINCIAL SUPREME COURT SITS

The first sitting of the supreme court on banc of Saskatchewan was held yesterday afternoon when Chief Justice Wetmore and Justices Johnstone, Newlands and Lamont appeared on the bench.

Nearly all the lawyers of the city were in attendance. Geo. H. Barr, was admitted a member of the bar, being introduced by Hon. F. W. G. Haultain.

The three new King's Counsel, F. W. G. Haultain, Norman Mackenzie and Frank Ford were called by Chief Justice Wetmore. The customary speech making at events such as this with lawyers and judges taking part were short and appropriate. The Regina bar was represented by Mr. Haultain who in his address dealt with the evolution of the judicial system of the province.

Chief Justice Wetmore replied for the judges.

RAILWAY MEN HERE

On Monday evening members of the board of trade and city council held a conference in the King's hotel with W. B. Lanigan, general freight agent of the C.P.R., and G. M. Bosworth, fourth vice-President of the same company. Questions referring to subways, drainage, siding construction, to warehouses, and new schedule of rate for distributing houses were talked over. Arrangements were made for a conference with Sir Thomas Shaughnessy, president of the C.P.R., who was to reach here the following Wednesday.

The citizens present were Mayor Smith, P. Cooper, president of the board of trade; Ald. Beverett, Ald. Cowan, P. McAr, Jr., H. W. Laird,

J. F. Bole, M.L.A.; D. O. Taylor, H. C. Lawson, publicity commissioner, and others.

PRISONER ESCAPES

A young man by the name of McDonald, who was brought here from Broadview a short time ago charged with burglary, and who was here awaiting his trial, made his escape from the jail yard last Friday morning.

This man, with several other prisoners was out in the yard, under guard, when he scaled the wall by aid of a ladder which was in the vicinity.

The R.N.W.M.P. aided by a number of citizens who were sworn in, patrolled the country for miles around but no trace of the prisoner has yet been discovered.

The supposition is that McDonald boarded the east bound train which was due about the time he escaped.

A great deal of sympathy is expressed for Constable Levy, who was on guard, and who, no doubt, will be called upon to pay the penalty of his negligence.—Mooseomin World.

NORMAL LITERARY

The literary society of the normal school held their usual meeting on Friday afternoon, Oct. 4. The meeting opened with the president "Mr. Huff" in the chair. After some business matters were attended to a lengthy program was given.

The programme consisted of an instrumental by Miss Gehl; speech by Mr. Wm. Trant; instrumental by Miss B. Browne and song by the Glee Club. Mr. Trant gave a very interesting and instructive address on Goethe's Faust. His effort was very much appreciated by the pupils who tendered him a very hearty vote of thanks.

The meeting closed with the National Anthem.

POINTERS FOR GRAIN SHIPPERS

It would go 30 bushels to the acre, still if this grain is allowed to harden before threshing it will sell at present prices about 90 cents in store at Fort William. I feel safe in saying that all grain that has body enough in it to thresh will sell at very good prices if allowed to dry be-

fore threshing. Drying at terminal elevators is very expensive.

The following too, may be of some value:

See that the car is clean. See that the inside doors fit properly, and that the floor and sides are in good repair. After finishing loading go around the outside of the car with a hammer and tap the boards gently, and if any leaks are discovered see that they are mended before the car is fitted.

TRAGEDY AT BATTLEFORD

North Battleford, Oct. 8.—A shocking tragedy marred the hunting season Thursday night, when Bert Hunter, aged fifteen, accidentally shot and instantly killed his brother Frank. Frank was twelve years old. The boys lived with their parents about two miles north of town.

The dead lad was killed with a shot gun at close range. The entire top of his skull was blown off.

Frank and Bert were out hunting chickens and were returning home when the accident happened. They were walking down a steep grade close to their home, Bert ahead carrying the gun over his arm, his brother close behind.

Suddenly, for some cause not yet learned, the gun went off. The full charge struck Frank in the forehead, terribly mutilating him.

Bert looked around, and at the terrible sight, ran screaming to the house of Mr. York, a neighbor. Meanwhile the boys' father hearing the screams ran to the spot. He picked up the dead body of his son and carried it home.

Both of the parents are completely stunned by the accident, which cost the life of one of their sons. Bert, who did the shooting is prostrate with grief.

The community is greatly shocked at the accident, and heartfelt sympathies is expressed towards the bereaved parents.

Additional Locals

Armstrong Smyth & Dowswell are this year selling the Souvenir Hot Blast stove. The prices are: No. 12 \$15; No. 13, \$18 and No. 13, \$22.50.

Wellington Lane, of the Coulee, is in the hospital with the fever.

Minard's Liniment relieves neuralgia.

HAULTAIN & CROSS

Barristers, Solicitors, Notaries Public, etc. Offices: Marsh Block, South Street, Regina, Canada. F. W. G. HAULTAIN, M.C.; J. A. CROSS

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary spots or specks floating or dancing before her eyes, has gnawing distress of heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weakness and derangement that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional endorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle wrapper and stated under each.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system, and especially the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of such must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Dr. Pierce by letter. Free. All correspondence is held as strictly private and assuredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (500 pages) is sent free on receipt of 11 one-cent stamps for paper-covered, or 50 stamps for cloth-bound copy. Address as above.

PRINCE THE THE President Hays Says It Is Se Be on the Spring

Vancouver, Oct. 8.—The Grand Trunk spent four days lately, and when it gets to Prince Rupert on the market that they would be purchasers; and it would be shown, townsites is practical and surveys can time. The work of the townsite is as soon as the awarded. A tempo will be laid at once now on the war. Respecting the construction work the Grand Trunk Hays said that he is ready to let contract for him to deal with under consideration so that contract ed at once. There in the way of other tractors able to expeditiously. The in Canada had the nearly all of the their work. As to the employment, President Hays as saying that it for him to deal with would be up to the labor. President Hays' action of the Grand Trunk and the site of Prince Rupert in a few words everyone who has special favors to money. To develop Columbia both needed, and the Pacific railway must country in order to. Whether the lots will be sold at auction, has not been. But it is settled "ever" that Prince Pacific end of the Pacific railway; that the finest on the north have every modern cheap and rapid cargoes; that the laid out on a conform with the tures of the ground as a checker board who buys a lot of building to suit the future city with fire limits building restriction pert, as far as help it, will be of the Pacific coast city in British Columbia.

HUBBARD PHILCO Elbert Hubbard remarkable Magazine. Elbert Hubbard and founder head of the famous East Aurora, New America's remark at the invitation he wrote an and his work for the course of which count of himself. I was born in 1858. My father whose income hundred dollars at fifteen, with three R's, and be tion in "manual good. I knew all wild animals kind of fish, frog, swam, ran or the great breeds of and swine. I could teach while being milk saddle or harness reed; knew the butter, pumpkin smoked side beef at a teach and. That is to a strong, active been brought up and mother get family. Coun I was not so don't feel sorry. God is often on. At fifteen I, w did a man's wo did not like it. He replied, "yo do." And I replied ward like the c and became a c and went to C printing office; house to house; docks; read all
