

NEW GOODS! NEW GOODS!

G. F. Fair & Co., Moncton, are receiving New Goods every week.

DRESS GOODS!

Call and see the Bargains we are showing in Wool dress goods. In addition to a large lot of imported goods, we have purchased, through a Montreal estate sale, fifty pieces at a great reduction. All wool grey beiges at 18c, 18c, and 20c; all wool Jersey cloths at 18c, 20c, and 25c; and beautiful dress goods at 25c, 30c, and 35c. per yard, worth 30 per cent. more.

Ginghams, Seersuckers and Prints!

600 pieces new prints, great value; 200 pieces new ginghams; 25 pieces new seersuckers at 10c; 25 pieces new Flannel-lets at 12c; also 25 pieces duck and drills, very low; 25 pieces new tickings from 10c. per yard; 25 pieces new cottonades from 12c. per yard; 20 pieces all wool Canadian Tweeds from 40c. per yd.; 10 Bales Parks white and blue Wares; 500 dozen Towels; 100 pieces Jeans and linings; 1,000 pieces grey and white cottons; 2,000 pieces Clark's 300 yd. spoils at 50c. per dozen; plus, needles, and a full line of smallwares. We are carrying the largest line of cotton goods in Moncton and can give extraordinary bargains.

G. F. FAIR & CO., Main St. Moncton.

Impure Blood.....Dr. J. C. Ayer Sewing Machines.....James Crawford

Local Matters.

RAIN Tuesday night. WEATHER warm and Spring like.

SNOW rapidly disappearing and wheels taking the place of runners.

READ SECTION on outside pages. It will prove of special interest to the ladies.

TAKE good care of your teeth and keep it clear of gray hairs so as to retain your young looks by using Buckingham's Dye for the Whiskers.

RELIGIOUS.—Rev. W. Camp immersed two persons last Sunday. He still continues his special services. Last Monday evening two were received for baptism and others are expected.

A BIG TREE.—On Friday, March 1st, there was cut on the property of Jacob Stevens, Folly Hill, Hillsboro, a tree which had eleven logs 12 feet in length, the top of smallest log measuring 10 inches. The tree contained 1,279 feet.

DOG TAX.—A petition, in circulation in this parish, praying the County Council to impose a tax on dogs, is receiving a large number of signatures. After the dog nuisance has been remedied it will be in order to take steps to prevent cattle, hogs, horses, etc., running at large on our public streets.

REMEMBER that Ayer's Cherry Pectoral has no equal as a specific for coughs, colds, and all affections of the throat and lungs. For nearly half a century it has been in greater demand than any other remedy for pulmonary complaints. All druggists have it for sale.

HILLSBORO BOYS.—J. A. O'Leary, lately in the L. C. R., employ at Sackville, has gone to Burlington to attend a Medical College there.

A. J. Gross, a postal clerk on the route between Moncton and Campbellton, has been transferred to the western route in room of the late John Campbell.—Sun.

AVOID APPEARANCES.—A worthy gentleman, having an unusually red nose, was long suspected of being a tippler on the sly, by those not well acquainted with his strictly temperate habits. His unfortunate misfortune was readily cured by the use of Ayer's Sarsaparilla.

W. C. T. U.—The members of the W. C. T. U. report a very interesting meeting at Mrs. Slater's last week. Seven new members joined the Union and a large amount of business was disposed of. The ladies decided to supply matter sufficient to fill one column per week in THE OBSERVER. The Union is to meet next Thursday, March 14th, at the residence of Mrs. Thos. Bray, Surry.

TO THE CHILDREN.—We would again urge our youthful readers to send us something for the "Children's Corner." Write a short letter or compose some little article and you will not only benefit yourselves but will interest others. We have letters promised from children in St. John and, though pleased to hear from them, we do not want our Albert County children left in the shade. Make an effort and send us the results.

THREE YEAR'S LABORS.—Rev. W. Camp has completed three years' labors as pastor of the 1st Hillsboro Baptist Church. Last Sunday (March 3rd), being anniversary day he gave a report of his work during the 3 years, which was very interesting. We have secured a copy of the report for publication but have been compelled to reserve it till next week. In the meantime we give the following statistics which show three very busy and successful years' work by the Pastor: Baptized 47; added by letter 15; conducted 286 prayer meetings; 52 conference meetings; 66 bible class meetings; 22 young people's meetings; and upwards of 50 inquirers, missionary, temperance and other meetings; conducted 32 funerals, married 20 couples, made 1716 pastoral calls and visits; and preached 388 sermons. Do not fail to read the report in full next week.

LECTURE.—The second of the course of lectures under the auspices of the Hillsboro W. C. T. U., was delivered in the Methodist Church, Surry, last Tuesday evening, by the Rev. J. Emery of Albert. The attendance was large considering the unfavorable weather and roads, the neat and tasty church being comfortably filled. The subject of the lecture was "Newfoundland and Labrador, and a description of Equinax Life." The lecturer gave a very interesting sketch of the early history and settlement of those places, in addition to much useful information concerning their physical features, etc., not found in our geographicals. The description of the Equinax was enlivened with humorous anecdotes showing the peculiar notions and habits of that branch of the human family. The lecture was listened to with deep interest by all present and a hearty vote of thanks (moved by Dr. Marvin) was tendered the speaker.

J. V. SKILLEN

is making ALL WOOL TWEED SUITS for \$12.

Trousers from \$3.00 up. Black and Blue corkscrew Suits, fine Tweed Suits and

OVERCOATS

Local Matters.

STYLES reduced from \$7.95 to \$4.95, a rare bargain.

J. S. Atkinson, Br.

DAWSON Settlement notes crowded out of this issue. Will appear next week.

PICKED UP, March 6th, a fur Muff which the owner can get by calling on

JACOB A. STEEVES.

Hillsboro.

A WARNING.—The names of some of the rowdies who threw snow balls through the windows of THE OBSERVER office last evening are known, and will be published in THE OBSERVER next week unless damages are made good before that time.

CAPT. Geo. Irving left Hillsboro on Monday for St. John to take charge of his ship, "Magellan" that is now being loaded with deals for New York. The captain took Wm. Stevens, Seymour Stevens, Elias Bennett and John W. Rogers with him expecting to get one or two more seamen at St. John.

St. John Notes.

Our city was all alive last week in consequence of the half holiday in honor of the big procession and carnival. The day was everything that could possibly be desired, and the sleighing excellent.

Shortly after noon the streets were teaming with pedestrians and their more fortunate neighbours who rejoiced in the possession of team—all hurrying to be first at the most desirable and sightly locations. Such crowds and such rushing for change of position when it became known that the route of the procession had been unavoidably changed at the last moment. However everybody had an opportunity to view it more than once before its long route was accomplished and everybody pronounced it a wonderful achievement, considering the length of time devoted to preparations, and now the talk is that last Wednesday's parade will pale into insignificance, in comparison with St. John's next carnival in 1890.

The weather is beautiful—warm and sunny—and times seem brist with cheering prospects for the coming summer.

Sleighing parties are the order of the day or rather of the nights. Gordon Division had a pleasant drive last Monday evening, returning to their ball for a social time and refreshments. Guernsey Division paid a fraternal visit to Line Rock Division at South Bay on the same evening.

Tohoganers pronounce this winter a failure as far as their favorite sport is concerned. And now with many a regretful sigh the youthful skater polishes for the last time and sorrowfully packs away his cherished Christmas shiners, feeling somewhat comforted, meanwhile, at the distant prospect of returning base ball festivities.

VEGETABLE.

Mount Gideon Notes.

The few lumbermen in this locality are taking advantage of the good sledding and are very busy. Peter Bishop has succeeded in getting twelve hundred logs hauled to West River by one horse, and intends to get a few hundred more.

Edmund Douthright and Nathan Martin, of this settlement are doing good work lumbering.

Gideon Smith, who got cast away on the ice a short time ago, receiving some hurts and bruises, is now almost completely recovered and able to attend to his ordinary labour.

Chester Anderson Esq., lumber surveyor, (Roshea), attends regularly to the surveying business on West River this winter.

No school in this district this winter, although the new schoolhouse is almost ready for a teacher. Probably school will be started the coming spring.

The election is over, and Mr. Emmerson elected by a handsome majority.

His opponents now see that another scrutiny is unnecessary. Mr. Emmerson's able and debating ability, combined, will be a great and valuable addition to the talents of the Assembly.

Mount Gideon, A. Co., March 4th, 1889.

CORRESPONDENT.

Moncton Notes.

Would it not be admirable and beneficial if the readers of THE OBSERVER would club together and purchase a geography and send it to the Miramichi correspondent with instructions to study carefully concerning the counties of Albert and Westmorland, and allow him to find out that we are not entirely ignoramus, and thus save him the trouble in the future of telling us that a snow-bow is and how it is made? It is very kind of him indeed to endeavour to teach us but he is a little stale just now. We will be very much pleased for any information concerning the manufacture of anything (that we don't already know). Oh no, we think the ignorance is at Miramichi, not Albert. Try again but don't in-lit us for if you do look out. 'Alto, don't show your ignorance.

An aid sent me the eyes of your correspondent Saturday evening—that of a young boy probably not more than 12 years old in a beastly state of intoxication. Also on Main street, about eleven the same night could be seen a young man about 20 years of age intoxicated and a woman (probably his mother) pleading with him to go home, and he swearing most vilely to be left alone. It is very seldom that you see cases of intoxication on our streets but the two sighted were both very sad.

The subjects mostly talked about on the streets at present are the approaching church elections and the street paving question. In connection with the latter we might say that the council advertised tenders for the paving of one mile of Main street. A number of tenders were sent in, among them one of Messrs. Newton Wilbur and one of J. M. Lounsbury. These two offered to do the work for the same amount and on a vote of the Council were taken. Messrs. L. W. Welsh and Girvan voted for Lounsbury and Co. Coombs, Girvan and McSwiney for Wilbur's. It being a tie the vote the Mayor had to give the casting vote and gave it to Wilbur and this is what has caused the rumour and so wonder. The matter is not settled yet. Wilbur, he alone paving Main street, cannot construct good sidewalks, for it will be remembered that his affidavit in connection with the election petition in Albert fell to pieces at Fredericton, while Lounsbury is a good contractor. Why should the citizens wish to be involved in law suits all summer? As for the civic elections the majority is receiving the greatest interest.

As we stated last week there are two candidates, Mayor McKeanie and Coun. D. I. Welch. The latter has been a very efficient councillor and would without doubt make a good Mayor. These two men have always enjoyed the sport of keeping their words well sharpened in case of attack. In bringing out his statement of finances for 1888 Mayor McKeanie shewed a surplus, while Mr. Welch as chairman of the finance committee shewed a deficit. To settle the question a chartered accountant was engaged to come up and bring out a statement of the town's finances up to end of 1888 and thereby see which was correct. The accountant has come and gone but his report has not been made public although it has (we hear) been placed in the hands of the finance committee, and we hear that the town is not so well off by a good deal as Mayor McKeanie's statement shewed. This, with the decision in the street paving question, will have a considerable weight with the election which takes place March 11.

Which does Albert County like the best to be called "fishes," or to be represented by a rooster, and be canvassed by a "Hawke"?

Seymour A. Peters, Henry A. Jones and J. M. Lounsbury have entered partnership. They will carry on the business lately done by Peters Bros., and that of builders and contractors, under the name and style of Peters, Jones and Lounsbury.

Among the business changes here lately and those contemplated are the following:—Walter Mitchell, shoe dealer, has moved into the store lately occupied by J. M. Ross, it having been unexpectedly vacated by E. Forbes, fancy dry goods, intends to move into the store next door west of his present one, it having been improved and plate glass windows put in. J. M. Ross, tailor, has moved into his new store and H. C. Charters dry goods, has taken the other half. A new barber shop has also been opened here, and another dry goods store will be added to the list before the close of the month. H. S. Wilson, confectioneer, etc. has also moved.

David Price of the I. O. B. has purchased a piece of land from Mrs. Dewell Spurr and will probably erect a three story brick building thereon. The price given is said to be \$64 per foot.

The weather here last week and so far this has been perfect, more like April than the last of February and March. The snow is rapidly disappearing and wheels are again to be seen on the streets.

Rev. Mr. Watson of Albert County was in town last week, also Capt. Stevens of Hillsboro. March 4, 1889.

CORRESPONDENT.

Notes from the Miramichi.

"With rushing winds and gloomy skies The dark and stubborn winter dies; Far off unseen spring faintly rises, Dying her earliest child arise." —Bayard Taylor.

The name-sake of "Mars" the God of War has been ushered in in a very unwarlike manner and, if the old saying is reliable, March will go out like a lion. To day is very spring like and the snow perceptibly melted.

The Mairhead Foundry, (Chatham) has received an order from Ottawa for a carload of mill machinery. This is a strong argument against reciprocity, for surely it would be impossible for us to compete with the great manufacturing centre of the neighbouring republic in mill machinery. Thus this order from Ottawa would go to the United States.

George H. Harrison B. Esq., has been selected to fill the vacancy caused by the resignation of Mr. Palmer. George is a Mount Allison man and graduated at the head of his class in '87. Judging from his past record he will be a valuable acquisition to the teaching staff of our county.

Miramichi is pre-eminently a social place. Last week there were no less than four balls in Chatham, about the same number in Douglastown, say so, so, of Newcastle.

Applications will be made at the approaching session of the Legislature for the incorporation of the Carquet and Richibucto Telephone Co. This company wish to connect all the principal places on the Gulf shore, between Carquet and Richibucto, with the exchanges of Chatham and Newcastle.

The exchange in Newcastle is conducted on the same system as the telegraph. Telephone messages of any number of words are delivered by the company's carriers to any part of the town. A telephone message of from 15 to 25 words costs 10 cents.

One or two small steamers are being constructed this winter in Chatham. The larger one is intended for the towing business in the Gulf and will be owned by Geo. K. McLeod Esq.

Ships are already being chartered for the spring trade in deals. 65 S. is quoted to W. C. Ireland or E. O. Keadwell.

In re the Albert election I heard a very amusing dialogue in the Adams House, Chatham, last evening. The substance of it was as follows:

H.—Well B.—Duffy's name is mud.

B.—Yes.

H.—Why did not Blakey the councillor from Elgin run?

B.—Well, the truth of the matter is, this, in the words of an Elgin man, "We don't want one of our own men to waste our outside with some hood."

H.—Bennett, that is A. W. Bennett, could have had the nomination.

B.—Oh! Wat would not get 25 votes. He is not known.

H.—Duffy's men would support him.

B.—Yes I suppose so. What do you think of the coalition of Turner and the grist?

H.—Turner is almost a grit.

B.—Never. Oh no! You are at sea there.

H.—You will see he will support Emmerson next Dominion election against Dr. Weldon.

B.—I don't think so.

H.—That is what they sent Emmerson down there for, to run Weldon out.

B.—Don't think he could do it. He might.

H.—I tell you he would give the Doc a hard one.

B.—Yes; some say he should go among the people more.

H.—I am afraid that he would beat the Doctor under the circumstances.

B.—It is devotedly to be hoped that that day will never dawn on Albert Co. By this you can gain some idea of the opinion of the public on the Albert election.

Be that as it may it is to be hoped Emmerson will make a good representative and that his practices will be a little nearer his profession that they have been in regard to "Purity in Elections." Douglastown, N. B. March 2, 1889.

Pleasant Vale Notes.

Jeremiah Leeman of Prosser Brook who was so seriously injured a few days ago is convalescent.

The new Methodist Church is about completed. It is a magnificent structure and will compare very favourably with any other country church for beauty and convenience. Great credit is due the contractor, J. C. Smith of Welford, Kent County. The inside painting was done by D. V. Crandall the celebrated house painter. The ladies, with Mrs. R. P. Colpitts as president, have purchased a beautiful Chapel organ of the Kern manufacturer from Messrs Miller Bros. of Moncton, which was placed in the church some days ago. The choir, with Mrs. I. N. Parker as organist, are practicing music for the dedication service which will take place on Sunday the 10th day of March. The Rev. C. Paisley, the Rev. D. Chapman, Rev. A. H. Lavers and other divines are expected to be present at the dedication service.

The last few warm days begin to remind our sugar-makers that the sugar season is fast drawing on, if not already there.

Geo. W. eldest son of R. E. Colpitts returned home last Thursday after an absence of nearly five years. During the five years this young man had been at sea his steady habits and prompt attention to duty have won for him the reputation of being a good officer. George left us a beardless youth but returns a stalwart man. He will return to New York in a few days where he will again rejoin the barque I. W. Oliver as second mate. March 4, 1889.

CONSERVATIVE.

Elgin Notes.

A number of persons met in Gildert's Hall on Wednesday evening Feb. 27 and organized a District Division of the Sons of Temperance for Albert County. There were twenty-three representatives from Divisions in different parts of the county. The following persons were elected as officers: Rev. A. H. Lavers, D. W. P.; Miss Hattie Carpenter, D. W. A.; Sandford Parkin, D. W. S.; H. D. Stevens Esq., D. F. S.; Daniel Gray Esq., D. Treas.; W. A. Colpitts Esq., D. Chap.; Miss L. A. King, D. Com.; W. L. Baskirk, D. Sect.; W. F. Robinson Esq., D. P. W. P.

A number of committees was appointed to report at next regular session which will be held with Mapleton Division on the 24th of May next.

Your suggestion in last issue of OBSERV concerning the appointment of an Inspector for the enforcement of the Canada Temperance Act is well worthy the attention of every truly temperance person in the County. Surely the temperance people in this county ought to feel that the responsibility rests upon them. It is not enough for them to elect men ostensibly temperate to represent them at the Council Board, but they should see that every objection is removed that would hinder the councillors from carrying out their professed principles. Almost every community in the county has its temperance organization. These societies include the most intelligent men and women in the county. Surely if a united effort was made, these societies with their christian churches, Sunday schools and other philanthropic organizations could raise the amount required to secure a competent and efficient Inspector. If not the temperance people would be strong in the county as is generally supposed.

"W. Winter usually in our latitude 'lingers in the lap of spring' but this season as yet, it has hardly filed its own shafts March arrived a few days ago, but however with the weather we usually associate with its advent, but with real warm sunny days and almost frostless nights. Should the same kind of weather continue lumbering operations will not be far off.

Harvey Notes.

Rev. L. M. Weeks has resigned his pastorate of the Harvey Baptist church. He preached his farewell sermon next Sunday.

The sleighing is about done and wagons are in use on our streets again.

Our people feel proud of their representative, Dr. Weldon. He will get aousing success. Harvey when he wants it. They say one does not have to ask "Where is Dr. Weldon," after he reaches Parliament House. He makes his presence felt and absence noted.

Hum. G. S. Turner, our very popular M. P. of left for Fredericton Tuesday morning. We anticipate that, with the able assistance of our new M. P. P. we will not only get our proper local share of what is going but be in a position to ably assist all Provincial measures that will tend to the general prosperity of our noble Province.

Times are quite brisk here. The bust of the saw, the ring of the axe, and the sound of the mill, mingled with the breaking of the sled heavily laden with ship timber and logs, and the merry jingle of the sleigh bells are inspiring and invigorating. And though the above dream-disturbing noises, combined with the locomotive shriek of the early train, and the more prolonged whistle of the mill engine, and the loud sharp, energetic jingle of the shipyard bell, (rung by the muscular arm of the famous "Boss Dow" to call the laborers to their work,) all tend to shorten the morning nap of the indolent; slumber, we could not wish it otherwise. March 6, 1889.

Baltimore Notes.

Melton Brothers have an immense pile of logs at their new steam mill. The mill is now running daily and doing good work.

One of our esteemed young men, Mr. shales Stevens, intends leaving us next week. He expects to go to Boston.

Our teacher, Miss Carruthers, is running a good school this winter. The attendance is not large but the scholars are doing good work under her careful instruction.

On Monday Mrs. John Stevens slipped and fell while walking in her door yard, injuring her severely, dislocating her shoulder and breaking her collar bone. Dr. Marvin, of Hillsboro, rendered surgical aid and considering her advanced age she is doing as well as can be expected.

Sabbath Services.

(March 10) VALLEY BAPTIST.—Rev. S. W. Kirkland at 7 p. m. Sabbath School at 2 p. m.

3RD HILLSBORO BAPTIST.—Rev. S. W. Kirkland at 10.30 a. m.

HILLSBORO METHODIST.—Rev. Thos. Pierce at Dominion Creek 11 a. m. at Hillsboro 7 p. m.

HARVEY BAPTIST.—Rev. L. M. Weeks at Germantown 8 p. m., at Harvey 7 p. m.

1ST HILLSBORO BAPTIST.—Rev. W. Camp at Hillsboro 11 a. m. and 7 p. m. at Salem 2.30 p. m.

BORN.

At Midway, A. Co., Feb. 22, to the wife of John Govang, a daughter.

At Hebron, A. C., March 2, to the wife of White Akery, a daughter.

At Dawsonville, A. Co., March 4, to the wife of Milford Hopper, a son.

At Albert, A. Co., March 5, to the wife of Edward Cleveland, a son.

Travellers' Record.

L. M. Wood, editor Maple Leaf, visited Moncton this week.

Edward S. Brewster, who has been in Boston several years, went to Harvey yesterday to visit relatives and friends.

E. G. Randall, M. D. of Hillsboro, visited Harvey professionally on Tuesday last.

S. A. Leutenant Oswald, came to Hillsboro last Tuesday to assist Capt. Larder.

George Dow, of Harvey, visited Hillsboro and Stony Creek this week.

C. N. Dawson returned to Moncton yesterday after spending a few days with friends in Hillsboro.

Miss Rebecca Reid and Mr. Clarence Gros, of Surry, visited New Horton last Saturday.

Dr. Peck of Hopewell Hill, visited Moncton on Monday.

Capt. C. T. Wood and son Luther visited Albert last week.

Corey Wood, of Albert, was in Hillsboro this week.

D. N. Murray, harness maker of Albert, was in Hillsboro last Saturday.

B. A. Marvin, M. D. of this place, visited Albert professionally on Tuesday.

Mr. and Mrs. Ezra Steeves, of Bridgeville, visited relatives and friends at Hillsboro this week.

Mrs. Frank Carney returned last week to Hopewell Hill from a visit to friends in St. John.

Mrs. Edmund Kinie returned to Riverside last week from St. John.

Mr. and Mrs. Joseph Starratt and Mrs. M. W. Wood and children started Tuesday morning for Fresno, California.

R. L. Blake, of Hillsboro, was in Sackville last week.

Religious Services.

For Week Ending March 16.

Prayer Meeting at Salem, Tuesday 7 p. m., at Hillsboro, Thursday 7.30 p. m.; Young People's Society at Hillsboro Friday 7.30 p. m.; Prayer Meeting in Valley Church, Friday 7.30 p. m.; in 3rd Hillsboro Church, Wednesday 7.30 p. m.; Prayer meeting in Hillsboro Methodist Church, Monday 7 p. m. Class Meeting, Wednesday 7.30 p. m. Young Peoples prayer meeting at Dawson Settlement every Wednesday, 7 p. m. Prayer meeting in Baltimore church every Thursday at 7 p. m. Prayer meeting in Caledonia church every Wednesday 7 p. m.

The Road to Heaven.

"A map of the road to heaven, by a soul in purgatory," writes an author and literary critic, describing his ideal, and humorously confessing his failure to attain it. But if we know the right path, he should follow it. Why, then, suffer in the purgatory of disease when the way of escape is in plain sight? As a remedy for scrofulous affections of the throat and lungs, including consumption in the formative stage of tubercles, asthma, chronic bronchitis, and morbid growths of all kinds caused by the use of impoverished blood, Dr. Pierce's Golden Medical Discovery has neither a rival nor a worthy competitor.

Cape Breton Railway.

Tenders for Stone Bridge at the Grand Narrows, C. B.

SEALED TENDERS addressed to the undersigned, and marked on the outside, "Tender for Bridge," will be received until noon on Wednesday, the 6th March, 1889.

Plans and specifications can be seen at the office of the Chief engineer of Government Railways, Ottawa, where forms of tender may be obtained on and after Wednesday, 9th February instants.

Each tender must be accompanied by a deposit equal to 5 per centum of the amount of the tender. This deposit may consist of cash or an
