CAPTIVITY ENDED.

Miss Stone and Companion Released by the Brigands and is Now in Safety.

CONSTANTINOPLE, Feb. 23. Miss Ellen M. Stone, the American missionary, who, with Miss Talika, was captured by brigands in the district of Salonika Sept. 3 last, has been released and arrived at Strumitza, Macedonia, at 3 o'clock this morning. Nobody was at Strumitza to meet her as the brigands had given no indication where they proposed to release the prisoner. Mrs. Talika and her baby were also released. They are all well. Miss Stone immediately made herself known to the authorities at Strumitza. The first news was contained in a telegram received by Mr. Dickenson, the American consul general at Constantinople, from the vice-consul at Salonika. The telegram gives no details. As Strumitza is near the Salonika-Uskub railroad Miss Stone will proceed to Salonika without delay.

LONDON, Feb. 24.—Wiring from Constantinople, the correspondent of the Daily Chronicle says he understands that, owing to the necessity of protecting the innocent persons who assisted them the American delegates will never divulge where and how the ransom money was paid. The correspondent learns however, that the rule of filling the money bags with lead after the ransom had been paid with a view of making it appear that the mission to pay the ransom had failed, was completely successful. It is practically certain that the ransom money goes to the "Macedonian Committee."

Miss Stone, continues the correspondent, is completely innocent of any knowledge of the plot to kidnap her, but strong suspicions are entertained about some Bulgarians who accompanied her party or remained behind.

MOCK PARLIAMENT.

U. N. B. Students Open Their Mock Parliament With a Very Interesting Session.

The first session of the present House of the U. N. B. Mock Parliament was held on Saturday evening last in the university library. This was the first session held in the library since it was enlarged last summer, and, as a consequence, both members and visitors had more room and the accommodations were generally better than was formerly the case. Yet, even under these circumstances, its session was taxed to the utmost by the large number who had gathered to watch the proceedings. At a quarter past eight Baron Legere, Governor General, entered the house accompanied by his aides, Major Howe of the Stanley Light Infantry, and Colonel Perley of the Andover Sappers. The Guard of Honor, under the command of Captain Howe of the York County Dragoons, consisted of Messrs. Ryan, Grimmer, Massie, Fenwick, Bedell, Whitehead, Golding, Murphy, Baskin and Jordan. The governor soon retired, however, and Clerk, Sir Edward Lynch, announced that it would be necessary for the House to elect a Speaker. Premier E. G. MacKenzie moved that the Hon. Angus T. Firth, of Hampton, be elected Speaker. This was seconded by the Hon. C. B. Martin, leader of the Opposition, and carried unanimously. On being escorted to the throne, Hon. Mr. Firth was heartily congratulated by many of the members, after which he returned thanks to the House for the honour bestowed upon him.

Baron Legere, having been informed that a Speaker had been elected, again entered the House and proceeded to read the Speech from the Throne. This was read in both English and French. After delivering this speech the Governor General left the members to order. The address in reply to the Speech from the Throne was moved by a member of the Junior Class, Mr. S. P. Firth, of St. John, representing Otago. Mr. S. P. Firth proved himself an able and eloquent speaker and was interrupted several times by hearty applause. The reply was seconded by J. D. McCarthy, of Fredericton, a member of the freshman class, representing Tattletown. Mr. McCarthy also proved himself to be a fluent speaker. He was followed by the Hon. Mr. Martin, leader of the Opposition. Mr. Martin is one of the best speakers among the University students and his effort on Saturday evening did him great credit. Mr. Martin was followed by Mr. MacKenzie, leader of the Government. Mr. MacKenzie also has a reputation as an orator of fluency and power and his reputation lost nothing on this occasion. At the close of Mr. MacKenzie's speech the debate was adjourned and several bills were introduced and questions asked.

Wonders of the Heart.

All the blood in the human body passes through the heart in about three minutes. The heart beats 70 times a second, 4200 times an hour, 100,800 times a day, throwing out 25 ounces of blood a second, 650 lbs. an hour, 7 tons a day. It is only when supplied with pure, rich blood that the heart, an organ 6 inches long by 4 inches wide, can accomplish this enormous amount of work and rebuild its own wasted tissues. Dr. Chase's Nerve Food is the most effective treatment available for heart affections because it forms new, red, corpuscles in the blood and gives to that life sustaining quality which is necessary to the health of every organ.

PROVINCIAL NEWS.

Arthur B. Lake, aged 30, died after a very brief illness from pneumonia at the home of his father, 308 Union street, St. John, Saturday night. He had lived with his wife and four children on Brussels street, but was taken ill while at his father's residence on Friday last.

There are but five patients in the isolation hospital at St. John and they all appear to be improving. There has been but one case of smallpox this month and none for a fortnight.

Alfred Perry, one of the oldest and best known residents of Queen's County, died at his home at the Narrows last Friday evening at the age of eighty six, and was formerly a ship-builder. He leaves four sons, George and Wilmot of St. John, Ammon of British Columbia and Alfred of Boston; and two daughters, Mrs. John Burt of St. John and Mrs. Norah Black of Sussex.

Many a girl's cooking education begins and ends with making chocolate cake.

FIRE DEPARTMENT.

Letter From Charles M. Wright Respecting the Recent Action of the Chief Engineer.

To the Editor of THE DAILY GLEANER, DEAR SIR.—Will you kindly insert the following in today's issue of your paper. In reference to the recent trouble that I have had with Chief Lipsett of the Fire Department and which has created quite a lot of talk among several citizens, I thought that it would only be fair to show that the judgment that has been meted out to me has been too severe and that I have been unfairly dealt with. The charge that the Chief claims that I am guilty of is that I used insulting language to him; but you will see by the evidence that I never used any insulting remarks to him nor never asked permission to the fireman Doherty, when some ladies went to enter, to be good to the ladies and in no way insulting. Then the Chief says, "Wright, don't speak again," and I told him I had a privilege to speak, and he said he would deal with me when I went to the station. I went to the station Captain Smith told me to consider myself discharged if I did not apologize to the Chief, but I did not see anything to apologize for, so I refused. Then the case was investigated and I was told I would have to write an apology to the Chief, before I could be reinstated. Now I will leave it to any fair-minded citizen, whether it was proper that I should be discharged from the fire department after being a member for eight years and doing my duty as a fireman to the best of my ability. There are other things which have occurred at other fires which I might mention, and which would satisfy the public, the Chief and the Chief Engineer nor Captain Smith have properly attended to their duties. I might say more but I don't want to take the space in your valuable paper. So, thanking you for inserting the above, I remain

Yours sincerely,
CHARLES M. WRIGHT,
Fredericton, Feb. 24th, 1902.

Allee, Yet Half Dead.

Feeling miserable. This is the condition of thousands of growing girls and women. Can't eat enough to be truly alive. Digest food so slowly they can't eat, as to scarcely know what life really means. Miserable? Of course. Eat more, digest more, then feel streaming through life's renewed current, buoyancy, the strength, the hopefulness of youth. Simply done if child just take Paroone the wonderful blood maker, nerve strength and brain invigorator. Mr. Barehill, druggist, knows all about it. Call and ask him about it.

Spring Shirts

They have opened at Oak Hall a large variety of regatta and soft front shirts from the factories of Tooke Bros., William Green & Rome and E. Van Allen & Co., all of the very latest patterns, styles, and grades, and will be to your advantage to inspect these goods early as they are already on the move, the prices 75c., \$1.00, \$1.25, will keep them going.

SMALLPOX IN QUEBEC.

A Parish Priest Stricken with the Epidemic—Quarantine Precautions.

GASPE Que., Feb. 24.—Rev. Father Cote, cure of the parish of St. Joseph de Lanse du Cap, is seriously ill with smallpox and in consequence the parish church has been closed and is under quarantine for forty days. All schools in the parish have also been closed and although the disease seems to be of a rather mild type, the municipal and health authorities are doing their utmost to prevent its spread. They are, however, somewhat handicapped by the opposition of the inhabitants to submit to vaccination or to quarantine regulations. At present smallpox exists to some extent in the Parish of Perce, Pabos and Lanse du Cap.

To cure a cold in a night—use Vapo-Cresolene. It has been used extensively during more than twenty-four years. All Druggists.

It is the average woman's boast that she is a very sick woman when she "gives up and goes to bed."

Hood's Pills

Do not grip nor irritate the alimentary canal. They act gently yet promptly, cleanse effectively and

Give Comfort
