The growth of this institution during the last two years has been won-derful. The attendance has been dou-bled on account of the thorough course of training which we give. One of our young men is now drawing a salary of \$1,800 a year; another \$900; others from \$400 to \$800. Within the last menth two of our students have gone direct from the College to positions paying \$500 a year. WE QUALIFY OUR STUyear. WE QUALIFY OUR STU-DENTS TO FILL THE BEST POSI-

he Postmaster at Delight Wash, Gra fully Yields a Point

The postmaster at Delight, Wash. nas consented that the office be made one at which money orders may be issued. The Post Office Department determined some time ago that Delight should be made a money order office. The postmaster objected and wrote to the Postmaster-General in opposition to the plan. Again he was informed of the determination of the Department. Postmaster-General Smith the other day received the following let-

'Postmaster General: "Sir: Yours of the 13th inst. received and contents noted. We think from the tone of your kind letter that you mistook our meaning perhaps or we should have been more explicit.

"We never intended to dictate to you how our Post Office should be run, and if you come to such a conclu-

sion you mistook our meaning. "It is your duty to give to the public in our neighborhood the very best mail service possible, and if you think it would answer that end by making it a money order office we have no more to say. The next thing would be for us to let somebody else have it if it did not suit us. Until the last two or three years the only pay there was in our Post Office was the convenience there was in it for our community. Our first quarter cancellations did not quite amount to \$4 and we never got a red cent of that, as there was no instruction come with our commission (had not got the postal laws) we sent the whole business to the United States expecting when it was audited would get our pay, but we never

"This was during Cleveland's first term. Then during his second term in making our quarterly report we overooked \$10 in stamps that we got from he Department. Have done that very thing since and was allowed to make the correction that we took no credit for which was held against us and persisted in the extent of pressing our sureties for payment (of course we would not let them suffer), we borrowed the money and paid, but never

"At the time referred to we were only experimenting with our country; did not know then whether it would make an agricultural one or not, but all doubts in that direction have happily been dispelled, which is evidenced by the trainloads of emigrants that are almost daily coming to our States and adjacent ones.

"Well, we are like the young preacher, got clear away from the text. After we had sent one letter to you and come to think what we had written, that Delight belonged to me and that we had a right to say whether it should be a money order office or not, but your answer had none of the 'Big I and little u' about it, but was tinged with kindness toward an old ignorant

HAS PILES.

The Most Torturing Disease That Dr. Chase's Ointment.

Of the grown-up persons you meet from day to day one in four suffers more or less from itching, bleeding or protruding piles. Mock modesty, leads many to suffer in silence, others dread the surgeon's knife, and, believing an operation to be the only cure, neglect to be treated. Some have found out by actual trial that piles can be promptly relieved and thoroughly cured by the use of Dr. Chase's Oint-

If you are a sufferer from this exasperating ailment and will once make a test of Dr. Chase's Ointment you will be grateful to the end of your life for having read this advertisement. It will certainly cure you, no matter what forces of piles you have, so long as you give it an honest trial.

It has been frequently remarked by persons who have used this preparation that it has probably relieved more suffering from itching skin disease than any remedy that the world has known. While remarkably efhas known. fective, as a cure for eczema and salt rheum, Dr. Chase's Ointment is unique as the only actual and proven cure for each and every form of piles. Mr. George Thompson, a leading merchant of Blenheim, Ont., states: 'I was troubled with itching piles for fifteen years, and at times they were so bad I could scarcely walk. I tried a great many remedies, but never found anything like Dr. Chase's Oint-

"After the third application I tained relief, and was completely cured by using one box."

Mr. F. G. Harding, retired farmer, living at Nilestown, Middlesex County, Ont., writes as follows: "I have been troubled with bleeding and itching piles for four or five years, and suffered intense agony at times. I had tried almost everything, but could get nothing that would give relief. On hearing of Dr. Chase's Ointment

I procured a box, and it only required

part of it to completely cure me. I am recommending it to all afflicted as I was.' If you have not met with some one who has been cured of piles by Dr. Chase's Ointment, ask your neighbors about it. It is impossible to publish testimonials of persons that all readers know, but by asking your friends you are sure to hear good words for Dr. Chase's Ointment. It is standard the world over and is guaranteed to cure any case of piles, 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Some authors tells us that "much is said about the tongue." True, the thing is in everybody's mouth.

"More haste, less speed," and "has ten slowly," are proverbs born of ex-perience that some things can't be hurried without loss and waste. That is specially true of eating. The railway lunch habit, "five minutes for re-freshments," is a habit most disas-trous to health. You may hurry your eating. You can't hurry your diges-tion, and the neglect to allow proper time for this important function is the beginning of sorrows to many a busy man. When the tongue is foul, the head aches, when there are sour or bitter risings, undue fullness after eating, hot flushes, irritability, nervousness, irresolution, cold extremi-ties, and other annoying symptoms, be sure the stomach and organs of digestion and nutrition have "broken Nothing will re-establish down. them in active healthy operation so quickly as Dr. Pierce's Golden Medical Discovery. The Asthmatic's Agony.

Wakeful nights, suffocating sensa tions, difficult breathing. Who can describe it? This disease, partly congestive, partly the result of microbe irritation, is no longer treated by nauseous, stomach destroying drugs, but by Catarrhozone, that destroys the microbe, relieves congestion and relaxes the nervous irritability that renders breathing so difficult. The medication is carried by the air you breathe to the very seat of the disease, and removes at once the cause. The great discovery is known as Catarrhozone. Its influence upon Asth-ma is simply marvellous. Catarrhozone prevents as well as cures, and is the only remedy guaranteed to cure. Your money back if it fails. HOW TO TALK.

It is better to be frankly dull than pedantic. One must guard one's self from the temptation of "talking shop" and of

riding one's "hobby." Whatever sets one apart as a cap-ital "I" should be avoided. A joke or humorous story is dependent upon its freshness for appreciation Some emotions will not bear 'warm-

It is no longer considered good form to say a word against any one. An ill-natured criticism is a social blunder. Gossip too is really going out of fashion

Talk that has heartiness in it and the liveliness and sparkle that come of light-heartedness and innocent gayety is a fairly good substitute for wit. Offer to each one who speaks the homage of your undivided attention. Look people in the face when you talk

Talk of things, not pers best substitute for wisdom is silence It is a provincialism to say "Yes, "No, ma'am," to one's equal. Have convictions of your own. Be

yourself and not a mere echo. Never ask leading questions. We should show curiosity about the copcerns of others only so far as it may gratify them to tell us.

Draw out your neighbor without catechizing him. Correct him if necessary without contradicting him. Avoid mannerisms.

Strive to be natural and at ease. The aervousness that conceals itself under affected vivacity should be con-

trolled, as should the loud laugh. True wit is a gift, not an attainment. Those who use it aright never yield to the temptation of saying anything that can wound another in order to exhibit their own cleverness. It is natural and spontaneous. "He who runs after wit is apt to catch nonsense."-Ladies' Home Journal.

OUT OF BABES' MOUTHS.

"Can you tell me," said the Sunday school superintendent to a bright little girl, "in what condition Job was at the end of his life?" "Dead, sir,"

was the prompt reply. Little Nettie was learning to read and part of her lesson ran thus: "The cat has a rat." "Huh!" she exclaim-ed. "The man who wrote this book didn't know very much. Cats don't have rats; they have kittens."

"Johnny," said a mother to her greedy little five-year-old, "if you eat so much lunch you will spoil your appetite for dinner." "Well, I don't care," answered Johnny. "I'd rather have a good lunch for my appetite than a good appetite for my dinner." "Mamma," said a mother to her Nettie, "where do people go when they die?" "I can't tell just where, my dear," answered her mother. "But don't you know, mamma?" asked the little miss. "Of course not, Nettie," she replied, "how should I know?"

"Why, mamma." asked the small in-terrogator, "didn't you never study geography?" HOUSEKEEPING

Their Diplomatic Relations Reported Strained and May be

Broken off. Paris, Aug. 5 .- The Foreign Office here refuses neither to confirm or deny the advices from Constantinople saying the French ambassador there, M. Constans, has handed over the uestion of the right of a French ompany, known as the Quays Company, to enjoy rights claimed under a convention to his government, at the same time recommending his own recall, and that the passports of the Turkish ambassador at Paris, Salih

Munir Bey, be delivered to him. The Temps says there is reason to believe the Foreign Office is consid-ering his passports. The Francais thinks that instead of breaking diplomatic relations with Turkey, the French Foreign Office will suspend them by giving M. Constans unlimited leave of absence. An immediate decision is improbable, as M. Delasse, the French Foreign Minister, and other high Foreign Office officials are absent on their holidays.

The dispute centres on the Porte's refusal to allow the Quays Company, which is a French concern, to enjoy the rights they claim under a con-vention. The Sultan is determined to obtain the quays, negotiations for the purchase of which are becoming active, because he regards as highly dangerous the facilities now afforded for landing and embarking passen-
