

KEN-WO COUNTRY CLUB

Holds Annual Meeting at Kentville—
Officers Elected

The adjourned annual meeting of the Ken-Wo Country Club was held at Kentville on Wednesday evening of last week. At least one hundred members of the Club from Kentville and Wolfville were present when President Graham called the meeting to order at eight o'clock, and from that hour until ten p.m. it was certainly the most interesting and lively meeting the Club has ever had. The members present were keen to realise the importance of the meeting, and after reports of progress had been read by Mr. J. Graham Johnson, showing the progress already made, provisions were made to increase the membership, as well as to provide ample means for the further development of the grounds, so as to complete the golf links, tennis courts, and the erection of a temporary club house in the nature of a log cabin.

The election of officers resulted as follows:—President, George E. Graham, re-elected; Vice-President, J. Elliot Smith, of Wolfville; Secretary-Treasurer, J. Graham Johnson. Executive Board—J. E. Hales, R. E. Harris and George Munroe of Wolfville; Captain Holland and Herbert Oyler, of Kentville.

It was unanimously voted that the Executive Committee should engage a first-class man to solicit additional shareholders.

Then came the surprise of the evening when the lady stockholders furnished a splendid luncheon, during which the McDonald Orchestra entered the hall, and in a very few moments, tempted by the seductive strains of the music, President Graham, with Mrs. Dan Munroe, opened the programme of dancing, which continued until long after midnight, when all regretfully departed for home, admitting they had never had a more delightful or instructive evening.

I have often been asked to define the true secret of success. It is thrift in all its phases, thrift as applied to saving. A young man may have many friends, but he will find none so steadfast, so constant, so ready to respond to his wants, so capable of pushing him ahead, as a little leather covered book, with the name of a bank on its cover. Saving is the first great principle of all success. It creates independence, it gives a young man standing, it fills him with vigor, it stimulates him with the proper energy; in fact, it brings to him the best part of any success—happiness and contentment. If it were possible to inject the quality of saving into every boy, we would have a great many more real men.—Sir Thomas Lipton.

The Best Medicine
For Little Ones

Thousands of mothers state positively that Baby's Own Tablets are the best medicine they know of for little ones. Their experience has taught them that the Tablets always do just what is claimed for them and that they can be given with perfect safety to children of all ages. Concerning them Mrs. Joseph Therrien, St. Gabriel de Brandon Que., writes: "Baby's Own Tablets are the best medicine I know of for little ones. I thought I would lose my baby before trying the Tablets but they soon made him healthy and happy and now I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CELEBRATION AT ANNAPOLIS

To the Editor of THE ACADIAN.

Dear Sir:—Will you kindly permit me to acquaint your readers that a triple celebration of historic events of interest and importance will take place in the old Fort at Annapolis Royal on Wednesday, August 31st, 1921.

On that day tablets will be unveiled commemorating (1) the tercentenary of the Charter of New Scotland—1621; (2) the bicentenary of the establishment of British Civil Courts in Canada—1721, and (3) Judge Haliburton's arrival at Annapolis Royal—1821.

These tablets are to be presented to the Nation, and erected in Fort Anne, now a Canadian National Park, for safekeeping and as the most appropriate place to receive them.

Number one will be presented by the Premier of Nova Scotia and another speaker on behalf of the Provincial Government; number two by the Chief Justice of Nova Scotia, the President of the Canadian Bar Association and other representatives of the Bench and Bar of Canada and number three by the Vice President of the Historical Association of Annapolis Royal.

Following these proceedings there will be afternoon tea for invited guests, and in the evening an open meeting of the Historical Societies, at which papers will be read, and speeches made, bearing on the day's events.

The Hon. Mr. Justice Chisholm, of the Supreme Court of Nova Scotia, will preside at the unveiling, and as President of the Nova Scotia Historical Society will also take the Chair in the evening. The Chief Justice of the Supreme Court of Canada has been invited to unveil the three tablets.

L. M. FORTIER,
President, Historical Association of Annapolis Royal.

The Seattle Post Intelligence says that "if the prodigal son had lived in the day of high skirts he wouldn't have become so excited over the fatted calf."

Your bill for Rates and Taxes was sent out first week in May.

On account of the large Bank Overdraft a ready response will be much appreciated.

Discount allowed.

H. Y. BISHOP,
Town Clerk.

GREAT NEED FOR HEALTH REFORM

The need for health reform in Canada is greater and more general than any except a few specialists know. The problem is primarily one in the conduct of the individual life and it broadens from personal hygiene to home hygiene and public hygiene or Public Health. The greatest hindrance to progress is lack of knowledge and lack of willingness to apply it. The medical experts at the Conference in Cannes adopted a Minute announcing it as their opinion "that a great part of the world-wide prevalence of disease and suffering is due to widespread ignorance and lack of application of well established facts and methods capable either of largely restricting disease or preventing it altogether." The expenditure of much wealth is not needed to secure good health, but some energy, a certain amount of intelligence and a willingness to play the game are required. Most children are born with the possession of good health; the problem is to conserve that precious heritage. In backward civilizations a slow and continued waste of that priceless gift of nature begins from the time the baby

is weaned; but scarcely any attempt is made to arrest the wastage. It ought not to be so in Canada. But some recent investigations fill us with surprise and anxiety. The General Health of Canada at the present moment, is far from good. Preventable disease still stalks viciously through our country.

To such agencies as the Red Cross, which has taken a very decided stand for the improvement of health and the prevention of disease and the relief of suffering throughout the world, should unquestioningly go the support and material interest of every thinking citizen.

GRAND PRE AND HORTONVILLE

Mr. J. W. McLelland arrived from Halifax a few days ago. He will likely spend the summer at his home here.

The Women's Institute met at the home of Mrs. A. Bishop on Friday last. The meeting was well attended.

We are glad to report that those who have been ill with measles and mumps are improving.

The monthly meeting of the Mission Circle was held on Monday evening, at the home of Mrs. F. W. Curry.

The Monthly Cheque
That Never Fails

How the Money was Lost

"You see I had only a few thousand dollars left after the estate was settled—"

and my brother borrowed some to help him along; of course that went and then—

I simply had to help father with his business, he was so worried—

and I thought it best to invest something in real estate at once. Well, that failed—

and, really, if it were not for the monthly income cheque from the Canada Life I don't know how I should be getting along now."

It is all so simple and effective!

Just a few dollars set aside regularly, and the Canada Life will guarantee to your home a continuous monthly income.

While you will probably live to draw the proceeds of the policy yourself, what a relief to know that no matter what may happen, the monthly cheque that never fails, issued regularly by the Canada Life, will come to your home.

Your present Life Insurance will no doubt "clear the mortgage," pay off the obligations of your estate, and leave something for your family, but

Consider This:

In addition to a "lump sum" of money, you should provide a definite income that cannot fail.

A weekly or monthly income is the natural thing for most people.

A woman can keep a family together on even a small income, provided it is regular.

Financial problems should not be thrust upon a woman who is not used to business deals.

The hands of unscrupulous men are always outstretched for money held by the unwary.

The Monthly Income Plan

You will be surprised to learn what a reasonable proposition can be made to you; how only a few dollars saved and set aside from your regular earnings can be multiplied into a substantial income for your Beneficiary.
