C. N. R. Time Changes Effective June 27th

Do not effect service on Prince Edward Island Railway. Connections are unchanged.

Changes of time on Canadian National lines effective June 27 do not affect the service between Prince Edward Island and the Mainland to any great extent, inasmuch as the time of arrival and departure of trains is unchanged.

Passengers leaving on the morning train at 7:00 a.m. will connect at Tormentine with No. 89 train carrying parlor cafe car. No. 80 is due in Moncton at 1:35 p.m., and connection is made with No. 1 Ocean Limited for Quebec and Montreal, and with No. 13 express for St. John and Boston. The cafe parlor car on No. 89 is carried to St. John on No. 13.

Passengers by the train leaving at 1:40 p.m. connect at Sackville with No. 3 Maritime Express for Quebec and Montreal and with No. 9 and No. 10, the night trains between St. John and Halifax.

Train leaving Sackville at 1:15 p.m. connects with first trip of steamer from Tormentine to Borden.

No. 40 train leaving Moncton at 4:30 p.m. carrying cafe parlor car meets with steamer leaving Tormentine for Borden at 7:20 p.m. Boston passengers and passengers on No. 2 Ocean Limited connect with No. 40 train at Moncton. The cafe parlor is carried through from St. John to Tormentine.—June 23.

Canadian-West Land Regulations

The sole head of a family or a minor over 15 years old, who was at the commencement of the present war, and who has since continued to be a British subject or a subject of an allied or neutral country, may be considered a quarter section of available Dominion Land in Manitoba, Saskatchewan or Alberta, provided he is a person at present in possession of Dominion Lands Agency or Sub-Agency for District. Entry by proxy may be made on certain conditions. Details of conditions upon application to the Department of the Interior.

In certain classes of applications, may secure an adjoining quarter section by pre-emption. Price \$30.00 per acre. Duties—Sixty months in each of three years after earning homestead on land and cultivating 60 acres or more. Must reside six months in each of three years, cultivate 60 acres and root a house worth \$500.00.

Holders of entries may count time of employment as farm laborers in Canada during 1917, as residence duties under certain conditions.

When Dominion Lands are advertised or posted for entry, returned soldiers who have ceased overseas and have been honorably discharged, receive one day priority in applying for entry to local Agents' Office (but not to Agents). Discharge papers must be presented to Agent.

C. G. Railways

Up to March 1st 757,400 Troops have travelled over Government Railways.

Thousands arrive each week at Halifax and are sent forward to Disposal Areas.

Since the war began in 1914 up to March 1st, when S.S. Belgic disembarked her returned soldier passengers at Halifax 757,400 troops have been carried on special trains over the Canadian Government Railways.

The first train which carried troops over the Government Railways the year the war was declared was numbered one and all special troop trains to and from Halifax since that time have been numbered consecutively. The last train from the Belgic was on Saturday No 1278. Each train averages about twelve cars with an average of 80 men to a car, which figures up a total of 757,400 men carried. Of course in addition to this thousands of soldiers have journeyed by regular trains during the past four years.

The movement of troops back to Canada is now approaching its greatest activity. Last Sunday 5000 arrived at Halifax by the transports Lapland and Belgic and fifteen special trains were despatched westward inside of fourteen hours.

S. S. Megantic with soldiers and dependants arrived Wednesday and S. S. Adriatic is due Sunday. The movement of returning men is to be kept up actively till summer.

Look. Read. Realize!

We cater to the men's trade, and no other. If you were sick you wouldn't call to see a Tailor, or a Blacksmith, about the condition of your health. Of course not; you would call to see a Doctor!

If you wanted a Suit or an Overcoat would you go to see a Doctor, or a Shoemaker? Not at all. You would go to see a First Class Tailor.

WELL, there's where we shine!!!
We study the business? We know what suits a young man

we know what suits a middle-aged man, and we know what suits the old gentleman—both in goods and in style. It does not make any difference whether you want year clothes. Ready-to-Wear, or Made-to-Order. We are equally in a position to suit you. We do not let a suit or overcoat leave our establishment until it suits and fits the man who is buying. Our prices are always right when you take the quality into consideration.

Do not forget that we are sole agents for the famous W H Leishman & Co., Wholesale Custom Tailors. We have an elegant stock of Overcoats to show you at the present time.

Overcoats, Made-to-Order from... **\$30.00 to \$40.00**
Overcoats, Ready-to-Wear..... **\$15.00 to \$35.00**

The Grand President and Grand Council Mutual Benefit Association, Kingston, Ont.

We have audited the accounts and vouchers of Grand Secretary H. E. H. Hovison and Grand Treasurer W. J. McKee of the Grand Council of the Catholic Mutual Benefit Association of Canada for the year ending May 31st, 1920. We find that all monies received have been duly accounted for, and that payments have been made under proper authority and duly vouched. The investments of the Beneficiary Fund are deposited with the Standard Bank of Canada and have been examined and verified by us. The investments of the Sick Benefit Fund are deposited with the Insurance Department of the Dominion of Canada, and satisfactory evidence thereof has been produced for us. We submit herewith statements which show accurately the position of the Association on the 31st day of May, 1920.

The conditions of general efficiency at Head Office continue to be satisfactory.

F. J. Curran, Esq., K. C.,
President C. B. A., Montreal, Quebec.

Dear Sir,—I have completed the investigation into the financial position of the life insurance department of the C. M. B. A., as of 31st December, 1919, and now report as follows:

1. Your Board and members generally will doubtless be interested to know how the Association stands following the readjustment which was made at your Convention last year with a view of attaining full actuarial solvency, as required by the new Dominion Insurance Law.

The first and most important step was to value the insurance certificates outstanding at 31st December, 1919. The amount of insurance outstanding was \$3,302,825.76. The valuation basis used was the National Fraternal Congress table of mortality with an interest assumption of 4 per cent, together with a liberal provision for excess mortality above that called for by this table of mortality.

After valuing all the certificates and summarizing the detailed schedules, the net result brought out a reserve liability of \$675,940.00. In addition to this there were liabilities for outstanding claims; also smaller amounts for cash paid in advance, and amount of

Minard's Liniment relieves Neuralgia.

due general fund, as stated hereafter.

The total liabilities, including the above mentioned reserve, amounted to \$722,103.73.

2. Turning now to the assets side, I have examined your detailed statement as submitted to the Insurance Department at Ottawa, and I have further had the benefit of conferences with the Government Inspector both before and after his inspection at your head office.

The net result is that your audited statement of your Beneficiary Fund shows assets of \$776,398.59. The Government Inspector's report is based upon a reasonable market valuation, so that the above named amount is a conservative valuation of your assets.

3. The following actuarial balance sheet will give a clear and brief view of the financial position of your Association:—
Condensed Actuarial Balance Sheet at 31st December, 1919

ASSETS

Bonds & Debentures	\$510,409.04
Mortgages	96,500.00
Liens and Deferred Assessments	73,450.80
Cash on hand	56,272.87
Interest due and accrued	18,084.44
Assessments due and accrued	98,919.01
Less excess book over market value	15,238.17
Net Assets	\$776,398.59

LIABILITIES

Required Reserve	\$675,940.00
Outstanding Claims	38,218.20
Cash paid in advance	3,701.77
Due to General Fund	4,243.75
Total Liabilities	\$722,103.73
Surplus over all Liabilities	54,294.86
Total	\$776,398.59

The important and justifying result shown by the actuarial balance sheet is that after disposing of the accumulated deficit in the General Fund, and after providing for all liabilities (including the actuarial reserve) there is a surplus of assets in the Beneficiary Fund of \$54,294.86. It is not too much to say that the readjustment, effected at the regular Convention last year has turned out most favorably, and has met the full expectations of those most responsible for its introduction. This should give new hope and faith to the members of the Association.

The President and members of the Board who labored so assiduously to attain this result will now have a tangible and satisfactory vindication of their course of action. Now that the Association has been placed on a proper foundation, it remains for those most responsible to maintain the present sound position by giving to the Association sound management and generous support.

There can be no doubt that a critical examination shows that a new day has dawned for the Beneficiary Fund of the Association. Respectfully yours,
(Sgd.) F. SANDERSON,
Consulting Actuary.

Woman's Influence

In society, as in the home, the influence of woman is potent. She rules with the power of gentleness, and where men are chivalrous, her will is the social law. To use this power and fashion this law in such wise that the world may be better because of her presence, is a worthy ambition. But it will not be achieved by devices that arouse the warlike instincts and gratify vanity at the expense of decency. There will be less ground to complain of the wrong inflicted on women when women themselves maintain their true dignity. Favor is deceitful and beauty is vain; the woman that feareth the Lord, she shall be praised. (Proverbs XXXI, 30.)

The present tendency in all civilized countries is to give woman a larger share in pursuits and occupations that formerly were reserved to men. The sphere of her activity is no longer confined to the home or to her social environment; it includes the learned professions, the field of industry and the forum of political life. Her ability to meet the hardest of human conditions has been tested by the experience of war; and the world pays tribute, rightfully, to her patriotic spirit, her courage and her power of restoring what the havoc of war had well nigh destroyed.

Those same qualities are now to undergo a different sort of trial; for woman by engaging in public affairs accepts, with equal rights, an equal responsibility. So far as she may purify and elevate our political life, her use of the franchise will prove an advantage; and this will be greater if it involves no loss of the qualities in which woman excels. Such a loss would deprive her of the influence which she wields in the home, and eventually defeat the very purpose for which she has entered the public arena. The evils that result from wrong political practices must surely arouse apprehension, but what we have chiefly to fear is the growth of division that tends to breed hatred. The remedy for this lies not in the struggle of parties, but in the diffusion of good will. To reach the hearts of men and take away their bitterness, that they may live henceforth in fellowship one with another—this is woman's vocation in respect of public affairs, and the service which she by nature is best fitted to render.—From the recent Pastoral Letter of the American Hierarchy.

Don't Scold The Children IF THEY WET THE BED.

It is not their fault, but the fault of their kidneys. Some children inherit weak kidneys. In others, it is the result of measles, scarlet fever, diphtheria, and other children's diseases. Doan's Kidney Pills are perfectly safe and very effective for kidney weakness in children. It is often very hard to make a child take a pill, but with Doan's it is easy; just crush the pill, a mouthful of water, and the trick is done, as they have no unpleasant taste.

Mrs. B. Christian, Dresden, Ont., writes: "I have two boys, one eleven, the other nine, and from the time they were two years old they wet the bed. I tried everything I could get to help them. At last I gave up hope until my mother-in-law told me to try Doan's Kidney Pills. My boy will now urinate with one box I saw a difference in them. I am on the second box and they don't wet the bed any more."

Do Your Bowels Become Constipated?

The cause of constipation is an inactive liver, with deficiency of bile, improper diet, and most frequent of all, a neglect to attend, with regularity, to nature's calls.

The one aim of those suffering from constipation should be to have at least one regular motion of the bowels every day, in other words, keep your bowels open and you won't be sick.

In Milburn's Lax-Liver Pills you will find just the remedy for this purpose. They are small and easy to take, and there is none of the griping, weakening and sickening which belong to the old-fashioned purgatives.

Mr. J. S. Caffarin, Box 934, Halifax, N.S., writes: "For two years I suffered with constipation. I could not get anything to cure me, and hardly anything would give me even temporary relief. One day my uncle induced me to try Milburn's Lax-Liver Pills, and after using the second vial I was relieved of my trouble."
