LACROSSE

THE LACROSSE ASSOCIATION. A circular has been sent out to all the clubs belonging to the Canadian Lacrosse Association by Secretary Vance to the effect that he believes it will be necessary at the Good Friday meeting to have the constitution and rules rewritten from beginning to end Changes have been made yearly, and these amendments have made a great reason he suggests this course. The rules will be submitted to a representative committee before they go before the convention. All the rules will have to be in the hands of the secretary before April 8 if they are to be considered at the annual meeting.

ALFRED TAYLOR, Manager,

The Only Mechanically Correct Bicycle on Earth.

All mechanics recognize that the enforced contraction of the bearings, at the most vital point of a machine, viz., the crank hanger, must necessarily weaken the whole machine. We have, therefore, placed the pall bearings of Racycle Narrow Tread in the HUBS OF THE CRANKS, and let the chain and sprocket run BETWEEN the bearings, instead of outside them, as is the case with every bicycle in the world. By so doing we lessen the pressure on the bearings over 30 per cent, and save a great amount of exertion in propelling the machine. In order to distinguish out perfect machine from all other bicycles, it was christened the RACYCLE NARROW TREAD, that all might know it by its tread and crank hanger. See it at

Taylor's Hardware 211 Dundas Street.

To drink a leas that is perfection after using ordinary kindosurprises most people and may surprise you.
