

BIG LUMBER DEAL AT CAMPBELLTON

Campbellton Tribune: Parties representing the syndicate wishing to buy out the Wm. Richards Co.'s business met with several of the members of the company Monday afternoon at the Waverly Hotel. Nery little progress was made towards purchasing. When the conference adjourned at six o'clock it was reported that the syndicate again asked for an extension of nine days on the option to buy. The company were willing to grant the extension on payment of \$25,000. This was not accepted. No definite information can be obtained regarding the business arrangements, but the Tribune is informed upon the best authority that negotiations are not yet off. It is altogether likely another meeting will be held on Monday next, when the matter must be settled one way or the other. The purchase price is reported upon the street to be all the way from \$25,000 to \$750,000.

SHEDIAC MAN DROWNED AT BANGOR, MAINE

Bangor, Me., April 8.—James Donovan, aged 30, of Shediac, N. B., was drowned in Pemadumcook Lake Thursday morning. His body had not been recovered. Donovan with nine other employees of the Great Northern Paper Co., was returning from work in the woods, and when crossing the lake their sled broke through the ice. The men were thrown into the water, but all escaped except Donovan.

McKINLEYVILLE

McKinleyville, March 28.—Miss Melissa McKinley was visiting friends in Derby last week. Mrs. H. McKinley is suffering from an attack of quinsy sore throat. Dr. W. A. Wilson is in attendance. Miss Marjorie Davidson, is spending the Easter Holiday at her home in Newcastle. The Sewing Circle met at the home of Mrs. Victor McKinley on Thursday afternoon. Miss Katie Harper, who attended the funeral of her aunt, Mrs. McMaster, Campbellton has returned home. Mrs. Thomas G. Clark expects to live her millinery opening some time next week. Mrs. Jane Casey and Mrs. Peter O'Neill have gone to McAdam Jct. to spend some time at the home of the former's daughter Mrs. John Esson. Mr. and Mrs. Frank Parks spent Sunday last with the latter's parents here. Mr. George Underhill, who has spent the winter in Campbellton, has returned home.

ST. JOHN WILL GET SHIPBUILDING PLANT.

(Continued on page 1.)

able that in connection with the St. John dock there will be a first-class ship-building plant.

The Government Bill providing a subsidy of three and a half per cent. for thirty-five years on dry-docks of not less than nine hundred feet, and the growing demands of Canada's water born commerce are responsible for these two important undertakings. One of the leading men behind these dry dock enterprises is Sir Robert Perks, who arrived in Ottawa today and had a long conference with Hon. Dr. Pugsley, the Minister of Public Works, who will have the administration of the dry dock aid statute.

After the conference, Hon. Dr. Pugsley said to your correspondent that there was every indication that Canada would be provided with two first class dry docks as soon as they can be constructed.

"Sir Robert Perks, and his associates," said Dr. Pugsley, "are very much in earnest and they are quite capable of carrying through the construction of these docks with all possible expedition."

Sir Robert Perks said, "a company is being registered today at the State Department of Canada for the purpose of building two dry docks. One will be located at Levis and the other at St. John. On this Company Harland and Wolff will be represented by Lord Perrie, The Canadian Pacific by Sir Thos. Shaughnessy, The Allan Steamship Company, by one of that firm, McArthur, Perks, and Company by myself, and there will also be incorporators, Mr. Dobell, of Quebec, Mr. Davis, of Levis, and Mr. W. E. Foster, of St. John. We regard the Canadian Government's Bill for dry dock aid as satisfactory, and we will be prepared to begin construction work soon after the measure becomes law."

"What will be the size of the docks?"

"Well, the Bill provides bonuses of three and a half per cent. only for first class dry docks, having a length of at least nine hundred feet, and I do not think it will be worth while to go in for anything less than first class docks at these points."

"You will naturally provide the equipment necessary for undertaking repairs for ships of a character

TRAIN RAN INTO FLOCK OF WILD GEESE

Moncton, April 9.—Attracted no doubt by the lights, many wild fowl hovered over the city last night and this morning the honks of half a dozen different kinds of birds were heard, making a perfect bedlam. Last night seems to have been migrating time for the wild fowl in general. Trainmen report the passing of the birds all along the line. Early this morning the night operator at Salisbury picked five wild geese off the pilot of the engine of No. 10 express, the train evidently having run through a flock of geese, which had lost their way in the fog and had alighted on the track.

HOW TO MAKE BABY SLEEP

The baby that cries half the night does not cry for nothing. It cries because it is not well, and has no other means of saying so. The chances are the trouble is due to some upsetting of the stomach or bowels, which would be speedily removed if the child were given a dose of Baby's Own Tablets. These Tablets make children sleep soundly and naturally because they remove the cause of the crossness and weakness. They are a blessing to children and a relief to worried mothers. Mrs. John Sickles, Douglastown, N. B., says: "If anything ails my little ones the first thing I give them is a dose of Baby's Own Tablets and they are soon well again." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co. Brockville, Ont.

in keeping with the size of the dock.

"Will the plant be sufficient for steel ship building?"

"The ship building plant will be established in connection with the St. John dry dock," said Sir Robert. "The extent of this will depend upon several things, and these details will have to be decided after the company here referred to has been organized."

"Have you fixed upon the site of the St. John dock yet?"

"Well, there are several sites available there, but the dock will probably be located at the head of Courtenay Bay where there is an excellent site for both the dock, and for the establishment of a shipyard."
