The new printing machine recently put in by the Winchester Press has borne fruit in an enlargement of the paper to a 28-column sheet. Subscribers of the press should signify their appreciation of such enterprise in \$3 and cents.

In these days a merchant need not hope for a rush of trade if he ignores the local press. A man must first be a good business man, and then let the people know it through the columns of a local newspaper. An attractive "ad," planted in good soil, will bring forth an abundant harvest.

RHEUMATISM CURED IN A DAY.—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. The action upon the system is remarkable and permanent. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Warranted by J. P. Lamb.

The Teachers' Convention at Brookville on Thursday and Friday last was one of the most successful yet held. The attendance both days was large and the programme was both interesting and profitable.

Mr. U. J. Flach, B. A., of Athens, was elected President of the Association for the ensuing year, and was also named as a delegate to the Teachers' Convention of 1893.

At Winchester Springs on Monday evening of last week, as three men and a boy named Eddy Liberty were after a fox in a hollow log, one of the men shot the animal, but, not killing it, he loaded a second time, when raising the hammer to shoot the fox again, the hammer slipped and the gun went off accidentally, wounding the boy Liberty. The lad died after 30 hours' suffering. The shooting was purely accidental.

Justly Honored.

We learn by our Montreal exchanges that D. V. Beacock, the well known dentist, of Brookville, has accepted a professorship in the new dental college to be established in Montreal, in connection with McGill college. This appointment is a worthy tribute to the professional skill of the Dr., and we are also pleased to learn that while his duties in connection with the college will necessitate his going to Montreal quite often during the college term, it will not be necessary for him to close his own office in Brookville, which will be left in charge of a practical assistant during his absence.

The High School Staff.

The High School Board have secured A. D. Passmore, B. A., as first assistant. Mr. Passmore is an honor graduate of Toronto University and a specialist in his department. He has taught in the Brookville Collegiate Institute and in Upper Canada College and comes to Athens highly recommended as a teacher of Classics and English.

Mr. Flach takes the position of principal, left vacant by the resignation of Mr. Kennedy. The promotion of Mr. Flach is a fitting recognition of the valuable service he has rendered the school and is an action that will be endorsed by the students and by all who have any knowledge of high school matters.

Messrs. Mott & Robeson, on Friday last, shipped a car load of oats from the Athens station.

The Reporter from now until Jan. 1st 1894, for \$1.00, to new subscribers.

The Reporter from now until Jan. 1st 1894, for \$1.00, to new subscribers.

Messrs. N. Willard, C. C. Brown, C. Keefer and A. Jordan were among those who enjoyed the salmon fishing last week.

The eclipse on Thursday last was a gratifying success. It was strictly correct in point of time and space covered, as announced on the programme.

Send \$1 in advance and have the Reporter sent until Jan. 1st 1894, to your friends. It will be the most acceptable Christmas present you can make them.

Last session there were four divorces before the Dominion Senate. This year there are already nine on the list. Divorces are becoming fashionable.

During the past week considerable progress has been made in the work of repairing the trunk sewers on Main st. and through the south ward. No cholera need apply.

Mr. Young, of the Cornwall Freeholder, favored us with a call on Saturday. He was homeward bound after a brief visit to Charlottetown, where he had been enjoying the salmon fishing.

The "Fin and Feather Quartette," composed of Mr. J. H. Kiley, Geo. Morrish, Clifford Nash and Harry Blanchard last week made a tour of the back lakes, going by way of Charlottetown, Gananoque river and the Furness waters.

While in Toronto last Sept. Mr. H. H. Arnold selected and purchased a set of the finest and most artistic water-color paintings (elegantly framed) that we have seen anywhere. Lovers of the artistic should call and inspect them.

Beeton, a small village north of Toronto, was completely destroyed by fire last week. Lack of fire protection was greatly deplored. A few days before they had by a majority of seven defeated a bill to secure them the protection they needed.

A paragraph in the Ontario Game and Fishery Act reads as follows: "No person shall hunt or kill any wild animal, birds or fish, or use any gun or any other engine for that purpose." Offenders against the act may be arrested without any process.

Capt. Fleming, an English gentleman, staying at Goderich, killed a salmon on Friday last. Saturday was apparently an "off day" with the salmon; for the dozen boats that patrolled the east shore captured only one, so far as heard from.

At Brookville on the afternoon of Tuesday, Oct. 18, the grand jury returned a true bill against Charles S. Luckey. The prisoner pleaded not guilty when brought up for trial, and an application for a postponement of the trial, based on the plea of lack of time for preparing a defence, was granted. Consequently, he will not receive his trial till the spring assizes. In the meantime the prisoner must remain in goal.

Mr. Fred Williams has been appointed operator at Beekingham, a station on the C. P. R., twenty miles from Ottawa. It is needless to say that we regret having to say good-bye to so worthy a citizen. During his long residence here Mr. Williams has been a most successful and popular man, and we regret to hear that he will be leaving us to go to his new station.

We are pleased to note that Mr. H. G. Oaten, formerly local editor of the Athens Reporter, has accepted a call to the staff of the Stratford Beacon, and is now city editor of the daily and weekly edition of that journal. The Beacon is the leading Reform paper of Western Ontario. Mr. Oaten has been assisting at the Beacon upon having secured the services of a clever and industrious journalist.

No means have been taken by the manufacturers to push the sale of their "Myrtle Navy" tobacco except giving from time to time a simple statement of the facts connected with it in the public press. The large and rapidly increasing demand for it has been the result of the experience of smokers who have accepted Mr. Oaten's suggestion. Their advice to business men is to advertise largely if they have the right article to back up the advertisement with.

On Saturday last Samuel Morris, a young man residing on the Charlottetown road, received a bad knifing wound in the back, as a result of the killing of some hogs for Mr. Howard when a knife in the hands of a companion slipped and cut a deep gash in the leg below the knee. The blood spurted and continued to bleed very profusely until Eugene Howard, who was present, formed a tourniquet with a handkerchief and placing it above the wound twisted it with a stick until the hemorrhage was stopped. Medical aid was promptly summoned and no serious results are anticipated.

A Great Event.

It is said the greatest thing in Almsness this or any other country has yet seen will be the Star Almanac of Montreal, 400 pages and 6 maps. To be perfectly sure of getting it we believe it will be best to give your order to a newsdealer.

Apologetical.

"We hope," said the leading article apologetical, "that our readers will be intelligent, and the scurrilous and malicious abuse of a certain letter. Shooting Sam Bibber came into our office yesterday, and allowed that no ammunition he would like to borrow some of our type for shot. Before we could prevent it he had grabbed all the letters out of the large box and disappeared. Our subscribers can help in replenishing our stock if all those who write shot by Sam will send their charge when it is picked out of them and returned to us. Next mind if it is returned a hit."

A FAREWELL GATHERING.

The Pupils of the Athens High School and Citizens Meet and Farewell to Mr. L. A. Kennedy, M. A.

On Tuesday evening last the lecture room of the Athens high school was filled to overflowing with students, teachers, school trustees, and citizens generally, the occasion being a farewell gathering to Mr. L. A. Kennedy, who was to leave on the following day for Toronto, where Mr. Kennedy has accepted a position on the staff of the Harbour St. Collegiate Institute.

Mr. W. G. Parish, reeve, who acted as master of ceremonies, called the meeting to order and explained that the proceedings were to be altogether informal. The village orchestra (composed of Messrs. Bristow, Compa, Halbrook and Kincaid) played one of their popular selections, after which the following address was read by Miss Bertha Gile and the presence of the meeting was brought down to six past and again fire was opened. This time the tenth shot seemed to have taken effect and the better, not wishing to have the new halter cover with gore, slipped the noose over the head of the animal, expecting that in another moment would be the last kick. Imagine the surprise of the party, to see the canine spring in excess of the whistle on the top of the dog's head. An adjournment was made and a Snider Enfield breach loading shot gun procured. The distance doomed animal was brought down to six past and again fire was opened.
