Mr. W. G. Gosling presided at last night's meeting of the Civic Commission, the others present being: Messrs Harris, McNamara, Bradshaw, Jackson, Mullaly, McGrath, Morris, Anderson and Wilbers.

The Secretary of the Board of Works wrote saying that the plot of land near the General Post Office will receive attention.

The Manager of the Royal Bank of Canada wrote in reference to a loan asked for by the Commission. The question of interest was fully discussed and it was decided to ask for a more explanatory letter.

P. M. McDonald applied for permission to connect his bakery on Central Street with the water and sewerage mains. The matter will be attended to as soon as the pipes arrive.

The Gas Co. referred to their application of May last for a new water service. The matter was discussed, and a committee appointed to investigate.

A. Rice, South Side, wrote regarding a pipe underneath his house. The Engineer will report.

M. Maddigan, Water Street West, complained of his house being flooded after rain storms. The Engineer will investigate and report.

Jonas C. Barter, on behalf of several truckmen, asked for an extension of time for payment of taxes. The Board cannot interfere with the laws laid down for their guidance.

Alfred E. Leally, of Boston, wrote desiring to be allowed to join the Newfoundland Regiment. His letter will be forwarded to the Recruiting Committee.

A letter from the Editor of the Municipal Journal, of New York, relative to the services of a consulting engineer to examine and report on the city's water system was read. After much discussion the matter was deferred, until some more information is received.

Solicitor Morris reported on the Plain Street property award, the collection of arrears, and the rights of the Gas Company under their charter.

Solicitors Cahill and Halley reported on progress made in collecting arrears of water rates.

Tenders will be invited for repairs to the retaining wall at the foot of Victoria Street.

The Salvation Army will be permitted to make temporary repairs to their building on George Street.

It was decided that in future plans for dwellings must be submitted in duplicate.

The Engineer will report on the cost of improving the water supply at Port Townsend.

On the recommendation of the Health Officer it was decided not to sell any more night soil to farmers because of the serious danger to the health of the city.

After the usual routine business the meeting adjourned at 11 p.m.

A Summer Tale.

"You look irritated this evening."
"I am—on warm days like this I always suffer from heat rash."
"I am liable to heat rash, too, but it never irritates me; it never since I began to use Zylex, which at once allays the irritation, physical and mental. And I find Zylex Soap with the Ointment go far to prevent heat rash altogether."

Zylex sells at 50 cents a box;
Zylex Soap at 25 cents a cake, at four Druggists.

Aged Woman Meets Serious Accident

Yesterday afternoon an aged woman named McGrath was the victim of a serious and painful accident. She fell over the stairs at her home on Church Street and as a result broke her collar bone. Dr. O'Connell was immediately summoned and on examination found that the woman's injuries were more serious than at first thought and that besides the broken bone she was badly hurt internally. From the effects of the latter she suffered great pain and it is doubtful if she will recover from the shock received.

The physician then ordered the patient to the General Hospital where she was conveyed in the ambulance to be treated.

Mrs. McGrath is over seventy years of age, a fact which will lessen her chances of recovery and tend to make her case more hopeless.

Shooting Season Opens

The shooting season opens on Monday, and to-day scores of people, accompanied by dogs and guns, left town for the most popular resorts and where game is reported most plentiful. Rabbits are reported fairly plentiful this year, though birds are not. Crowds of sportsmen will leave town by to-night's train.

Hr. Grace Notes.

Another of our old citizens passed away this morning, in the person of Mr. Charles Wells. Mr. Wells had reached his 85th year. He leaves three sons, besides a large circle of friends to mourn his death.

News was received in town a few days ago of the death at Sydney, of Mr. William Gill, of this town. Mr. Gill went to Sydney a year or so ago to reside with his niece, whose husband, Mr. John Butt, is sailing out of that port.

Mrs. Mark Stevenson (nee Miss Elizabeth Abbott) died on Wednesday last after a short illness.

Mr. John Lahey, son of the late Robert Lahey, died on Wednesday morning after a few days illness. Mr. Lahey has been complaining for some months, but his serious illness was only of a few days duration. He was 52 years of age. Funeral took place yesterday morning.

A very high wind and heavy sea was experienced here last night and this morning. We have not heard of any damage being done in this neighborhood, but experienced men fear that the sea was felt very much at Harbor Grace and Carbonear Islands.

Mr. George Gordon left by this morning's train for St. John's, on a brief business trip.

A very pretty wedding took place at the R. C. Cathedral on Tuesday evening, when Mr. John Neil, son of Mr. Patrick Neil, led to the altar Miss Minnie Shea, daughter of the late Jeremiah Shea. The ceremony was performed by His Lordship Bishop March in the presence of a large congregation. Mr. Edward Polley acted as best man, while the bride was attended by the groom's sister, Miss Aggie Neil. We tender our hearty congratulations to the happy pair and wish them continued happiness all along life's way.

More Fires.

Fires provoke immediate sympathy for the sufferer and also thankfulness for personal escape. Another thought should be whether one is personally and sufficiently protected? An insurance policy with Percie Johnson would provide for you this desired security and at small expense. Have you enough insurance?

After Us.

The workman in my new shod, now spreads the luscious plaster; he hums a bitche and cheerful ode, and labors fast and faster. I stand and watch him as he works. I stand and watch and ponder; I mark how skillfully he jerks the plaster here and yonder. "This plaster will be here," he cries, "unbroken and unshredded, when you sing anthems in the skies— if that's where you are headed." How good to feel, as on we strive, in this bright world enchanted, that what we do will be alive when we are dead and planted! For this the poet racks his brain (and not for coin or rubles) until he finds he's gone insane and has to join the boobies. For this the painter plies his brush and spreads his yellow ochre, to find when comes life's twilight hush, that Fama's an artful joker. For this the singer sprains her throat, and burns the midnight candle, and tries to reach a higher note than Ellen Yaw could handle. For this the actor rants and barks, the poor old welkin stabbin', and takes the part of Lawyer Marks in Uncle Tommy's Cabin. Alas, my labors will not last! In vain my rhythmic rages! I cannot make my plaster last so it will stick for ages!

Fracas on Adventure.

Yesterday afternoon a fireman named Bishop, belonging to the S. S. Adventure, ran to the police station and reported that he had been struck on the head, by the steward of the ship with a piece of iron. As a matter of fact he had been hit by some instrument as his head was badly cut, bled copiously and had to be bandaged first by Capt. Cohen and later by a city druggist. The police did not take the story of the fireman serious as he was in an advanced state of intoxication and was sent off. He had been known to give trouble on board his ship during the day and evidently figured in an altercation with the steward.

WORK RESUMED.—The s.s. Stephano, which had to suspend discharging and move into the stream the night before last, returned to her pier this morning and the work of unloading her cargo was continued.
