ppointed Licence Inspector. On a division Messrs. Stewart, Sissons and Smyth voted for the motion, and Messrs. Peuhale, DesBrisay and Hunt against it. The Mayor gave his casting vote against the motion, which was therefore

Moved by Coun. Penhale and Hunt that the appointment be referred to the Licence Committee. Carried. The Council approved of the present arrangements for Town Clerk's help.

DO YOU FEEL THIS WAY. Do you feel all tired out? Do you some times think you just can't work away a your profession or trade any longer? D you have a poor appetite, and lay awake a nights unable to sleep? Are your nerveall gone, and your stomach too?

your profession or trade any longer? De you have a poor appetite, and lay awake a nights unable to sleep? Are your nerver all gone, and your stomach too? Has ambition to forge ahead in the world leftyour if so, you might as well put a stop to your misery. You can do it if you will. Dr. Pieree's Golder Medical Discover, will make you a different individual. I will set your aluggish liver to world lively and put if your aluggish liver to world. It will set things right in your ston and your appetite will come back. I re is any tendency in your family towar sumption, it will keep that dread dower away Even after consumption is at gained a foothold in the form of sering cough, broughting, or bleeding line in it is in the programment of the stomach white, was educed by goven free to all who wish it is him. His great success has come from its wide experience and varied practice.

O. S. Copenhaver, Eaq., of Mount Union Huntingdos Co., Pa., Boar 22), writes, "About welve years ago I was suddenly taken with pain in the pit of the stomach which was so wite in I could not walk straight. It would grow more severe until it caused waterbrash and come I had a form of dyspepala and treated me for about six months with but little benefit. And of the physician told me my liver was out of or and that I had indigestion. He gave me treatment and I got some better but only for a sufficient line. I then tried another one, who said had chronic ludigestion, ulcoration of the lining of the stomach, torpid liver and kidney affection He treated me for more than a year and I fel much better, but it did not lass. It hen took the sing several widely advertised patent medicines, but received up more than a great medicines, but received up and the stomach, torpid liver and kidney affection. The profession was present medicines, but received up and the stop of the profession of the lining of the stomach, torpid liver and kidney affection. The received

Coun. Penhale paid a visit to Lethridge last week.

To Cure Fever, Chills, Ague.

We know of no remedy so reliable as Nerviline. Twenty drops taken in hot water three times a day not only stops the chills but destroys the disease completely. Nerviline has a direct action on ague and chills and removes their exciting causes. In stomach and bowel disorders Nerviline head and bowel disorders Nerviline head and servistomach and bowel disorders Nerviline has held first place for nearly fifty years. It is powerful, swift to act. thorough, and perfectly safe. Being pleasant to taste its popular with everybody. Your druggist sells Polson's Nerviline in large 25c, bottles: satisfaction guaranteed.

Wright, W. A. Taylor, J. K. Drinnan, C. F. Grant, H. H. Foster, F.

The town possesses most of the coverages found in modern cities.

distributed over the whole town. There is an abundant water suppl by direct pressure to all parts of the town. The waterworks system, like the natural gas system, is the prop-

erty of the town.

From its healthy situation and other advantages it is most desir able as a residential town, and it is worthy of note that the residen are among the prettiest and most substantial in the west.

The town is situated at an altitude of 2171 feet above sea level and ting. There are no chilly winds and

ainfall for eight years show an average of 15.47 inches p. The mean temperature is the mean equable in Canada east of the Rocky Mountains.

The winters are short-generally less than three months— and are broken by "chinook spells," and the snowfall is light. The coldest spell lasts but a few days. Warm "chinook" breezes from the Japan cur-rent cross the mountains through the passes, lifts the snow, and leaves a nice balmy atmosphere which continues for several days together, rendering it possible to play baseball in December and January. It might be December and January. It might be expected that intense humidity would characterise the atmosphere under such circumstances but such is not the case. The snow simply evaporates leaving the ground dry and firm.

NATURAL RESOURCES.
