VEGETABLES WERE STRONG FEATURE

Offered in Large Quantities, But the Demand Was Not as Brisk as Usual.

OATS ADVANCING

Sales Reported as High as \$1 50, But Some Sold as Low as \$1 32-Other Quotations.

Vegetables were the strongest feature on the market this morning, and they were offered in very large quantitles. The demand however, was not as brisk as usual, due probably to the very large sales of the past few days. Tomatoes were selling at 20 to 25 cents a basket, and had a very _ood sale. Corn was somewhat lower in price, bringing 10 cents a dozen. Potatoes, of which there was a very considerable supply offered, sold at 90 cents to \$1. sacks. Gherkins appeared for the first time this morning, and opened at 20 to 30 per ton; shorts, \$23 to \$24, on track at lower; beev Toronto; Ontario bran, \$22; shorts, \$24, on \$4 to \$5 40; cents a hundred.

The supply of fruit was very large, The supply of fruit was very large, though the smaller fruits are beginning to disappear from the market.

There are still a very few black currants and raspberries, but these are practically done. Thimbleberries were quite plentiful, selling at 9 to 10 cents a box, and dewberries were offered at 10 to 12 cents. Apples are still a great luxury, though there were more of- \$1 58. fered on this morning's market than usuall. They brought 40 cents a basket, and \$1 to \$1.25 by the bushel.

New Oats.

New oats showed a very decided tendency to advance today, one load going as low as \$1 32, but other sales were reported as high as \$1 47 and \$1 50. Old oats remained at the regular figure that has prevailed for the

past few days \$1 55 to \$1 60. Hay again advanced in a very pro hounced degree. Twelve dollars was the lowest price paid, while the better quality sold readily at \$13. There was a comparatively small supply, some dozen loads in all, and the demand was very strong.
