LEG BROKEN

Jas Cook run Over by Heavily Loaded Waggon

AMPUTATION NECESSARY

Was Hauling Bridge Iron From Charlott Station to Bridge

A serious accident occurred at Charlott on Saturday morning. Jas Cook with three others were hauling bridge iron from Charlott Station to the bridge in course of reconstruction near that place. While going down McLean's hill the load shifted forward on the truck and the ends of the iron struck the horses which immediately bolted. Three of the men jumped and escaped injury. Jas Cook who was driving the team endeavored to get the animals under control but striking a large rut on the road was thrown forward on the pole between the horse and fell under the wheels of the truck, which passed over him. The unfortunate man's leg was badly crushed, the other leg badly bruised, his shoulder injured and he was also cut and bruised about the head.

Two doctors from Dalhousie were immediately summoned and Dr. Lunan of Campbellton went down by special train. A consultation was held and amputation was decided necessary.

The services of a trained nurse have been procured and the patient resting easily.

It hits people in a tender spot and makes it mighty hard to brace up. Nervine will take that kink out of your spinal column in short order; it soothes, that's why relief comes so soon. Nervine penetrates, that's why it cures. Five times stronger than ordinary remedies Nervine can't fail to cure lame back, lumbago, sciatica and muscular pain, has no equal and costs 25c. per bottle.

STEAMER ROCKCLIFF

Meets With a Whole host of Trouble

FIRE IN ENGINE ROOM

Left Port on Sunday Morning With a Bad List

Fire was discovered early Sunday morning in the engine room of the Steamer Rockcliff lying at the wharf here loaded with deals and ready for sea. An alarm was sounded which quickly brought out the fire brigade but in the meantime the private hose used by Mr. Baird for supplying vessels with water was attached to the service pipe on the wharf which proved sufficient to extinguish the flame not however before considerable damage had been done. All the wood-work of the engine room was burned and considerably damaged otherwise.

The Rockcliff seems to have had the gods against her ever since leaving the wharf. She was eighteen days in coming across the pond, her engines breaking down twice and it appears that on Saturday morning when ready to leave port her engines played her false, some of the crew refused duty and had to be locked up. They were subsequently released with the hope of getting out to sea on Sunday morning, but they managed to make good their escape.

Shortly after the fire was extinguished on Sunday she was taken in tow by the tug Victor and Christians, but unfortunately grounded at the traverse. A survey was held on Monday afternoon and part of her deck load had to be removed. She had a bad list to starboard, which the filling of her water tanks would overcome to some extent.

DOGFISH PEST

Discussed in the House on Tuesday.

MR. TURGEON'S VIEWS.

The Member for Gloucester Urges Immediate Campaign.

Ottawa, July 19.—In the Commons to-day there was a further discussion of the dogfish pest. R. L. Borden, Mr. Copp, of Digby; Mr. Sinclair, of Guysboro; Hon. Wm. Ross and Mr. Roche, all urged action to destroy this pest, and suggestions were made relative to the commercial use of the fish and a bounty for catching them. The minister of marine said the department was seeking to solve the problem.

Mr. Turgeon, for the Acadia French fishermen of Gloucester, said that the pest had fallen heavily upon his constituents. They wanted the dogfish destroyed, but did not want to turn into dog fishermen themselves. They thought the government should undertake a campaign of destruction. Before the Halifax award, the American fishermen, with heavy and large seines, had depleted the Canadian mackerel fisheries. He thought if this could be done by Americans with mackerel, the Canadian government could do the same thing to the dogfish.

The reduction works might be a good thing, but while they were being built the fisheries would be destroyed. The government should undertake a campaign at once. At least \$25,000 should be devoted to the work immediately.

The best is none too good—McLean's Vegetable Worm Syrup is the original and genuine.

HON. R. LEMIEUX

Stirs up the Conservatives By Speech in London.

ENQUIRY IN HOUSE.

Solicitor General Inequant Over Article on Dundonald Matter.

The Hon. Rodolphe Lemieux, Solicitor General, now in England seems to have incurred the displeasure of his political opponents by a speech delivered at a Liberal demonstration in London. He is credited by the Conservative press with saying "Let well enough alone" in regard to tightening the bonds between the mother country and Canada.

In parliament yesterday an enquiry regarding Mr. Lemieux's utterances was answered by Sir Wilfrid Laurier to the effect that no man would care to be judged by an extract cabled as to what he said. It would be better to wait until they learned the facts about Mr. Lemieux. This seems a reasonable view to take of the matter.

Another utterance of the Solicitor General that is causing considerable comment is as follows:—

"I read the Times article upon the Dundonald case with much indignation. The Times is always against the Laurier Government. It gives Dundonald's version of the case completely ignoring the Government side. There is no doubt, but that Dundonald is now playing into the hands of the Canadian Opposition in view of the coming elections. The meeting in Toronto was nothing else but a pretext to arouse the feelings of Ontario but rest assured there is enough common sense in Canada to understand the true position. Nothing is being left undone by Sir Frederick Borden to establish the efficiency of the Canadian militia. Canadian volunteers, both English and French, long ago learnt how to fight and to die for the Empire. Be sure, however, that unless the British Government recalls Dundonald immediately the bitterest feelings will be aroused in Canada against the Imperial military authorities."

The Elected of Bonaventure have a hundred times reason to feel proud of their representative. Called upon to answer to the toast of the Province of Quebec at the Fielding Banquet in Toronto, he made the most applauded speech of the evening. We are most happy for our friend and County labourer as well as for the electors of Bonaventure, to declare that he has been able to conquer the esteem and admiration of the business men of Toronto, as he long since conquered our own and those of all who have been fortunate to listen to his warm, hearty eloquence wherever he has spoken and in any of the two languages."

Toronto papers state that Charles Marcil captured his audience the other evening. Those who know him will be prepared to hear that.—Montreal Herald (Liberal).

Mr. Charles Marcil M. P. proved again that he is just about the foremost orator in Canada. So fine a speaker in the United States would be lionized.—Toronto Star.

Ottawa, July 18.—This morning in the House of Commons the Hon. Mr. Emmerson introduced his bill respecting railway subsidies. Sir Wilfrid Laurier, in reply to the Hon. John Haggart, said that negotiations were for the purchase of the Canada Atlantic Railway by the Government. The government had been approached but they would not discuss the matter now.

MR. MARCIL'S SPEECH

His Address Calls Forth Many Encomiums

AT FIELDING BANQUET.

Some Appreciations to His Speech by Papers of all Political Parties.

Mr. Marcil, M. P. for Bonaventure answered for the Province of Quebec to the toast of "The Liberal Party" at the great banquet tendered to Hon. W. S. Fielding at the King Edward Hotel on July 11th. There were over 300 guests present and speeches were made by Messrs Fielding, Sir William Mullock, Paterson, Emmerson for the Dominion Cabinet, and Messrs Gibson, Harcourt, Davis and Stratton for the Ontario Cabinet.

Here are some of the comments on Mr. Marcil's speech from papers of all political complexes:—

The Member from Quebec gained bursts of applause from his first words.—Toronto Globe (Liberal).

Charles Marcil was the orator of the evening.—(Ind. Cons.)

It is a great pity that the complete text of Mr. Marcil's fine speech has not appeared in any of the papers.—Catholic Record (Ind.)

Charles Marcil was a good newspaper man. The Toronto papers say his speech at the Fielding Banquet was the best made during the evening. The member for Bonaventure is an Ex-Star man and we are proud of him.—Montreal Star (Conservative.)

Mr. Charles Marcil, the eloquent young French Canadian orator, from Quebec, in a speech of rarely fine diction and loftiness of sentiment, fully justified the high expectations of his hearers in regard to him. His remarks in regard to the loyalty and tolerance and Canadianism of Quebec were received with most enthusiastic cheers.—Toronto Mail and Empire (Conservative.)

The flagging energies of the company were revived at one o'clock to welcome Mr. Marcil, M. P., for Bonaventure, who replied for "The Liberal Party."

"The Elected of Bonaventure have a hundred times reason to feel proud of their representative. Called upon to answer to the toast of the Province of Quebec at the Fielding Banquet in Toronto, he made the most applauded speech of the evening. We are most happy for our friend and County labourer as well as for the electors of Bonaventure, to declare that he has been able to conquer the esteem and admiration of the business men of Toronto, as he long since conquered our own and those of all who have been fortunate to listen to his warm, hearty eloquence wherever he has spoken and in any of the two languages."

Toronto papers state that Charles Marcil captured his audience the other evening. Those who know him will be prepared to hear that.—Montreal Herald (Liberal).

Mr. Charles Marcil M. P. proved again that he is just about the foremost orator in Canada. So fine a speaker in the United States would be lionized.—Toronto Star.

Ottawa, July 18.—This morning in the House of Commons the Hon. Mr. Emmerson introduced his bill respecting railway subsidies. Sir Wilfrid Laurier, in reply to the Hon. John Haggart, said that negotiations were for the purchase of the Canada Atlantic Railway by the Government. The government had been approached but they would not discuss the matter now.

Minard's Liniment Cures Diphtheria

CORNER STONE LAID

For the New Cathedral at Chatham.

INTERESTING SERVICES

A Large Number of Priests and Others in Attendance.

The ordination of Rev Frederick Ryan, of Kouchibouguac, was performed by Bishop Barry at the Pro Cathedral, Chatham, on Sunday in the presence of a large congregation.

The following priests assisted at the ceremony:—

Very Rev L. N. Dugal, V. G., St. Basil; Very Rev Joseph Pelletier St. Louis; Very Rev. Stanislaus Doucet, Grand Anse; Rev William Varnly, Bathurst; Village, Rev H. T. Joyner, Chatham; Rev M. A. O'Keefe, Grand Falls; Rev E. P. Wallace, Campbellton; Rev J. J. McLaughlin, Chatham; Rev W. Conway, Chatham; Rev L. O'Leary D. D., Chatham; Rev M. Richard Chatham.

Rev Father McLaughlin preached an eloquent sermon on the occasion exhorting the incumbent to pray that he might faithfully undertake and perform the duties and responsibilities of the priesthood, and the congregation to aid him by their prayers. After the celebration of mass, by His Lordship, the parents and immediate relatives of the newly ordained priest went to the altar rail and received his first blessing.

In the afternoon the ceremony of blessing and laying of the corner stone of the new cathedral was performed by Bishop Barry. A large congregation assembled in the basement of the new building, where a platform was erected for the Bishop and priests officiating.

Rev M. A. O'Keefe preached in a clear voice, so that all could hear him. He explained the origin and constitution of the church, and the promises made to it and pointed out the rock on which it was built and its indestructibility; how it had outlived all other institutions and had witnessed the rise and wane of empires and states, itself unchangeable.

The corner stone was laid on the east side of the building. St. Michael's Band played appropriate music. The old corner stone which was laid about 26 years ago by the late Bishop Rogers was removed to the west side of the main building, above the last window to the south, and the box containing coins and other articles deposited at the time the old stone was laid at the site on the west side of St. John street, is with the old corner stone.—Chatham Commercial.

A real family medicine chest in itself—Kendrick's Liniment—Do you know its value?

Use Lever's Dry Soap (a powder) to wash woollens and flannels,—you'll like it.

MURDER AND ARSON

A Terrible Tragedy in Carlton County

FIRE THE HOUSE

Thomas Cammack Shoots One Man Dead and Wounds Two Others

Bath, N. B., July 18.—A terrible shooting affair occurred last night at Rutherglen, a settlement below Johnville and Glassville, in the parish of Kent, when Thomas Cammack of Johnville shot his brother-in-law, Wm Doherty of Rutherglen, dead and wounded another man whose name is not known, and after the shooting burnt the house, together with his victim.

Deputy Sheriff Foster has gone to the scene of the tragedy. Jealousy was the cause of the affair.

Cammack is married to the wife of J. Boyd, now serving a term in Dorchester penitentiary for assaulting a young girl, and for setting fire to the Woodstock jail. After receiving his sentence by Judge Vanwart, Mrs. Cammack went to reside with her father, known as "Strawhat" Doherty. About one year ago, having had some trouble with her husband, Cammack at that time threatened to shoot all in the house, and was subsequently bound over to keep the peace. It now seems that she again went to reside at her father's and that there was a young man who now and again paid her attention and was at Doherty's on Sunday night.

When Cammack arrived early this morning at the Doherty residence he was enraged, and first set fire to the house; the inmates not being aware of his presence there, and when they attempted to escape Cammack fired on them and shot Wm Doherty, the son of "Strawhat" Doherty and the brother of his wife, dead and wounded two others.

Further investigation into the murder of Wm Doherty by Thos. Cammack, clearly shows that the whole thing was carefully planned before hand. Before making an entrance to the Doherty house he tied the doors. This and the fact that the house was fired so quickly after the murder, leave little room for doubt that the crime was premeditated.

On being run down by the Deputy Sheriff and his posse, Cammack discharged his revolver into his own head, inflicting injuries from which it is feared he will not recover. The latest report from the doctor in attendance says that Cammack cannot live longer than 24 hours.

Use Lever's Dry Soap (a powder) to wash woollens and flannels,—you'll like it.

MEN'S COLLARS

Just Now the Collar Question is Most Perplexing.

They lose their freshness and shape so quickly that the problem is a serious one.
Do you wilt several a day?
Do you want to know where to get the best collars for the money to be had anywhere?

Right Here's The Place

All styles, including High Banders, Wing Collars, Old Men's Collars, Square Points, Round Points, in fact any style or shape.

15c—2 for 25c Collars.
18c—3 for 50c Collars.

Made by Williams, Greene & Rome and Tooke Bros., the two best Collar Houses in Canada.

CUFFS IN ALL STYLES, 25c a pair.

Fraser, Fraser & Co.,
Clothing and Furnishers, OAK HALL.

Ayer's

Losing your hair? Coming out by the comb? And doing nothing? No sense in that! Why don't you use Ayer's Hair Vigor and Hair Vigor

promptly stop the falling? Your hair will begin to grow, too, and all dandruff will disappear. Could you reasonably expect anything better?

"Ayer's Hair Vigor is a great success with me. My hair was falling out very badly, but the Hair Vigor stopped it and now my hair is all right."—W. C. Leonard, Lindsay, Ont.

15c a bottle, all druggists.
