## What a Disgusted Tory from Carbonear Has to say!

Editor Evening Telegram.  
Dear Sir—It was with the great-  
est pride and admiration that I read  
in your paper the Manifesto of the  
Right Hon. Sir Robert Bond, New-  
foundland's greatest Statesman. Well  
known to all Newfoundlanders, I feel  
proud to say that I am a Tory. I  
am now up to every independent  
vote to drive from power forever  
the lot of Grabbals that have been  
the ruin of our country since the pre-  
siding one came into power.  
On the 30th day of October,  
"Newfoundland Expects that Every-  
body that day will do his Duty," not  
only to himself but to the genera-  
tion to come, for a years to come  
our grand-children will curse the day  
that ever there was a Picie Party  
in power in this little country. What  
is the state of affairs in our own dis-  
trict.

Nothing but trouble from beginning  
to end.  
Our public works have been wasted  
in the most extravagant manner in  
the history of the district. Those who  
were dependent on themselves  
could not earn enough to keep them-  
selves. I want to ask J. R. Goodison  
why should "Charlie" be paid a salary  
of \$400 a year for doing nothing?  
I don't want to say he was good for  
it, but I don't want to say he was  
good enough for his own and this  
much I do know, that on account of  
his having received that salary, he  
has certainly ruined "Sixty" and the  
other way about. Another question  
would be to ask, what qualifications  
has John R.'s man Friday that he  
should be given a piece for the sum-  
mer months as agent in the district  
of law at a big salary? Is it be-  
cause he tried to create a distur-  
bance at one of Sir Robert's political  
meetings at the last election, when  
Sir Robert told him if he did not be-  
have himself he would have him re-  
moved by the policeman? Is this his  
reward, undoubtedly so.

Will Goodison tell us how the Thou-  
sands of dollars was wasted on the  
Veterans' Breakwater.

and who benefited thereby; how  
many dollars did the carmen get for  
loading ballast, while the construction  
was going on; how many days  
work did the bone and sinew of the  
country get, the over-burdened tax-  
payer, the fishermen of the town?  
Will Goodison tell us on Nomination  
Day what motive he had in view in  
appointing so many post office and  
custom house officials with nothing  
for them to do? Was it to give needy  
a job to make them up uniforms at  
extravagant prices, as I see he is  
very busy trying to "give value by  
disrupting some of Patsy's high-  
class literature in the way of Tory Her-  
alds filled with abuse of W. F. Coak-  
er, the Fishermen's Friend and ideal.  
Mr. Editor, this old historic town of  
Carbonear always boasted of sending  
an independent representative to the  
House of Assembly, but can we say  
that of the one that has represented  
us for the past four years? I fear  
not. Mr. Goodison told us on Nomina-  
tion Day that he wanted to be sent  
to the House of Assembly for the  
honor of the thing, but what are the  
facts of the case?

The public welfare of the town has  
been sacrificed.  
While his time has been busily en-  
gaged in raking in thousands of dollars  
into his own pockets. Do you call  
that for the honor of the thing? Our  
roads have been a disgrace to any  
civilized community, while there has  
been thousands of dollars given out  
in private grants, far less to overpaid  
officials, holders of all classes liber-  
ally rewarded. On account of this  
the public must suffer and dare not  
protest or complain. When the re-  
presentative of this district or any  
other becomes an annual pensioner  
of the party in power, it is the inter-  
est of that district must suffer, be-  
cause the

Mouthpiece of the people is stopped  
by Government money  
and his voice is silent in the party  
room as he is engaged on the floor  
of the Assembly. This is why we are  
the laughing stock of other districts.  
This is why we have such bad roads;  
this is the explanation more than  
anything else of the present condi-  
tion of affairs, while other districts  
have had improvements of all kinds.  
We have practically nothing only  
what was very satisfactory and very  
convenient to a few of the members  
friends. The remedy is in our own  
hands now. Shall we apply it? With-  
out a doubt we will, on Oct. 20th,  
when we shall hurl from power for-

ever the present lot of paid patriots  
and placemen. What has J. R. Good-  
ison done for the public of this dis-  
trict? I ask it in all sincerity, what  
stand has he ever taken on the floors  
of the House of Assembly? "Silent  
member." What public improvement  
has he been instrumental in making?  
Echo answers what? The Liberal  
Union Party here have decided to  
send to the House of Assembly on  
October 20th

W. F. Penney, Esq., one of Carbonear's  
foremost sons, a man that  
will do honor to his town,

honor to his country, honor to the  
party to whom he belongs. Fishermen's  
interests will be safe in his hands;  
the interests of our town will be well  
looked after; a man that will grace  
the floors of the House of Assembly  
independent in every point of view;  
a man that does not need to go into  
politics for his own personal ends,  
but for his country's sake; such men  
must get their reward. The fisher-  
men of this town have decided to  
stand by him; they appreciate his  
value, and shall show the Grabbals  
what they think of him on Oct. 20th,  
when they put him at the head of the  
poll.

It's men like Sir Robert Bond, W. F.  
Coaker and W. F. Penney,  
that this country needs at this critical  
time when the good of our coun-  
try is at stake. It was for occasions  
such as the present that Oliver  
Wendell Holmes, poet of humanity  
and the world, penned that stirring  
poem:

"God give us men a time like this  
demands:  
Clear minds, pure hearts, true faith  
and steady hands;  
Men who possess opinions and a will,  
Men whom desire for office does not  
buy."

Men whom the spoils of office cannot  
buy.  
Men who have honor, men who will  
not lie.  
Tall men, sun-crowned men, who  
live above the fog  
In public duty and in private think-  
ing."

We have such men, Mr. Editor, in the  
ranks of the Liberal-Union Party,  
and one of them we intend sending  
to the House of Assembly from Car-  
bonear on October 20th.  
Thanking you, Mr. Editor, for en-  
croaching on the space of your large-  
ly circulated paper.

I am, yours truly,  
Disgusted Tory.  
Carbonear, Oct. 13, 1913.

Girls! Just Try It,  
Beautify Your Hair

Make it thick, glossy, wavy, luxuriant  
and remove dandruff—Real  
surprise for you.

Your hair becomes light, wavy,  
fluffy, abundant and appears as soft,  
lustrous and beautiful as young girl's  
after a "Dandierine hair cleanse." Just  
try this—moisten a cloth with a little  
Dandierine and carefully draw it  
through your hair, taking one small  
strand at a time. This will cleanse  
the hair of dust, dirt and excessive oil  
and in just a few moments you have  
doubled the beauty of your hair.

Besides beautifying the hair at once,  
Dandierine dissolves every particle of  
dandruff; cleanses, purifies and invig-  
orates the scalp, forever stopping itch-  
ing and falling hair.

But what will please you most will  
be after a few weeks' use when you  
will actually see new hair—fine and  
downy at first—yes—but really new  
hair growing all over the scalp. If  
you care for pretty, soft hair and lots  
of it surely get a 25 cent bottle of  
Knownit's Dandierine from any drug-  
gist or toilet counter, and just try it.

## Radway's Ready Relief

"This is Billings, of 240 W. 17th St., writes:  
"For years I have been suffering from asthma  
and bronchitis. A week ago I purchased a bot-  
tle of Radway's Ready Relief and have taken  
it as directed. In water before retiring each  
night. The relief I have experienced is mar-  
vellous. I can now breathe freely and sleep  
soundly. I most heartily endorse it. R. B. B."—  
CURE FOR ASTHMA  
The specific for this disease are the Ready  
Relief, the Resolvent and Radway's Pills. The  
Relief must be rubbed on the chest and throat  
until a burning sensation is produced, and the  
Pills must be taken until the bowels are kept  
thoroughly open. The Resolvent must be  
given at short intervals, in small doses, and  
a desiccated poultice on the chest to relieve  
the asthma. Give a teaspoonful of the Resolvent  
whenever a paroxysm occurs. RADWAY & CO.,  
LONDON."

## A Good Send-Off

TO THE NEW CANDIDATE FOR  
HARBOR MAIN, MR. E. LEO  
CARTER.

A lively and spirited scene was en-  
acted at the "Railway" station last  
evening when the popular young solicitor,  
Mr. E. Leo Carter, left for the Dis-  
trict of Harbor Main to join his col-  
league, Capt. John Woodford, as candidate  
for the Liberal Party under the ban-  
ner of the tried and true Rt. Hon. Sir  
Robert Bond. Quite a gathering of  
friends, political and social, had as-  
sembled on the platform for a hand-  
shake and a God-speed, and as the  
train left the station, cheers loud and  
ringing were given for the young tri-  
bune of Harbor Main, Mr. E. Leo Car-  
ter, and for Sir Robert Bond and the  
Liberal Party. Harbor Main will have  
in their new candidate a representa-  
tive of the very first order, young,  
brilliant and popular, and we predict  
for him a big vote and a great future.  
Harbor Main's slogan is—  
LEWIS & CARTER CAN'T LOSE."

The Fall season in the Boys' Cloth-  
ing trade is the season for selling  
single pants. The coat of the good suit  
that is purchased from a few words  
wear out two pairs of pants, and as the  
boys wear overcoats, if they have a  
new pants under it they are well dress-  
ed. To meet this trade we have just  
imported about five hundred pairs of  
Boys' and Youths' Knicker Pants.  
They are made from good tweed and  
serge remnants, and although the cloth  
is good we can sell them at a reason-  
able price. We have them to fit boys  
from four to sixteen years. Prices  
range from 60c. to \$1.50.

## A Complaint from Hr. Buffett.

Editor The Evening Telegram.  
Dear Sir—Please allow me space in  
your valuable paper for a few words  
on the way we are treated in the Bay  
by the Reid Newfoundland Co.  
The S. S. Argyle is supposed to  
leave Placentia every Thursday even-  
ing on arrival of the train from St.  
John's. This is alright sometimes,  
but should the Glenoe not be back  
from the West the Argyle has to wait  
until her arrival, and her freight, take  
freight and sail. Then comes the  
Argyle's turn and she waits until next  
evening for the train from St. John's  
to get her freight down to the wharf  
and take it in before sailing. Every  
one knows this has happened lots of  
times, especially the last five or six  
weeks in succession (especially pas-  
senger). We would like to know how  
much longer we have to put up with  
this, cannot the Reid Company be  
made to fulfill their contract better?  
We say no, as we have no one to  
make them do it; the Government  
don't care so long as Reid delivers the  
mail sometimes. Why not give the  
first steamer in a chance to take  
freight or if the Glenoe is not there  
to take freight on Wednesday (her day  
of sailing) give the Argyle her freight  
in place of keeping passengers and  
freight delayed until Friday night and  
Saturday morning. Why not make  
them change the day of the Glenoe's  
sailing or keep her on time, or build  
a double track on the wharf, which we  
know cannot be done, to know how  
one sided. Why not give us a track  
to Argentina as was petitioned for last  
winter, so each steamer would have  
no delay and give us a chance of  
keeping Sunday as it should be. We  
have no complaint against Captain  
O'Reilly and his work, as every one  
knows when he is ready to leave he  
gets around in good time. But we  
trust things will be changed in a few  
days more and we will have men in  
power to look after our interests bet-  
ter. We had Messrs. Devereaux, Mor-  
ris and Walsh to see us; poor Howley  
must have lost his sweater and could  
not come. They told us about all the  
good they are going to do and all they  
have done the last five years (not all  
the good they did for themselves),  
about all the rams they sent us (near-  
ly all dead); all the lobsters they  
hatched. We don't think Jerry De-  
sat close enough, as we did not see  
much of a brood after his setting; all  
the canker potatoes they sent around  
and ruined nearly every fisherman's  
garden. But they forgot to tell us  
where they put the Bait Deposits and  
Factories to manufacture the dog fish,  
the pest of the fishermen. The only  
good thing they did was to give Tele-  
graph communication with the Islands  
at the last minute, but it will not buy  
many votes, as they say death-bed  
repentance is always too late.  
Thanking you for space,  
I remain yours

## The Tory Fizzle at Harbor Main.

Special to Evening Telegram.

HARBOR MAIN, Monday.  
Messrs. Gibbs, Woodford and Ken-  
nedy held a Tory meeting here Satur-  
day night. There was a small gather-  
ing, mostly Liberals and no enthu-  
siasm whatever, a pure fizzle on the  
part of the Tories. Mr. Paul Ezekiel  
was chairman, the man who wore  
two faces under the one hat the last  
election, fearing he would lose his  
grab, his face shining like a full  
moon in which was reflected the big  
grab he made from that famous  
breakwater. Gibbs, Woodford and  
Kennedy addressed the meeting, the  
two former mostly abused Bond and  
Coaker. Kennedy, the silent orator  
and lifted lover, could scarcely open  
his mouth to speak a word, but eluc-  
idated he wouldn't come if it were not  
a benefit to himself, suggesting he  
was after more timber lands and  
what prosecute and jail any Harbor  
Main men found cutting timber upon  
them. Woodford has done many  
brave-faced and indiscreet acts in his  
time, but none more glaring and in-  
sulting to the district, than this fam-  
ily compact hitching on another mem-  
ber of his big family—Cousin George—  
and dragging him through the district  
as his colleague. The redoubtable  
Paddy Brick and Cousin Butt Wood-  
ford, made vain attempts to make  
themselves conspicuous but the in-  
truse bitter feeling which pervaded  
kept them quiet. "Cousin P. E. Wood-  
ford, Returning Officer, with a special  
body guard of two stalwart policemen,  
kept out in the dark shadow of the  
hallway, but appeared very much im-  
perturbed in the proceedings inside of  
the big family compact. The vener-  
able Paul Ezekiel, of breakwater fame,  
was also custodian of the door, the  
only interference drawn by the public  
from the meeting was that the big  
family is down and out and that Bond  
can't lose. Come on, Lewis and Car-  
ter, victory is yours.

We can justly claim to have been  
the pioneers in introducing Motor  
Engines for fishing boats in New-  
foundland, with the result that to-  
day, they are an absolute necessity  
to the fishermen.  
Every fisherman knows the benefit  
it would be to have an engine in his  
boat, but he also knows, by the ex-  
perience of others, that on account  
of the present high price of Gasoline,  
it takes nearly all the profit of an  
average voyage to pay for the Gaso-  
lene.  
We have recognized this for some  
time, and have investigated all the  
best known Kerosene Engines on  
the market, but none of them came up  
to our requirements until the Mianus  
Motor Co. invented the  
"MIANUS KEROSENE ENGINE."  
3 to 40 H. P.  
We immediately accepted the Agen-  
cy for the "Mianus" convinced by our  
past experience of Marine Engines  
that it possessed all the good qual-  
ities so long sought for in a Fisher-  
man's Engine.  
The cost of operating a Mianus  
Kerosene Engine is CONSIDERABLY  
LESS THAN HALF THE COST OF  
OPERATING A GASOLENE ENGINE  
OF EQUAL POWER, AND IS MORE  
EFFICIENT.  
Kerosene can be obtained at every  
Harbour in Newfoundland and Lab-  
rador. Gasoline cannot.  
The Mianus is a working man's en-  
gine and is so substantially con-  
structed, that there is nothing to wear  
out for years.  
It is powerful, reliable and simple  
to operate.  
As proof of its great power, a 3  
H. P. MIANUS turns a 15 inch 3  
blade propeller at 550 R. P. M.; 5 H.  
P. turns an 18 inch 3 blade; 7½ H.  
P. turns a 22 inch 3 blade; and 10 H.  
P. a 24 inch 3 blade, etc.,  
COMPARE THESE WITH OTHER  
ENGINES BEFORE BUYING.  
Nearly all the Marine Engines are  
guaranteed for one year only. Mianus  
is GUARANTEED BY THE MAKERS  
FOR THE LIFE OF THE ENGINE.  
It will benefit every fisherman to  
write us for further particulars about  
Mianus Kerosene Engines, because it  
is the Engine you will eventually buy.
