THE LONDON RAID.

LONDON, May 20. —
Deaths and injuries to inno-
cent inhabitants of London were
the result of the German air raid
of January 28, when 58 people
were killed and 173 injured. This
was the sixth raid of the year, the
first having been made on March
1. The raid of January 28 was the
most serious of the year, the Ger-
mans dropping bombs in places where
they were flying at a great height.
Spectators had a good view of the
raid, and the machine fell in flames
in the accompaniment of cheers of the
population.

Persons were injured in the
raid. The casualties are divided
as follows: London and other Metro-
politan districts—Killed, 17 men,
women, 6 children. Total, 27. In-
jured—Men 33, women 49, children 23;
Dublin Province: Injured, 1 man,
women, 3 children. Total, 6. Con-
siderable damage to property is re-
ported to have been done.

ARTILLERY ACTIVE.

PARIS, May 20. —
Active artillery fighting near Han-
noy on the front before Amiens, is
the subject of the official statement
issued by the French Government
today. The statement says that the
German forces are taking prisoners.

FRENCH TROOPS ADVANCE.

LONDON, May 20. —
Official.—During the night the
French troops carried out successful
operations east and northeast of Lo-
s. All their objectives were gained
and over four hundred prisoners
were captured. Local fighting oc-
curred early this morning north of
Lois, as a result of which a few
men were missing. A party of our
troops rushed a German post east of
Lois and captured a few prisoners.
The hostilities have shown considerable
activity to-day with gas shells in the
air north of Bethune.

THE WEATHER ASSISTS AIR WORK.

LONDON, May 20. —
The recent fine weather, says an
official statement issued to-day by
the British Admiralty, has enabled

ges and the Zebruggee Canal to be
made and photos to be taken. The re-
sults show no change has taken
place since April 25, and that a great
part of the enemy's submarines and
torpedo craft based on the Flanders
coast have been immobilized at Bru-
ges since the Zebruggee blocking op-
erations.

U-BOATS IN TROUBLE.

MADRID, May 19. —
The U-39 is in a seriously damaged
condition, as a result of a battle. An-
other submarine accompanied the
U-boat as far as the entrance to the
port and then disappeared. The U-39
is 220 feet long and carries a
crew of 30 men. The crew has been
forbidden by the authorities to com-
municate with the shore. The interned
submarine is being guarded by the
Spanish cruiser Extramadura.

AMERICAN AIRMAN KILLED.

PARIS, May 20. —
Major Raoul Lufbery, the first
American "ace" to be killed as the re-
sult of an aerial fight was buried to-
day with full military honors by the
French and American detachments.

NO NEW DEVELOPMENTS.

LONDON, May 20. —
No fresh developments on Sunday
in the Sinn Fein affair have been re-
ported. Very few news telegrams are
arriving from Dublin but they report
everything quiet, at least outwardly.
With the arrest of Count Plunkett,
four of the six Sinn Fein members of
Parliament are under arrest. The
other two are Dr. McCann, who is in
Washington, and Lawrence Ginnell,
who is serving a six months' sentence
in Mount Joy prison. Among others
under arrest are Charles Collins and
Christopher Millins, who are charged
with unlawful possession of explosives
at Brittas, a few miles outside
Dublin. Fearad O'Houlihan and
James O'Brien, editor and manager of
the Skibbereen Southern Star, also
are in custody. Vice-President Mor-
ris and the remaining heads of the
Sinn Fein organization have issued a
reply to the proclamation which the
British Government published Satur-
day. The reply says that "anticipa-
ting such action, the standing com-
mittee of the Sinn Fein nominated
substitutes to carry on the movement
during the enforced and what must be
temporary exile of our leaders." The
country may rest assured, it adds,
that no matter how many of the lead-
ers may be arrested, there will be
men and women to take their place.
All that we need is to continue to fol-
low the last advice of Prof. DeValera,
namely, to remain calm and confident.
The Sinn Feiners have nominated Pro-
fessor John McNeill and Alderman
Kelly, a well-known member of the
Dublin Corporation, to the places in
the organization made vacant through
the arrest of Prof. DeValera and Ar-
thur Griffiths.

GERMAN GOLD CAUSE OF THE MISCHIEF.

LONDON, May 20. —
The Times says it understands that
the Government will publish immedi-
ately part of the evidence against the
Sinn Feiners arrested in Ireland, and
that its authenticity is unquestioned.
"It is very necessary that this be
done," the Times continues, "if only
to dispel the clouds of sensational
rumor which gathered last week.
The arrests are only the preliminary
steps, and the Government will be
well advised to disclose at the earli-
est time the substance of the evidence
on which they were made, and to fol-
low them up with formal processes.
Unnecessary delay would be a real
misfortune. Thousands of Irish dupes
should know immediately by unques-
tionable proof that they are unwilling
instruments of a movement supported
by German gold. It is natural to sup-
pose that men who find they had been
duped will be eager to wipe out the
stain on Ireland's fair name. Accord-
ing to the Mail, it has been clear for
months past that Germany has been
using every artifice not only to foster
rebellion in Ireland, but also to use
Ireland as a base of organized espion-
age and as the net against the At-
lantic mercantile marine. It asserts
that Germany sent money to the Sinn
Feiners, that important information
was conveyed to Germany, and that
submarines received fuel and oil from
the Sinn Feiners.

WIDOW OF MURDERER ARRESTED.

BELFAST, May 20. —
Maude Conne McBride, widow of
Major John McBride, who was execut-
ed in May, 1916, for the part taken
by him in the Dublin uprising on the
Easter of that year, has been arrested.

SINN FEIN DEMONSTRATION.

DUBLIN, May 20. —
A Sinn Fein demonstration to-day
at Cootenill, East Caven, was attend-
ed by 6,000 persons. Among the
speakers were two priests, The Most
Reverend John J. O'Connell, and
Feinners bore a banner, inscribed,
"they may kill our leaders, but they
cannot kill the Sinn Fein."

IN CUSTODY DURING THE KING'S PLEASURE.

LONDON, May 20. —
A Dublin despatch to the Daily
News says comment here is apt to
centre on the fact that the prisoners,
if such they can be called, for it is
believed internment would be more
accurate word, have not been called
to answer to any charge. I have reason-
ed for stating they will not be brought
before any tribunal, civil or military.
The Government intends to exercise
fully unlimited, undefined powers
under the Defence of the Realm Act,
which apparently will allow them to
keep the arrestees in custody upon
suspicion "during the King's pleas-
ure," according to the legal phrase.

SITUATION SATISFACTORY.

PARIS, May 20. —
Premier Clemenceau spent Sunday
at the front. It was said to-day that
he had obtained a very satisfactory
impression of the military situation.

GERMAN ARTILLERY ACTIVE.

LONDON, May 20. —
The German artillery developed in-
creased activity last night along the
front between Albert and Buquoy the
War Office announces. The state-
ment follows: We captured a few
prisoners yesterday as a result of a
successful raid carried out in the Al-
bert sector. A raid attempted by the
enemy north of Hinges was repulsed
with heavy losses to the hostile raid-
ing party. The hostile artillery ac-
tivity increased considerably last
night on the Albert-Buquoy front.

CARE OF DISABLED SOLDIERS AND SAILORS.

LONDON, May 20. —
(Via Reuter's Ottawa Agency).—
The inter-allied conference on the
care after the war of disabled sol-
diers and sailors opened to-day in
London with delegates present from
England, Belgium, France, Italy, Por-
tugal, Serbia, United States, Sinn
Canada, Australia, New Zealand,
South Africa and India. John Hodge,
Minister of Pensions, presided.
H.R.H. Duke of Connaught opened
the conference on behalf of His Majesty,
and said they were all united to bring
light on the subject and discuss all
that is new and scientifically possible
to alleviate the suffering of those who
had given their health and blood for

Farewell Dinner at Grand Falls.

The Staff of The Exploits Valley
Royal Stores, Ltd., on Thursday, the
16th inst., tendered a farewell dinner
to Messrs. Cobb, Mercer and Foster,
three of their fellow workers who
were about to leave for St. John's to
take up their training with the Volun-
teers.

The guests of the evening being Mr.
and Mrs. Mercer, Mr. and Mrs. Cobb,
parents of two of the boys, George
George Mercer, father of Colin Mow,
an old and respected fellow employee,
who has been on active service since
February, 1915. Mr. Foster's home
being at Lacie's, his parents could
not be present.

A very entertaining and enjoyable
evening was brought to a close with
the presentation, by Mrs. House, of a
Service Shaving Outfit to each of the
boys, and the singing of Auld Lang
Syne and the National Anthem, the
boys then left to join the train en-
route for St. John's.

The best wishes of all present for their
safe return.

New Governor of New South Wales.

Swearing-In and Welcome—Enthusiastic Scenes.

(Sydney Morning Herald).

A clear, blue sky, with just suf-
ficient breeze to temper the "warm
rays of the sun, made the day a per-
fect one for the swearing-in yester-
day of the new Governor (Sir Walter
Davidson, K.C.M.G.), and the
subsequent public welcome. Aus-
tralians are not a demonstrative peo-
ple, but the warmth of their inner-
most feelings on an occasion such as
this is none the less cordial. His Ex-
cellency and Lady Davidson were en-
thusiastically greeted on all hands
as they drove through the city. They
made their first acquaintance with
the city amidst general expressions
of the goodwill of the people, who
lined the streets in large numbers,
peered through the thousands of
windows of lofty buildings, and
availed themselves of other points of
vantage in order to catch the first
glimpse of His Majesty's new rep-
resentative in this State. The recep-
tion generally must have gratified
both His Excellency and Lady David-
son.

At Government House.

The assemblage at Government
House was a brilliant and represen-
tative one. Embellished on an im-
mense archway of palms and other
foliage erected at the entrance to
Government House was the word
"welcome." The swearing-in took
place in the main hall, which was al-
most uncomfortably crowded. Pres-
ent were all the members of the
Legislatures with their wives; rep-
resentatives of the different churches;
the Judiciary and Bar; the Navy and
Army; the Lord Mayor of Sydney and
the City Aldermen and numerous
citizens.

The Premier (Mr. Holman), intro-
duced to His Excellency Governor
Davidson, the Lord Mayor and Alder-
men, the former afterwards present-
ing an address of welcome to which
His Excellency made suitable and ap-
propriate reply.

Swearing-In.

The Commission appointing His
Excellency was then read, and the
usual oaths of office were administered
by the Chief Justice, His Exce-
llency, with a clearness of enuncia-
tion which impressed the assemblage,
afterwards taking the oath of allegi-
ance. "It suits your style of signa-
ture better than it does mine," ju-
dicially remarked His Excellency to the
Premier, evidently referring to the
pen which was used in signing the
different documents.

After the ceremony came the con-
gratulatory speech of the Premier,
included in which was the official
welcome. Governor Davidson ex-
pressed his thanks in a manner which
aroused the enthusiasm of the vast
gathering. At the conclusion three
cheers were given for the King and
three more for Sir Walter and Lady
Davidson.

Street Procession.

The ceremonials closed with a pro-
cession along Macquarie Street to
College Street into Liverpool Street,
thence into George Street, down
George Street into Martin Place, and
along Pitt and Bridge Streets to
Government House. The first car-
riage drawn by four magnificent bays,
had as its occupants His Excellency
and Lady Davidson, the Premier and
Captain Carmichael; while in the
second carriage were the two daugh-
ters of His Excellency, accompanied
by General Finn and Captain d'Almeida;
the third followed in motor cars. State
Ministers and others, who had at-
tended the swearing-in ceremony.
Headed by a brilliant cavalcade of
mounted police, under Inspector
Peterswald, and of Light Horsemen
from Menangle Camp, under Lieut.
J. Bailey, the latter armed with lan-
ces, the procession made an attrac-
tive spectacle as it swept down the
main Government House road into
Macquarie Street. Acting as a
guard of honour at Government
House were the garrison police, un-
der Lieuts. Anderson, Maney-Lake,
and Patrick, the Headquarters (Liver-
pool) Band, under Warrant Officer
T. Mellor, providing the instrumental
music. Flage and other bunting flew
from many buildings, including the
Town Hall, Government offices, and
business establishments, and His Ex-
cellency and Lady Davidson were
warmly received as they passed
through the crowded streets. A large
number of school children lined
the footpath in College Street, and
were very effusive in their demon-
stration of welcome. Of the whole
party no one, it is safe to say, more
wholeheartedly enjoyed the procession
than the little Misses Davidson.
Here and there their sharp eyes re-
cognised people with whom they had
travelled out to Australia, and they
did not hesitate to wave to them. Al-
together, it was just one of those sun-
ny, hospitable welcomes which the
people gladly pay to distinguished
folk within their gates.

Upon his return to Government
House, His Excellency inspected the
mounted police and military escort,
and warmly congratulated their ef-
ficiency upon the smart turnout. His
Excellency was not slow to notice
the magnificent stamp of Australian
horses paraded before him. The In-

In Perpetuum.

The farm and surroundings owned
by Steer Brothers, situated on the
Long Pond Road, have been recently
purchased by Hon. Sir E. R. Bowring
and Mrs. John S. Munn, and present-
ed to the Managers of the Church of
England Orphanage, as a site for the
erection of a new building to meet
the growing needs of this Institution.
The object of the gift is to perpetuate
the memories of the late John S.
Munn and his little daughter Betty,
both of whom lost their lives in the
great marine disaster of the Florio.
The generosity of the donors has the
hearty approval of all and no more
fitting monument could be erected to
the memory of one who was always
ready to help the needy in the hour
of distress. John Shannon Munn was
universally loved for his sterling abili-
ties and unpretentious charity and at
his death a whole community mourn-
ed. "To live in hearts we leave behind,
is not to die" and the memory of John
S. Munn needs no erection of marble,
or brass to remind us of the goodness
of his life. Still it is fitting that
some permanent memorial be set up to
show to future generations the honor
in which was held, the name of one
who was the soul of kindness, the ex-
emplar of charity and a prince among
men.
