MISSIONARY CAMPAIGN OPENS

First Meeting of Visiting Laymen Held in Fort William.

Fort William, Ont., Oct. 20.—The Laymen's Missionary movement banquet held here was an unqualified success. The first of the series of meetings in the West, has set an example worthy of imitation by the others that will follow.

The circumstances were peculiarly auspicious. The guests were His Excellency Earl Grey, Hon. A. B. Morin, K.C., Mayor Pelletier, Hon. Dr. Gold, of Jerusalem, Dr. Bond and Messrs. Thos. Dow, chairman of the local L.M.M. committee, and Principal Hamilton. The addresses were as intense in their missionary enthusiasm as the profound interest with which they were received. Hon. A. B. Morin, K.C., made a clear ringing appeal to the men which can only be met with the aid of increased endeavors in the work of missionary extension. The address of Rev. Dr. Bond dealt principally with China, showing how in the last nine years that country had so weakened that it could be truly said her progress was greater than during the four thousand years of her history.

Rev. Dr. Gould, a medical missionary from Jerusalem, portrayed strikingly the perils of and reticence of the Mohammedan religion. His excellency, Earl Grey, received a great ovation as he made his speech, and expressed himself in hearty sympathy with the Laymen's missionary movement. He told out of his experience, how missionaries had helped South Africa and appealed to all the true Britons to do their share in the missionary movement. He was followed by Mr. R. W. Allan, one of the secretaries of the executive, who told of the aims of the movement. The gathering closed with "God Save the King."

Few Ninety Miles an Hour.

Blackpool, England, October 23.—Robert Latham aviator, today flew at a speed estimated at ninety miles an hour in a spectacular exhibition with the wind thirty miles an hour. He smashed all records. The crowd gasped, fearing an accident. Latham narrowly escaped being blown out to sea, but manoeuvred successfully.

Ontario W. C. T. U. Officers.

Belleveille, Ont., Oct. 21.—The Ontario W.C.T.U. elected these officers: Hon. President, Mrs. Thorneley, London; president, Mrs. S. G. E. McKee, Barrie; vice president, Mrs. A. E. Stevens, Toronto; corresponding secretary, Mrs. Deiter, North Bay; recording secretary, Mrs. H. E. Irwin, Weston; treasurer, Mrs. B. O. Britton, Ganouque; "Y" secretary, Miss de Jacques, Toronto.

First Execution in Two Years.

Chicago, Ill., October 23.—Andrew Williams, colored, condemned to death for the murder of his wife, was hung today. He met death bravely. His neck was broken. This is the first execution in Chicago in two years.

Killing Their Wounded.

Melilla, October 22.—Prisoners report that the Moors are killing their own wounded to prevent them falling into the hands of the Spaniards. Despite repulses, the Moors retain a strong hold on the hills round Melilla.

Robbers Were Unsuccessful.

Manley, Nebraska, October 21.—Robbers made an unsuccessful attempt to raid the Bank of Manley early today. They wrecked the interior of the building with dynamite and damaged the safe, but were unable to reach the cash box.

FRIDAY'S GRAIN MARKETS.

Winnipeg, October 22.—Wheat took the upturn again this morning and it began to develop the hold American millers have on December, that option in Minneapolis going up to \$1.04, or fully 3/4c over the low point of the week, eventually it closed at \$1.03 1/2, the strength not holding throughout the session. Chicago December wheat sold at \$1.06 1/2, or 1/2c over Wednesday. The strength of these options was credited entirely to milling, as it was ascertained that the mills were rather more favorable than on Thursday, and cables were 1 1/2c up in Liverpool. Wheat was 1/2c up, strong and narrow and December sold up to 95c, but closed at 94 1/2c, or 1/2c over Wednesday. Flax was weak at the close, but closed at 94 1/2c, or 1/2c over Wednesday. Flax was weak at the close, but closed at 94 1/2c, or 1/2c over Wednesday. Flax was weak at the close, but closed at 94 1/2c, or 1/2c over Wednesday.

CHICAGO GRAIN MARKETS.

Chicago, October 22.—Before leaving town on a two week's hunting trip, the writer would like to warn the rank and file in the trade to give the December option a wide berth in so far as the selling side of the market is concerned. This greatly congested wheat future will advance and decline under marked controlling influences from day to day. But it will resist all the pressure the bears are able to give it and come out victorious unless there is an accumulation of cash wheat, which is not likely from the present outlook.

There are a few good men here on the bear side of December wheat, but they have lost money and stand to add to their losses. No one cares to remain on the losing side.

There are many bear shorts in this one congested month who are seldom correct in their convictions, and these speculators will continue to stand pat and will advise their friends and customers to adhere to the short side of the market, believing that wheat will accumulate. The congestion in December wheat at Minneapolis, as well as at some of the other markets of the north-west and south-west, indicates the direction of the wind at the present time.

Premiums now being paid for the cash wheat over the futures show clearly that the shorts may sooner or later be forced to seek the big pit on "change" when they are contacted with probably one real big man in the Chicago wheat market as an exception, the bulls have nearly every trader of strength in their ranks.

Scattered shorts already gobbled up every five December wheat that was put on sale today. Many of them were ignorant of their weak position

INTERCOLONIAL SHOWS INCREASED EARNINGS.

Ottawa, Oct. 20.—For the first six months of the fiscal year an increase of \$100,000 is reported in the gross earnings of the Intercolonial Railway. At the same time it is pointed out that the lean season is yet to come. The cost of winter operation always makes an inroad on any summer surplus. On the whole year's operation the commission expects to break even, but this will not take into account the deficit carried over from last year.

IS THE C.P.R. BEHIND THIS RESIGNATIONS

Rumor Spread in British Columbia Giving This Reason for Retirement of Two Cabinet Ministers—McBride Will See Railway Policy Through Despite Opposition.

Ottawa, Oct. 20.—The bank statement for September indicates an increased activity in business throughout the country. An increase of seventeen millions in current loans in Canada shows that the money movement is keeping the money active. Short loans in Canada remain stationary at slightly over fifty million dollars. Call money and short loans outside the Dominion increased by over ten millions, which indicates that a good deal of Canadian money is in New York.

None of the banks during September issued any emergency currency under the provisions of Mr. Fielding's emergency currency legislation, which allows the issue during the crop movement of additional currency up to fifteen per cent of the paid-up stock. An indication of increased prosperity is the increase in demand deposits, which jumped from \$28,397,897 in August to \$30,967,000 in September. Notice deposits stood at \$47,103,799, an increase of a little less money is also indicated by an increase in circulation from \$71,847,552 in August, to \$79,207,441 in September. Paid-up capital at the end of September stood at \$97,509,901, an increase of fifty-six thousand dollars.

Justice of Exchequer Court.

Ottawa, October 23.—The appointment of Ex-Speaker Sutherland to be Justice of the Exchequer division of the Ontario High Court, succeeding Justice Anglin, of the Supreme Court, is announced. A writ to fill the vacancy in Essex will be issued immediately.

Killed in Battle River Coal Mine.

Wetaskiwin, October 23.—David Welch was killed in Hales' coal mine on Battle River, due to a cave in. His son and son-in-law, who were working with him, were not injured. He was extricated shortly after, but his life was extinct.

SLAIN BEFORE EYES OF BRIDE.

Melodramatic Murder Took Place in France.

Toulouse, France, October 22.—A wedding tragedy possessing all the thrilling details of a modern melodrama was enacted at Toulouse today. While the wedding party was waiting in the Town Hall a few minutes before the time fixed for the ceremony a woman whom the bridegroom had deserted stabbed him with a knife, and killed him.

The victim of the murder was M. Theophile Gourme, while his intended bride was Mlle. Deloncle. They belonged to two of the best families in the south of France. A large party had gathered at the Town Hall in honor of the wedding, and were busily chatting together while waiting for the mayor, who was to perform the marriage ceremony.

Suddenly a woman dressed in black and carrying a large kitchen knife in her hand, rushed in among the guests, and before any one could stop her had thrown herself on the bridegroom and stabbed him in the neck. Death was instantaneous.

The rush of blood from the wound seemed to make the woman realize what she had done, for with a wild shriek she fell to the ground insensible. The bride, who was a witness of the tragedy, also fainted, and all was confusion.

The guests rushed out into the street shouting "Murder!" and the police took charge of the place. The woman quickly recovered from her swoon and was taken into custody. She was identified as Mme. Desgroumond, formerly the wife of a wealthy resident of Toulouse. She declared that two years ago she fell in love with M. Gourme. He reciprocated her affection, and she finally deserted her home, her husband and her children and eloped with him.

"We were not happy together," she added, "and he soon tired of me. He left me, and when I heard a few months ago that he was engaged to be married to Mlle. Deloncle it drove me mad."

Sugar Refinery for St. John.

St. John, N. B., Oct. 21.—F. C. Dunt, of New York; M. M. Day, of Montreal, and others associated with them, will erect a sugar refinery in St. John to cost \$2,000,000 and to employ at least 600 men. Mr. Dunt and Mr. Day have been here for several days interviewing the city government, the board of trade and others in reference to the matter. The city will grant a free site and exemption from taxes and water rates for a term of years.

France to Protect Car.

Paris, Oct. 21.—Through precautions have been taken to protect Emperor Nicholas as he passes through France on his way to Italy. It is probable that the imperial party will enter France on Friday, crossing the border into Italy by the end of the month. It is understood that the Emperor's train will be accompanied by a large force of French troops.

Lacrosse Player Dead.

Montreal, Oct. 20.—Tom Moore, for eight years' trainer of the Shamrock lacrosse team and formerly a world known lacrosse player, died of typhoid and other complications.

WOULD ABOLISH TRIAL BY JURY FOR MURDER

Sweeping Recommendation Presented by Grand Jury in Toronto, Brought About by Manslaughter Verdict Returned in Case of Mrs. Turner, With Intention.

Toronto, Oct. 23.—A recommendation of the most sweeping character possible was made by the grand jury in the criminal session this afternoon in their presentation to Mr. Justice Magee, when they asked for the abolition of nothing less than trial by jury in capital cases. No reference was made to the cause of such a startling recommendation, but there is little doubt that it was embodied in the presentment by reason of the verdict of manslaughter returned in the case of Mrs. Mabel Turner, who had been found guilty of manslaughter on a very flimsy pretext in a very strange case of infanticide.

"A disgrace to the administration of justice." Such are the words of George Tate Blackstock, K.C., crown prosecutor, said when asked what he thought of the verdict of manslaughter returned by the jury last night in the case of Mrs. Mabel Turner.

"That is pretty strong language to be quoted as using," remarked a newspaper man, "by Mr. Blackstock."

"It's not half strong enough," said Mr. Blackstock.

"Do you care to do anything further?"

"Only that the only reason they saved her from the gallows is because she is a woman."

Two Negroes Lynched.

Greenville, Texas, October 23.—Frank Williams and another negro, charged with attacking Mrs. William Lloyd, were taken from the jail here, despite the presence of two companies of militia, and dragged to the outskirts of the town and hanged.

Bomb in Munich Street.

Munich, Oct. 22.—A powerful bomb was exploded in the street here early today. The pavement was torn up and neighboring buildings were damaged. No persons were injured. There is no explanation of the incident.
