BREAKFAST—EFF'S COCOA — GRATEFUL and COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Bpps has provided our breakfast tables with a delicately favored beverage which may save us many heavy doctor bills.—Givit Service Gazette. Made simply with boiling water or milk. Each packet is labelled "James Epps & Co., Homeopa thic Chemists, London." Also, makers of Epps's Milky Gocoa (Gocoa and Condensed Milk.)

We understand that the whooping-cough is quite prevalent in the towns around us; but that no cases have proved fatal. Some families use nothing but "Johnson's Anoydne Liniment. Our Doctor, however, says a little ipecae, to produce vomiting, would be an advantage.

Doctor, however, says a little ipecae, to produce vomiting, would be an advantage.

There are more than one thousand different kinds of pills in the United States. Some of them are worthless and injurious, others are good and beneficial. Old Dr. Parsons invented the best antibillious pill we ever saw or heard of. They are now sold under the name of "Parsons' Purgative Pills."

"Time tries all Things," and has proved that "Dr. Wistar's Balsam of Wild herry." is the remedy par excellence for the cure of coughs, colds, cromp, whooping-cough, bronchitis, asthma, phthisic, sore throat, and influenza. It cures coughs and colds instanter! It soothes the irritated parts; it heals the inflammation; and even consumption itself yields to its magic influence.

Bronchitis.—Freeport, Digby County, N. S., January, 1868.—Mr. James I. Fellows.—Sir.—In the winter of 1866 I was afflicted with a severe attack of Bronchitis, and although our doctors were very attentive, and used all the means in their power, they failed to afford me much re lief. I obtained your Compound Syrup of Hypophosphites, and took it until it made a permanent cure. I am now in perfect health and free from Bronchitis. Respectfully yours, MENDALL CROCKER.

Les A man, while walking in Atlantic avenue, Brooklyn, on Saturday evening, was jostled by a stranger, and after proceeding a few yards felt his pocket in vain for his watch. He hastened back overtook the thief, and pointing his revolver, sternly demanded, "Give me that watch." The stranger surrendered it without a word and hurried away. On reaching home the gentleman was startled in the middle of his narrative of his desperate encounter with a highwayman by an interruption from his wife: "Why John, you left your watch on the bureau this morning, and I have been wearing it all day."
